THURSDAY, Sept. 25—6 P. M.

To-day's stock speculation generally was a continuation, a part and parcel, of yesterday's operations. The same agencies were its motive power, and the fluctuations of the two days were as like as two peas, and, as yesterday, the final figures generally show insignificant changes, but a broader range of values. The marked exception to-day is that of Central and Hudson, which closed within ¼ per cent of its lowest figure and 2 per cent lower than last evening. The sales of that stock reached the unusual figure of 32,640 shares, and the character of the selling indicated a disposal of blocks of long stock. The knowledge that to-day there was a meeting of the Central and Hudson directors that lasted over one hour was a disturbing element, because such meetings of over five minutes' duration have not been usual. As was indicated last evening, the Lake Shore Company declared a dividend of 1½ per cent on the stock for the quarter to end September 30. No statement of the quarter's business was given for publication. It has not been customary for the company to make other than semi-annual statements. But in view of the official statement to the State Commissioners for the quarter that ended June 30, which showed net earnings of less than 1 per cent, and of what is known of the character of the business of the current quarter, it is safe to assume that except for the faith of the management of the company in better times to follow the triumph of Republican principles at the November election, it hardly would have ventured to saddle the company with the additional debt which the payment of 1½ per cent dividend new will incur. The stock, as was the case with nearly all stocks, opened up ⅝ per cent at 75¾ and went to 76. It later sold down to 74½, again rose to 76 and closed at 75¾. The old granger stocks—Northwestern and St. Paul, fluctuated nearly 2 per cent and both closed with material advances on last evening's prices, but lower than to-day's best. An inquirer asks if it is true that the earnings of the Northwestern Company are $1,000,000 less since June 1 than they were for the same time of 1883. Yes! THE TRIBUNE's weekly tables of gross earnings are all made up by the calendar year and not by the company's fiscal year, but the gross earnings of the Northwestern Company for the three months and three weeks since June 1 for three years have been as follows: 1882, $7,929,394; 1883, $8,516,752; 1884, $7,118,623. Delaware, Lackawanna and Western was finally held at 108@109½, but there was little real business done in the stock. Union Pacific also was comparatively quiet, but its final price shows an advance of 1⅝ per cent, and Western Union at 63½ shows a gain of 1¼ per cent. As a rule the last grand rally, after 2 o'clock, marked the highest prices of the day, but in the last five minutes there was a break of ¼@¾ per cent, and the market closed feverish and unsettled.

Government bonds were quiet but steady at unchanged quotations, as follows:

	Bid.	Asked.		Bid.	Asked.
U.S. 4½s 1891, reg.	112¾	112¾	U.S. cur. 6s, 1896	129	....

U.S. 4s 1907, coup.	120¾	120¾	U.S. cur 6s, 1899	134	....
U.S. 3 per cents	100¾	100¾	Dist. Col. 3-65s	....	110
U.S. cur. 6s 1895	127	....			

The sale of State bonds included Tennessee 6s at 39½, South Carolina Browns' at 105, and Virginia 6s deferred at 5. Of city bank stocks Union sold at 161.

A fairly well distributed business was done in railway bonds but generally in small amounts—one or two bonds were the extent of the sales of a majority of the issues dealt in. Erie second consols showed more firmness and after 52¼ sold at 52¾@53. Chesapeake and Ohio firsts, series A, were off 1½ at 83½, but the currency 6s were steady at 30. Ohio Southern incomes rose 3 per cent to 23. West Shore and Buffalo first 5s were firm at 107½@41¼. East Tennessee, Virginia and Georgia consols declined from 56 to 55@55½ and the incomes were off ¼ at 15. St. Paul firsts, Southern Minnesota division, were active at 108@107. Northwestern consol sold freely at 133. Burlington and Quincy debentures were up ½ at 95½. Northern Pacific firsts were steady at 103½@103¾, and Oregon Railway and Navigation firsts, were ½ higher at 107.

The Sub-Treasury to-day gained on balance $250,247, made up by a coin gain of $304,191, less a currency loss of $53,934. The day's operations covered: Receipts, $1,510,004; payments, $1,259,747; currency balance, $9,963,036; coin balance $132,341,794.

The local money market ruled easy at 1½@1 per cent, and closed at 1½ per cent.

The Clearing House statement to-day was as follows: Exchanges, $95,076,137; balances, $1,407,394.

The United States Treasury at Washington to-day received $400,000 in National bank notes for redemption. The customs receipts were $480,766, and the internal revenue receipts were $578,646.

There is nothing new in the foreign exchanges; they are dull and about at quotations, for business as follows: Bankers' bills, $4 82¾ and $4 84¾ for long and short sterling respectively; 5 22½ and 5 19¾ for francs; 9¼ and 9⅛ for reichmarks; 39⅞ and 40⅛ for guilders.

The governors of the Bank of England at their regular weekly meeting to-day made no change in the bank's minimum rate of discount, and it remains at 2 per cent. During the week the bank lost £277,000 in bullion, and the proportion of its reserve to its liabilities was reduced from 45 3-16 to 44 13-16, against 47¾ per cent at this date last year. To-day's the Bank gained £8,000 bullion on balance. The weekly statement of the Bank of France shows gains of 1,680,000 francs in gold and 927,000 francs silver. At the London Stock Exchange, British consols were stronger with an advance of ⅛ per cent to 101 3-16 for money and 101¼ for account. United States bonds were ¼ lower at 123 for 4s and 115¾ for 4½s. American railways opened irregularly lower, but in some instances made full recoveries. Central and Hudson was an exception at 99⅞ dividend on, the equivalent of 95 in our market. At Paris French 3 per cents rose to 78.50.

GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS.

NEW-YORK, Sept. 25.

Little progress was made in advancing wheat to-day, if there is a good formidable endeavor to accomplish that end. Afterwards Sept. options for October and November closed unchanged, while in Chicago a loss of ¾ cent was recorded. The market is watched down by people here and of the West. The transactions were small to-day, but the bulls are apparently striving to create a short interest from which they can draw purchases if an advance can be started. Corn here was weak and lower, but more so given that the Chicago bulls have some ground for repeating the September deal to a smaller way on October options. They have, undoubtedly, a good short interest to contend with, which will attack, but the general movement of breadstuffs may modify their power, considering how demoralized the market is in the Northwest. Wheat opened weak, but unchanged at 87⅞ cents for October, and 88⅞ for November options, but December options were lowered at 90⅞. October corn sold as low as 59⅞, and at 59⅞ was 3c cent below last night's quotations. November options closed down 3c cent at 59⅞@59⅞, cents presented no new features, and while cash oats were unchanged, at 31⅞ cents, November was off to 32⅞. The situation of corn was the business of the dealings in produces, and prices were marked up 2¼ cents for and other options at 58 cents and 2 cents for November at 57 cts.

At the four principal seaboard ports the figures were: Wheat, 407,000 bushels; Corn, 195,000; oats, 100,000; total grain, 702,000 bushels; Flour, 19,000 barrels. The receipts at Chicago, Milwaukee, St. Louis and Toledo were: Wheat, 300,542 bushels; corn, 148,270; oats, 275,777; total grain, 724,589 bushels; flour, 11,721 barrels.

THE TRADE IN CHICAGO.

BY TELEGRAPH TO THE TRIBUNE.

CHICAGO, Sept. 25.—Corn was down to-day, and pounded up. Pressure is the whether the decline will continue. Corn for September was going at 70@71 cents this morning, and there was a crowd about the cash corner waiting the lie to the story that the "shorts" had all settled. October corn opened at 60¾, got down to 59⅞ cents, and took again to 60⅞ cents for October. They say Geddes is engineering a little deal in for—week nobody is quite certain who his principal is. He has run October up to 70 cents, and has no trouble in holding it there. The receipts of grain this morning were 93 cars of winter wheat, 114 cars spring wheat, 481 cars corn, 166 cars oats, 51 cars rye, 35 cars barley. Schwartz & Dupee claim to have received a car of new corn from Kansas today that graded high mixed. This from is short, head over ears, both of September and October. New corn that will grade No. 2 or better and can be shipped to Chicago within the next thirty days will be a bonanza for the October shorts. Representatives of receiving houses, however, discount the statement and claim that no corn of contract grade will arrive in Chicago before November.

Above boom September corn went up to 74 cents. The day's receipts were bought in car lots at 68½ to 71 cents, while trade in the September option fluctuated all the way from 70 cents to 70⅞ cents in the afternoon session. Corn closed down ¾ cent at 70⅞@70⅞ cents. Oats were dull and lower, with a good deal of stuff offered. Rye was steady and quiet. Sales only made Mandheling at "Harold," 500 bales Mexican, and 2,500 bags Corn on private terms.

FLOUR AND MEAL.—FLOUR—Market rather more quiet, prices however are without decided change, supply quite at about the current prices so far as the winter wheat grades are concerned, but there is a good deal of stocks, and there is little special inquiry to realize. City Millers have had well up to the prices of production. The trade for export to-day was quite moderate, with bidders, with a fair assortment of stock on hand, only bought to cover urgent wants. Sales, 1,000 barrels of winter wheat, including 2,000 bbls. Ohio, cut last sugar, 17s. 6d.; ANTWERP, steam, 10,000 bush. grain, kept. GLASGOW, steam, 4,000 bush. grain, 5d.; 2,500 barrels cheese, 50s.; 500 bbls. granulated sugar, 15s. 6d.; LONDON, steam, 10 bags manufactured corn, 12s. 6d.; 100 bags cleaned seed, 15s. 6d.; 1,000 bbls. corn meal, 25s. 6d.; HAVRE, steam, 50 bbls. flour, 2f. 50c.; PORTHOLM, CHARTER—NORTH ATLANTIC, lumber, a steamer, with 600,000 cases refined, 24c. UNITED N. 1000 from Philadelphia, a Norwegian bark, chartered to Buenos Ayres, 3,000 bbls. refined, 60c. CAGLIARI, for orders, from Baltimore, an Austrian bark, 600 tons refined, on off. UNITED KINGDOM, from Philadelphia, a British bark, 2,000 bbls. refined, 2c., and a British ship, 4,000 bbls. refined, 2c. ANTWERP, steam, 1,000 bbls. refined, 2c. CHARLOTTE, lumber, a steamer, with Trans-Atlantic orders, from San Francisco, on a British ship, charters not known to arrival, a British bark, with 1,000,000 feet of lumber, from Port Blakely, to Hayre or Antwerp, 30s. NEWCASTLE, from Gloucester, a schooner, with 1,000,000 feet lumber, 30s. HAVANA, from Tampa, a schooner, with 1,000,000 feet lumber, 30s. GRAIN—Wheat opened weak, better for cash bids, and closed quite weak, lower on all accounts, options dropped down to the lowest prices. Early and very Millers bought fair, and a fairly active trade in options. Supply was of overwhelming extent with orders and sales enough to fill off the full trading, as that is only 60,000 bushels, the Millers took 100,000 bush. and 100,000 bush. Duluth was quoted at 1c. to 2c. cent, and 1c. cent, and 1c. cent, and 1
