MONDAY, Aug 18—P. M.

The new week opens at the Stock Exchange with market that are strong in figures and with a marked buoyancy. Whatever to-day's stock speculation lacked in volume and in number of operators was fully compensated for by an unusual vivacity. Mr. Vanderbilt's talk with a TRIBUNE reporter was the subject of general discussion, and as the board, as usual on Mondays, did not open till 11 o'clock, the matter of it had been well digested before the beginning of business. Its effects were seen in opening prices that for a majority of the active stocks were from ¼ to ½ per cent above Saturday's closing figures but they were more particularly exhibited in the sharp and rapid advance in the price of Lake Shore which almost immediately followed the opening. From 84¾ (against 84⅛ Saturday night) the price of Lake Shore rapidly advanced to 86⅞ on transactions in only 5,900 shares; it then reacted to 85⅝ on sales of 4,000 shares, and for the remainder of the day the stock was dull at 85¾@86¼, and closed at 85⅞. Central and Hudson rose from 106⅞ to 108, and closed at 107¾ with sales of only 2,500 shares, and Erie from 17⅞ early advanced to 18⅝ and then, after a reaction to 18¼, was quiet with fluctuations not exceeding ¼ per cent, and closed at 18½@18⅝. Union Pacific, which, with sales of 32,200 shares, was first in amount of transactions, opened up ½ per cent at 48⅝ and rose to 49¾. It later ruled at about 48¾, but in the last half hour suddenly advanced to 49⅝, and is exceptional in closing at the best figures of the day. Oregon and Transcontinental with 17,125 shares was third in the amount of transactions. It sold at 17⅛@17⅞@17¾. In St. Paul and Northwestern the business amounted only to about 9,000 each, and their prices fluctuated only ½ and ¾ per cent respectively, and the final figures show a decline of ⅛ for St. Paul and a gain of ¾ for Northwestern. Burlington and Quincy continued to develop strength and sold up to 125⅝@125. In the late dealings Omaha common stock became a favorite and rose to 36⅝@36¾ against 34⅝ the early price. The total transactions of 182,538 shares correctly indicate the general dulness that prevailed, which was more marked in the last than in the early hours; but the market closed strong.

Government bonds were as quiet as usual, but were irregular. Bids for the 3s and 4½s were ⅛ higher, but for the 4s were ⅛ lower. Annexed are the closing quotations:

The business in State bonds was confined to a small sale of Tennessee 6s at 40—an advance of ¾ per cent—but the biddings generally were at full figures. There were no transactions in city bank stocks.

The general bond market presented no new features. Speculative kinds were irregular, and the business in the better classes was of the usual character—small and at only steady figures. Erie second consols rose from 64⅛ to 65¼@65⅝, and West Shore first 5s, after a decline of ½ to 44, rose to and closed at 45⅛. Missouri, Kansas and Texas consols were easier at 103⅞ and Rome, Watertown and Ogdensburg consol 5s were off ¼ at 70¼. Texas and Pacific incomes were ⅛ higher at 40, and Pacific Rio Grande division, were steady between 52@52½ and 51¾@52⅛. Oregon Short Line 6s were up 1¼ at 75¼. Ohio Central firsts advanced 5⅛ per cent from the last previous sales to 60⅛. New-York, Chicago and St. Louis first 6s continue to rule weak and to-day further declined ½ to 96. East Tennessee, Virginia and Georgia school 5s were active at steady figures—59⅝@58⅞@59¼. St. Paul consols sold at 120; firsts of L. & D. division at 119⅞@120 and first Southern Minnesota division at 108⅝@109. Northern debenture 5s were ⅜ higher at 94⅝ and Burlington and Quincy debentures were up ¼ at 94¾. Rock Island 6s sold at 125½@126. Northern Pacific firsts were dull and steady at 103⅜ and New-Orleans Pacific firsts rose 2½ to 56.

The Sub-Treasury to-day lost on balance $366,423, made up by a currency loss of $391,654 less a coin gain of $25,231. The day's operations covered: Receipts, $2,865,248; payments, $3,231,762; currency balance, $13,714,941; coin balance $123,838,488.

The local money market still gives no indication of a change, call loans to-day ruled at 1½@2 per cent. At Chicago the exchange in New-York is down to 40 cents discount.

The Clearing House statement to-day was as follows: Exchanges, $82,861,098; balances, $4,401,719.

The United States Treasury at Washington to-day received $375,000 in National bank notes for redemption. The customs receipts were $530,931 and the internal revenue receipts were $633,745.

The foreign exchanges are still dull and steady at unchanged quotations for business as follows: Bankers' bills, $4 82½ and $4 84½ for long and short sterling respectively; 5.22 and 5.18¾ for francs; 94¾ and 94⅞ for reichsmarks; 39⅞ and 40⅛ for guilders.

In London British consols were steady at 100 11-16 for money and 1-16 higher at 100 13-16 for account. United States 4s are quoted up 5-16 at 123 13-16, and 4½s down 1-16 at 114 11-16. American railways were irregular, but with the exception of Erie showed some advance on Saturday's last figures, and the last quotations show further advances on this morning's early lower prices; but the quotations continue to rule a fraction below the American markets. The Bank of England gained £9,000 bullion on balance. The weekly statement of the Imperial Bank of Germany shows a specie loss of 612,000 marks. At Paris French 3 per cents declined to 77.25, and sight exchange on London ruled at 25.19½ francs to the £.
