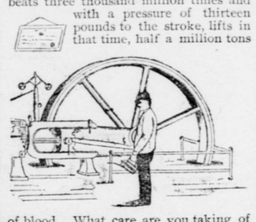
You have been in the power house of some great plant of machinery. Did it occur to you that your body was a more wonderful machine?

In the term of a natural life the heart beats three thousand million times and with a pressure of thirteen pounds to the stroke, lifts in that time, half a million tons



of blood. What care are you taking of this wonderful machine?

Shortness of breath, buzzing in the ears, dizziness, palpitation of the heart, sleeplessness, stomach trouble, indigestion are only some of the evidences that the machinery is undergoing a strain which sooner or later will break it down.

What the lubricant is to the machine of iron, Dr. Pierce's Golden Medical Discovery is to the machine of flesh and blood. It reduces friction to a minimum and keeps the great organs in proper running order. It does this by healing diseases of the stomach and organs of digestion and nutrition, and increasing the flow of pure and healthy blood.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. Use them with the "Discovery" when a pill is required.

Dr. Humphreys'

Specifics cure by acting directly upon the disease, without exciting disorder in any other part of the system.

How is your Wind?

If you are short of breath; if your heart flutters or palpitates; if you have pain in left side or in chest; if your pulse is irregular, or you have choking sensations, weak or hungry spells, fainting or sinking spells, remember, Dr. Miles' New Heart Cure is especially adapted to remove just that class of disorders. It is a heart and blood tonic which strengthens the heart, purifies the blood and gives new life to the weak and weary.

GOOD WATER FROM TREES.

Wells Which Wily Southern Woodsmen Tap With an Auger.

In many sections of the forest lands of the south during the dry seasons a man may walk for miles without finding a stream of water or a spring by which to quench his thirst. If, however, he is an experienced hunter and woodsman, he will not have to drink water from the stagnant pools in order to keep life in his body.

Queer as it may seem, an experienced man can hunt for days through such dry tracts and yet experience no inconvenience on account of the lack of water. Nature has provided a means which is only known to the initiated. Every old huntsman carries with him when going on a long hunt a small auger, by which he can secure a refreshing drink and water to cook with at any moment.

A cottonwood tree or a willow is the well which the wily huntsman taps. He examines each tree until he finds one that has what a woodsman calls a "vein." It is simply an attenuated protuberance. By boring into this "vein" a stream of clear water will flow out. It is not sap, but clear, pure water. The huntsmen say that the water is better than the average to be had from ordinary wells. There is no sweetish taste about it, but it has a strong flavor of sulphur and is slightly carbonated.

The reason for this phenomenon cannot easily be explained, but that a supply of water can be contained in a tree is not so surprising. The fact of its flowing is the wonderful feature, showing that is must be under pressure or, in other words, that there is more at the source of the supply. When it is considered that the trees furnish the water in the dry season and that the ground is literally baked, it is the more remarkable, especially when the roots of the trees do not extend to any great depth into the ground.—Memphis Scimitar.

NEW YORK'S EAST SIDE.

On Festive Occasions It Arrays Itself in Hired Finery.

The east side achieves gentility on great occasions, albeit somewhat unshaven and slipshod between whiles. From its own standpoint it does not spare expense. What it cannot buy it hires. The possibilities of renting the set pieces and habiliments of fashion have been thoroughly exploited east of the Bowery. There is none of that pride of exclusive possession that obtains along thoroughfares farther westward. The swarming population shares its joys and sorrows and garments with impartial hand. Many of the brides whose brief finery startles their old companions on the wedding night hire their gowns and veils.

The most gorgeous and costly creations are obtainable for $5 an evening. The paraphernalia of mourning may be rented for a single occasion. Ball dresses warranted to captivate are for hire in Division street. Chowder parties are equipped throughout for a day on the sound.

There are dozens of establishments that drive a flourishing business loaning dress suits for a consideration. A rigid social etiquette prescribes that the truck driver and small shopkeeper shall on such formal occasions as balls and receptions don the clawhammer, and the downright east sider would rather be out of the world than out of fashion as he understands it. The young men who purchase secondhand the dress suits of business men whom they accost in Broadway and Wall street are the scouts of these luring establishments. Revamped and pressed anew, a dress suit will earn its second cost in two or three evenings. The garb of the floor committee at a typical ball of a social club is evidence enough that the tailors of New York are a cosmopolitan group.—New York Mail and Express.

The Human Birds.

A facetious man who rejoices in the name of Bird conceived the idea of calling a convention of all the people in Philadelphia who belong to his tribe. Of course it was a joke, but a glance through the pages of the directory convinced him that such a gathering would be a big one. He discovered that there were just an even 100 plain Birds, but the variety of those who specified their kinds was appalling. The list, as far as he went, was as follows: Doves, 15; Eagles, 8; Finches, 21; Fowls, 3; Hawks, 30; Jays, 6; Larks, 6; Peacocks, 29; Pigeons, 1; Parrots, 40; Partridges, 30; Sparrowhawks, 7; Sparrows, 7; Wrens, 10; Robins, 15; Nightingales, 9; Flickers, 5; Thrushes, 4; Canaries, 3; Geese, 2, and Turkey, 1. There were two Chippeys, and Philip Ducks upheld the dignity of his branch of the family.—Philadelphia Record.

Denver's Great Chimney.

The tall chimney of the Grant smelter is an object of interest to every visitor of Denver. It is by far the tallest smokestack in the United States and has but two rivals in the world. The following facts will give the reader an adequate idea of the immensity of this chimney: It is 352 feet 4 inches in height. There are 1,943,000 bricks in this immense shaft. Its weight above the foundation is 12,376,500 pounds. Its pressure at the base is 160 pounds to the square inch, and the total wind pressure against it in a gale would be 596,200 pounds. The diameter at the base is 33 feet and at the top 20 feet.—Denver Post.

Setting a Neighbor Right.

"Was that your dog that was howling all night?"

"I guess it was."

"Why in thunder don't you feed him?"

"Heavens, man, it's indigestion that makes him howl!"—Cleveland Plain Dealer.

THERE ARE MORE WRECKS CAUSED BY THE KIDNEYS THAN BY ALL THE DANGERS OF TRAVEL.

KID-NE-OIDS

are the little health savers that keep the kidneys off the rocks of disease.

Any physician will tell you that the vast majority of the diseases and sicknesses that humanity suffers are caused either directly or indirectly by the kidneys. They seem to be that fountain head from which the little stream of disease begins that eventually makes a wreck of the constitution and ends in death.

Disordered Kidneys are first indicated by pains in the back, distress or fullness after eating, scanty or scalding urine, weakness and chills, pains in the loins, nervousness, sleeplessness, loss of vitality, swelling in limbs or body or both, and sediment in the urine.

Kid-ne-oids are little yellow tablets, easy to take, but wonderful in results. They are never sold in less quantities than a box for 50 cents. The first dose often makes you feel better at once. A repetition of the dose will eventually restore health to your kidneys.

Morrow's Liverlax cures constipation, biliousness and costiveness. Sells for 25 cents a box at all drug stores.

Kid-ne-oids and Liverlax, manufactured by JOHN MORROW & CO., CHEMISTS, SPRINGFIELD, OHIO.

Mr. J. T. Friend, 123 West Fulton street, says: "I have been suffering with symptoms of kidney disorder for the past ten years. It commenced with a dull heavy pain in the small of my back which would be attended by a sharp shooting pain in the region of the kidneys extending up the spine and right side. Morrow's Kid-ne-oids were recommended to relieve me, so I secured some and took them according to directions. Since taking them the pain has stopped."

At all drug stores and Redick & Grohman's.
