FRIDAY, Sept. 19—P. M.

The stock market again to-day was principally made of fluctuations in low stocks and by a concerted attacksome in the movements of those few stocks. Four stocks—St. Paul (78,300), Northwestern (41,300), Union Pacific (41,300), and Delaware, Lackawanna and Western (40,600) shares—counted up 192,600 shares, Union Pacific and Delaware, Lackawanna and Western were the "bulls" favorites, and the move made in these stocks was strongly backed by the critical tilt of shares that commonly are called the "valuable properties." Delaware and Western, however, took the point from Western Union (after its recording less than one half an eighth fluctuation) since from 77½ to 77½, while Union Pacific (and not disappointing at 48¾@48½ in final sales at 50@49½) showed an advance of only 1 per cent. Northwestern, 56 bid and 58 asked, to 56¾, and its final figure of 56¾ shows a rise of ¾ per cent, and St. Paul after early weakness at 80¼@78½ broke to 78½ and its final figure of 78½ shows a decline of ¾ per cent. The marked "movers" among the bull of these two stocks, but the business done in other stocks was so small that their fluctuations were proportionately less than in the two leading stocks. The announcement that the St. Paul Company had declared the usual 3½ per cent dividend for the six months ended on June 30, payable October 20, and "Chicago" rumors that the Western lines had come to an agreement at their meeting in that city, were important factors in the last hour's dealings, and among the "shorts" was in the last two days there was lively scrambling to cover. The dividend was a foregone conclusion; the Western agreement—if doubtful importance, if true—may or may not be confirmed by this evening's dispatches. New Jersey Central was comparatively dull (6,000 shares), but it fluctuated lively; last evening it closed at 47¾; today it opened at 47½ and afterward sold at 46½@46¾, at 47¾@47½ and finally at 47½. Western Union was neglected (7,167 shares), but after 61¾@61½ and steadiness at about 65, it, the last hour rushed up to 65¾@65½; the business from 65½ to 65¾ inclusive was covered by sales of 2,200 shares. The market closed feverish and irregular.

Government bonds were quiet, with a firmer tone for the long dollars; bids for the 4½s were a fraction higher, but for the 4s were ¼ lower. Annexed are the closing quotations:

State bonds were neglected and the quotations for them reflected no new features. The sales of city bonds were aggregated 55 shares, including Park at 152@150. Pennsylvania stocks were dull and Reading fluctuated in a narrow range and finally sold at 12½ and Morris and Essex at 135. Bank stocks were in fair request and the market was firm at the usual quotations, with some inquiry in the open market for Park. Trust stocks were dull and nominally unchanged. Railroad stocks were dull and generally lower, the decline in Delaware and Hudson being 1¾ and in Lehigh Valley 1¼. The Pacific railroads were dull and Pacific Mail was lower at 32½@32¾. Western Union fell off 1¾ to 85¾. Lead pipes were steady at 19¾@19¾ for Western and 19¾@19¾ for American. Cotton was steady at 10¾@10¾ for middling uplands. Petroleum was dull at 78½@78¾ for crude and 78¾@79 for refined. Tallow was nominally 6¾@7. Wool was dull and prices were nominally unchanged. Pig iron was dull and prices were nominally unchanged. Copper was dull and prices were nominally unchanged. Lumber was dull and prices were nominally unchanged.
