FRIDAY, Aug. 29—P. M.

The Stock Exchange markets, to-day, developed the same general features that they have for the last few days—extreme dulness or depression. The samples of the day's speculations are: Union Pacific, which with sales of 82,600 shares, or one-fifth of the whole business, declined from 47½ to 45⅝, and recovered to 47½, and closed at 47; St. Paul, which with sales of 63,500 shares declined from 82½ to 81, recovered to 83 and closed at 82½. Western Union, which with sales of 58,200 shares, declined from 64½ to 62, recovered to 63½ and closed at 63¼, and Delaware, Lackawanna and Western, which with sales of 43,600 shares, declined from 109¼ to 107¼ and recovered to 108¾@108¾. Other conspicuous stocks were Lake Shore at 80½@81; 79¾@80½@80¼; Central and Hudson at 105½@103; 104½@103¾, and Northwestern at 99½ (99⅞ last night) 99⅝@100¾@98¾@100¼@99½. The proposed scheme for the reorganization of the Louisville and Nashville Railroad is still guarded with careful secrecy, but we believe it to be an offer to the stockholders to take $5,000,000 of unsecured bonds at par with a bonus of 50 per cent. in preferred 7 per cent stock. This is not official and may not be correct. The stock to-day sold at 32@30⅞@32⅛ against 32¼ yesterday's last price. The general conditions of the market may be summed up in a line: Operators pay more regard to the monetary manipulations than to outside influences. The market closed noisy and weak.

Government bonds were dull, but strong, and the bids for the 3s were ⅛ higher. Annexed are the closing quotations:

State bonds were entirely neglected. Of city bank stocks, North American sold at 100½ and Commerce at 147.

The business done in railway bonds was smaller than it has been on any previous day for several months. Prices generally ruled easy, but in some instances there were recoveries in the speculative kinds, somewhat after the afternoon's rally in the share market. Erie seconds declined ¾ to 60 and then recovered to 61¼ and closed at 61 @61¼. Missouri, Kansas and Texas consols sold at 103@105¼, and the general 6s at 72½ were off 2½ per cent from the last previous sales. Chesapeake and Ohio firsts, series B, declined ½ to 87½ and recovered to 88. East Tennessee, Virginia and Georgia consols were lower at 58¼@58½ and the incomes sold at 18. West Shore and Buffalo first 5s after 41½ were unchanged at 12. Central and Hudson first consols sold at 130@129⅞. Burlington and Quincy debenture 5s declined ¾ to 99¼. Denver, Rio Grande and Western firsts were off 1 per cent at 34. Union Pacific firsts were steady at 110½@110¾. Kansas Pacific consols were easier at 81@81¼, and Oregon Short Line 6s declined ½ to 78½. Texas and Pacific incomes were off ¾ at 39, and firsts, Rio Grande Division, were down from 52¾ to 50¼@51. Fort Worth and Denver firsts sold at 62@60.

The business of the Sub-Treasury for the week ended to-night includes receipts of $6,357,240, and payments of $5,810,437, leaving the gener l balance at $139,004,329, against $138,547,517 August 22, showing an apparent gain of $546,803. But deducting from the payments $1,922,379 for certain items of transfers which only affect the Sub-Treasury's account with the General Treasury, its true gain, as affecting the banks, is $2,469,182. To-day's operations covered: Receipts, $1,053,336; payments, $1,051,474; currency balance, $12,532,982; coin balance, $126,561,358. These figures indicate a material decrease in the banks' holdings of coin and that to-morrow's statement will be made up on declining averages.

The local money market still rules easy at 1½@2 per cent; the last rate to-day was 2 per cent.

The Clearing House statement to-day was as follows: Exchanges, $73,658,392; balances, $3,065,349.

The United States Treasury at Washington to-day received $390,000 in National bank notes for redemption. The customs receipts were $798,700, and the internal revenue receipts were $263,921.

The condition of the foreign exchanges presents no new features. Importers of merchandise are still postponing their remittances. The supply of commercial bills is quickly absorbed, and bankers at present rates are not drawers against future supplies. Quotations are firm for business as follows: Bankers' bills, $4 83¼ and $4 85¼ for long and short sterling respectively; 5.21 and 5.18¾ for francs; 94⅜ and 95⅛ for reichmarks; 39⅞ and 40⅛ for guilders.

In London British consols were stronger and advanced ⅛ and 1-16 respectively to 100 11-16 for both money and account. United States 4s were unchanged at 124, and the 4½s were ⅝ higher at 115⅛. The declines in the quotations for American railways simply followed after yesterday's home markets. Bar silver was 1-16d. lower at 50⅝d. per ounce. At Paris French 3 per cents rose from 78.67½ to 79 francs.

THE PETROLEUM MARKET.

NEW-YORK, Aug. 29.

The speculation at the Petroleum Exchange to-day underwent another shrinkage in volume, and the promise of the buoyant closing yesterday was not fulfilled in the course of prices. At the New-York Exchange the first sales were made at 92½, and at the Mining Board at 92½ cents, against 92 cents last night. A gradual and quiet decline left quotations at 90¾ cents at the close. The room traders are generally "long" of oil, and the "short" interest probably has been partially eliminated from the market. Here most likely can be found the explanation of the half in the upward movement. The monthly report of development work will show something like a discrease of 6,000 barr is in new production per day, and of thirty in the number of wells drilling.

In a circular issued regarding the near starting of stock dealings at the New-York Petroleum Exchange, the president shows that the present membership is 800; the treasury holds $75,251, and the gratuity fund holds $12,025. The amount of gratuity payable families of deceased members is $5,000.

The range of prices and the total dealings were as follows:
