The Management

Of Hartford College and Business Institute has always been very successful in securing the best talent in the Department of Music. The best educated and the most cultured have from time to time ably presided here as teachers of this most important branch of a finished education, and the friends of the College and of Music in this part of the State, will be delighted to know that for the next Scholastic Year, that most excellent teacher, Miss Margaret Nall, will have charge of this Department. Miss Nall has taught for a number of years, and during the summers she spends her time in the best schools of Music, preparing herself the more thoroughly in every branch pertaining to the profession she so much loves and honors. Truly, the College is to be congratulated in the wise selection made.

The following have registered at the Hartford House since Wednesday morning: W. S. Storton, Evansville; G. S. Fitzhugh, Owensboro; John Grant, West Louisville; J. M. Stogner, Centertown; S. K. Beaver Dam Roller Mills.

The attention of the public is specially called to the fact that this Mill has just been completed upon the most modern plan, with all the improved appliances for the manufacture of the FINEST FLOUR and other Mill Products. Positively no money has been spared to make it turn out as fine product as any Mill in the STATE.

It has been thoroughly tested, having been run almost every day since its completion and a portion of the time at night to keep up with its orders. Its product has been sold to the best, most scrutinizing and particular trade of the country, and it is with pride that it can point to testimonials from the best bakers and many of the very best cooks of the county that it makes the best flour they ever used. For the benefit, convenience and protection of the farmer has this Mill been built, and to him will it look for its support.

With proper care Ohio County can produce as good wheat as any, and this Mill intends to see that her farmers get the benefit of any efforts they put forth in this direction. The best products of this Mill shall go upon the farmers table, and if he will favor it with his patronage and his influence satisfaction will be guaranteed to him.

We have now one of the very best and most experienced millers in the Green River Country, but that no pains may be spared to give the farmer the full benefit of his good wheat crop, we have ordered and are expecting every day an expert miller sent by the builders of our Mill to stay with us during the season. We shall ceriainly consider it a great favor if every farmer in the County will call on us within the next 60 days and get a sample of our product and our treatment. We want all the FIRST-CLASS wheat that is for sale in the County and if you have it to spare, load it up, and we will pay the highest market price for it.

☞Mill open every day except Sunday.
