LETTERS FROM THE PEOPLE

In All Parts Of The United States.

Enterprise, Ore., Oct. 21, 1912.
Crittenden Record-Press,
Marion, Ky.

Dear Friends:—

I read, with usual interest, the last paper from my old home and was especially pleased with the boast you made of your large potato, raised by A. F. Wolfe, whom I know is a good farmer and must be a good potato raiser if he is a son of my old friend Billy Wolfe.

We are enjoying the best of health and very little sickness here of any kind. Wish all of old neighbors and friends could come here and enjoy this country as I do.

I received a letter from my friend J. H. Crider, informing me that he will be here soon to make this his future home, one good look satisfied him. All of my family is here now except one daughter, still in Oklahoma, and all are doing well and enjoying good health. We expect to elect Wilson for President almost unanimously.

Find enclosed check for which let the good old Press come on. Best regards to all old friends.

CALIFORNIA TAFT LEADER DESPERATE

Virtually Calls on Old-Line Republicans to Support Gov. Wilson.

San Francisco, Cal., Oct. 25.—Senator Edward L. Wolfe, chairman of the Taft Republican minority convention, published here today a statement to Taft Republicans throughout the state in which he warns them that they cannot use "stickers" to place the name of Taft electors on the ballot, and that to write in the names of Taft's electors would do Mr. Taft's candidacy no good.

The statement explained that there are no Taft electors nominated in California because of a decision of the State Supreme Court based upon "technical reasons."

"Even if a small percentage should write in the names of Taft electors," the statement continues, "they would be counted as scattering and do the candidacy of Mr. Taft no good."

"For the first time in the history of this State, the members of the great Republican party of Californina is disfranchised. And it is within the power of Republicans to rebuke the action in no uncertain way on November, 5.
