MONDAY, Sept. 1—P. M.

The readers will not be surprised to learn of the sudden revulsion in the stock speculation, which to-day's dealings developed in early transactions, and which was confirmed by the later business. We clearly intimated that the Stock Exchange on Saturday last practically closed for business at about 2 o'clock, and that the later quotation makers could have pld their vacation with no greater ease either at the Battery or at Coney Island than they did in the Stock Exchange. But this morning real business again was resumed, and the apparent efforts to reach higher figures than were ruling Saturday evening met with signal failure after the first one minute's business. Prices quickly dropped from the first figures, and such reactions as did occur during the day were each time from a lower level. To-day it was the rampant "bulls" of Saturday that were liquidating at small losses. To-morrow it may be that the timid "bears" of to-day will help to stiffen prices by their eagerness to cover. Aside from the general causes the market to-day was hurt by an avalanche of quarterly reports of railroads to the New-York State Commissioners that were circulated by the various Wall Street news bureaus. But with the exception of the business of Central and Hudson for the quarter ended June 30, the reports contained nothing that has not before been printed. The abstracts from the company's balance sheet of June 30, they were so mixed up and evidently incorrect that we prefer to wait for certified copies before giving them publicity. The business of the Central and Hudson for the quarter (accepting the news bureau statements) and for the six months ended June 30, 1884, are given below, and they show earnings of a trifle over 4 per cent for the nine months in which 6 per cent has been paid on the stock, and for the last quarter earnings on stock of only $2·100 per cent on the stock. The market opened at about Saturday night's closing prices and immediately fell off ¼@1 per cent. During the day there were numerous reactions, but the tendency of prices was steadily downward and the closing prices mark only small recoveries from the lowest prices, with a weak closing at the recoveries.

Government bonds were extremely dull; there was not a transaction at the Boards, but quotations were unchanged as follows:

State bonds and city bank stocks were entirely neglected and the official quotations for both show wide margins between the views of bidders and holders.

The business in railway bonds was unusually small and confined to a few issues. In fact there was little of a market at easier figures. Erie second consols opened up ¼ at 61 and declined to 60⅛@60⅝, but the total sales amounted only to $122,000. Missouri, Kansas and Texas consols declined from 103⅞ to 103, for twenty bonds and later two bonds sold at 103⅜. New York, Chicago and St. Louis first 6s declined to 1¼ to 93½ and West Shore and Buffalo first 5s were off ¾ to 41¼. East Tennessee, Virginia and Georgia consols were up ½ at 59½. Texas and Pacific first, Rio Grande division, declined ½ to 50½. Atlantic and Pacific firsts were off 1 per cent at 81 and the incomes were off ¾ at 19@19⅛. Northern Pacific firsts were ¼ easier 103¼.

The Sub-Treasury to-day gained in balance $414,604, made up by a coin gain of $507,858, less a currency loss of $93,254. The day's operations covered: Receipts, $1,496,329; payments, $1,081,725; currency balance, $12,643,334; coin balance, $127,453,079.

The local money market develops no change. Call loans ruled at 1½@2 per cent at the Stock Exchange, and closed at 1½ per cent.

The Clearing House statement to-day was as follows: Exchanges, $98,443,350; balances, $3,708,621.

The United States Treasury at Washington to-day received $400,000 in National bank notes for redemption. The customs receipts were $745,479, and the internal revenue receipts were $636,652.

Total	$25,481,065

The above does not include payments made on account of the interest or principal of the public debt of the United States.

The foreign exchanges were dull but strong, at quotations for business as follows: Bankers' bills, 84 83¼ and 84 85¼ for long and short sterling respectively; 5.21 and 5.18¾ for francs; 94⅜ and 95¼ for reichsmarks; 39⅞ and 40⅛ for guilders.

In London British consols were ⅛ higher at 100 13-16 and 100 15-16 respectively for money and account. United States bonds were firm at 124 and 115 respectively for 4 and 4½ per cents. American railways responded to Saturday's late advance in the home markets, but without receipt of to-day's home early quotations (11 o'clock) yielded small fractions from the opening figures. At Paris, French 3s were strong at 78.92½ francs.

The following is the report of the business of the Central and Hudson Railroad Company for the three months ended June 30, as reported by telegraph from Albany: for the six preceding months, and the totals for nine months of its current fiscal year:
