proposed that he (Miller) should get his fellow-clerks to patronize the firm and they would unite him with each of the clerks as a partner. If there were losses, then the partner should be called on to pay them. If there were gains, the profits should be divided with Miller. Blakslee was introduced to Landers, Simpson, Ruland and O'Brien, clerks in H. B. Claflin & Co.'s employ, and they were induced to invest in grain purchases. Justice Donohue reserved his decision.

BITS OF COURT NEWS.

The injunction obtained by Levi Parsons against Isidor and Simon Wormser, restraining them from selling a large amount of Missouri, Kansas and Texas Railroad bonds and stock, and 197,000 acres of Texas land, held as collateral to secure margins, was dissolved yesterday by Justice Donohue.

Receiver Julian T. Davies was given permission by Justice Donohue yesterday to begin suits to recover certain sums of money from persons unnamed who, the Receiver says, received these sums from the firm of Grant & Ward before the failure of the brokers.

MONDAY, Sept. 29—P. M.

To convey to the average reader—to persons other than eye-witnesses—an idea of the dramatic situations and of the spectacular effects that to-day's dealings in stocks revealed, requires a pen skilled in historic descriptions and romantic fancies. A plain statement of the facts will fail to touch the core of the subject. For instance, to say that the total transactions amounted only to 171,000 shares will convey the impression that the market was dull; but it was not dull. On the contrary, it was intensely interesting, even to disinterested observers. The fluctuations were frequent and wide with a small volume of business, and the alternate changes from stupid apathy to noisy activity were so sudden as to be startling. St. Paul led the business with transactions in 40,600 shares, or nearly one-fourth the whole business. As at 2:15 o'clock it was to sell ex dividend of 3½ per cent, its movements were watched with more than usual interest. Dividend, as it fluctuated between 79⅞ and 80¾ and closed at 80. The first sale ex dividend at 79½ was the equivalent of 80, but it immediately declined to 76, and later rose to 77—the equivalent of 80¾—which marks a final advance for the day of ¼ per cent. Northwestern, with sales of 29,300 shares, bobbed up and down between 90¾ and 91¾, and ended at its highest figure, which is a final gain of 1½ per cent. The "bull" traders in those two stocks are calculating on the fact that because the last railway week in September will end only to-morrow, the reports of the earnings for that week are not due till next Friday, and the possibilities of four days' lack of information are not to be measured in a market so limited as that at the present time. The market generally opened at figures from ⅛ to ½ higher than Saturday's closing prices and the lowest prices of the day, in some instances, were made in the first reaction, but generally after mid-day Union Pacific which records sales of only 21,300 shares, opened up ¼ at 51½ and later sold at 51⅛@53; just the point which early was given out as the figure which it would go to to-day. Delaware, Lackawanna and Western sold up to 110 and closed at 109⅞. Little speculative interest is felt in the stock, and little will be felt till the price touches a figure that floods a block of long stock. Western Union fluctuated between 63⅞ and 64⅞ and closed at 64⅜—a final gain of ⅜ per cent; and that on transactions in only 6,700 shares. The trunk lines were dull and neglected, but they received sufficient attention to make their final prices show gains over Saturday: Central and Hudson 1⅞ and Lake Shore 1⅛ per cent. In the late dealings the Northern Pacifics were conspicuous and made sharp advances. The common shows a final gain of ⅝ per cent and the preferred stock a gain of 2⅛ per cent. At 2:45 o'clock the market was weak and looked as if it would close with lower prices, but in that last fifteen minutes prices were pushed up with vigor and they closed at near to the best of the day.

Government bonds were dull and barely steady at unchanged quotations as follows:

	Bid.	Asked.		Bid.	Asked.
U.S. 4s reg. 1907	112½	112¾	U.S. cur. 6s, 1896	128	....
U.S. 4s coup. 1907	112½	112¾	U.S. cur. 6s, 1897	130	....
U.S. 4½s reg. 1891	109½	109	U.S. cur. 6s, 1898	131	....
U.S. 4½s coup. 1891	109½	109	U.S. cur. 6s, 1899	134	....
U.S. 6s reg. 1881	101	....	U.S. cur. 6s, 1900	137	....
U.S. 6s coup. 1881	101	....	Dist. Col. 3-65s	110	112
U.S. 6s reg. 1885	126	....			

State bonds and city bank stocks were entirely neglected and the quotations for neither developed any new features.

The business in railway bonds was unusually light and generally was marked by a weak tone. Even the speculative kinds were comparatively dull. Erie second consols declined from 55 to 54¼ and closed quoted 54⅜@54½. West Shore and Buffalo first 5s declined from 107½ to 43¾ and closed quoted 43½@43¾. Missouri, Kansas and Texas general 5s sold at 60. Ohio Southern firsts were 1 per cent higher at 81. East Tennessee, Virginia and Georgia consol 5s were up ⅝ at 56 for two bonds and the incomes were ⅛ higher at 15⅛. Lake Shore second consols, sold at 117, and Midland New Jersey firsts at 88. St. Paul consol 7s were off ⅝ at 117⅞. Denver, Rio Grande and Western firsts were 1 per cent lower at 77. Oregon Short Line 6s declined 1 per cent to 77. Texas and Pacific incomes were up 1 per cent at 35, and Northern Pacific firsts were steady at 103½@103⅝.

The Sub-Treasury to-day lost on balance $632,557 made up by losses of $82,632 coin and $549,925 currency. The general balance was further reduced $272,000 by the retirement of that amount of gold certificates. The day's operations covered: Receipts, $1,163,033; payments, $2,067,590; currency balance, $9,507,866; coin balance, $132,126,391.

The local money market reveals some indications of hardening. To-day's rate for call loans ranged from 1 per cent to 3 per cent and closed at 2 per cent.

The Clearing House statement to-day was as follows: Exchanges, $103,695,136; balances, $5,894,706.

The United States Treasury at Washington to-day received $362,000 in National bank notes for redemption. The customs receipts were $782,319, and the internal revenue receipts were $733,015.

The foreign exchanges were weaker on freer offerings of bankers' bills, presumably on account of the Central and Hudson negotiation of $6,500,000 debentures. We revise quotations for business as follows: Bankers' bills, $4 82¼ and $4 84½ for long and short sterling respectively; 5 22½ and 5 20 for francs; 91⅝ and 95⅛ for reichsmarks; 39⅞ and 40⅛ for guilders.

In London British consols were steady at 101 3-16 for money and 101⅜ for account. United States bonds were off ⅛ per cent at 123⅞ for 4s and 115⅞ for 4½s. American securities as usual followed after the home markets, and consequently were higher, but the figures still were below the equivalents of the American markets. Erie closed at 36⅞ late equivalent of 93⅞ against 94½ at 11 o'clock, and Lake Shore at 78 5-16 in London is the equivalent of 77⅞ against 78 1-16 at the figure of 76⅞. The Bank of England lost £70,000 bullion on balance. At Paris French 3 per cents rose from 78 35½c to 78 65½c.

THE PETROLEUM MARKET.

NEW-YORK, Sept. 29.

The timidity of traders to operate in oil certificates until some definite news is received from the Johnson well in Baldridge kept the volume of speculation with in narrow limits to-day. The results of the day's fluctuations were enjoyed by the room "pikers," who went home with their accounts balanced, whether at a loss or a profit. It was early reported that the Johnson well had been opened and was doing handsomely, but no authentic advices to this effect were received. The well is about at the sand, and news of its early performance will probably be on the street to-morrow morning. The recent dullness of the market and the sharp decline it has experienced have probably left little oil in the hands of anyone except him who, believing in the general situation, is amply protected against any further drop short of one-horn of general panic. It may turn out, should the Johnson well open strong, that the event has been fully discounted and provided for; if it should come in small, any strongly exerted power would stampede those who are short of the market. Speculation to-day was unsettled in tone at its best, and prices were irregular at 71⅞@70⅞@72¼ cents, dropping to 70½ again in the last hour and closing weak and uneasy at slight reaction.

The clearances of stocks for last week's transactions at the New York Petroleum Exchange were made to-day without trouble. The interest in this department is growing: the sales to-day amounted to 10,800 shares. The range of prices and the total dealings in certificates were as follows:

	N. Y. Pet.	Cons. Ex.
Opening	71⅞	71⅞
Highest	72⅞	72¼
Lowest	70½	70⅞
Final	71⅛	71⅛
Sales, barrels	3,558,000	6,173,000
Clearances Saturday	5,290,000	11,779,000

Elsewhere the clearances for Saturday were: Oil City, 5,308,000; Bradford, 3,288,000; and Pittsburg, 4,790,000 barrels.

Refined oil is unchanged at 7⅞ cents per gallon in New-York.

GENERAL MARKET REPORT.

NEW-YORK, September 29, 1884.

COFFEE—Spot Rio dull and nominal at 10½c. for Fair Cargo. No Sales. Futures were quoted 5 points lower. The sluggish and more or less depressed state of the spot had a bad effect on options, while a decline in Havre caused the climax. A private cable quoted Rio de Janeiro higher for some grades, but it had no appreciable effect. Sales, 19,250 bags, including sealed for September, 8.35@8.40; November, 8.35@8.45; December, 8.35@8.45; January, 8.40@8.45; February, 8.45@8.50; March, 8.50@8.55; April, 8.50@8.55; May, 8.50@8.75. The trading was to a considerable extent with buying and was well distributed. Mild grades were quiet and shade lower.

COTTON—Spot Cotton was dull and ½c. lower. Sales, 413 bales all for consumption. Delivered on contracts, 200 bales. Receipts at the ports to-day, 21,708 bales, against 26,024 this day last week, and 22,595 last year. Since September 1, 812,270 bales, against 741,241 bales in the same period last season.
