TUESDAY, July 28—P. M.

Influenced by yesterday's late announcement of the proposed terms for the final control of the West Shore property by the Central and Hudson Company, a buoyant and confident tone marked the opening of business at the Stock Exchange this morning. The first prices almost universally showed more or less of advances upon last evening's figures. Transactions began at 10 o'clock at the fall of the chairman's gavel in a tremendous uproar. Naturally it was Central and Hudson and Lake Shore which attracted the principal attention and toward which the greatest expectations in the way of higher figures pointed. First figures were not disappointing because they were ¾ per cent higher for both stocks than last night; but from the first prices (which proved to be the highest of the day), there was a steady decline of 1¾ and 1⅜ per cent. Two-thirds of the whole day's business in those two stocks was done in the first hour. After that they were dull, but fluctuating, and finally closed ¼ per cent lower than yesterday. The movement of the granger stocks was after the fashion already described; the first figures showed some advance, and were the best of the day; the subsequent declines for Northwestern and St. Paul amounted to 1⅞ and 2 per cent and later fluctuations left them with final losses of ½@⅛ per cent. Missouri Pacific ruled specially weak; it opened ¼ up at 94, sold down to 91 and closed at 91⅝. Manitoba ruled exceptionally strong—it opened ½ higher at 103, sold up to 105 and ended at 104⅝. Central of New-Jersey and Delaware, Lackawanna and Western were strong all the way out, although the Delaware, Lackawanna and Western after the opening declined 1 per cent. There was some funny business done in Manhattan. Until after 12 o'clock there was not a quotation for the stock. After that there was a rapid movement from 95¼ to 98; 98½ was bid for 500 shares without a transaction, then 98 was bid several times for 1,000 shares, but upon a new comer offering to sell 500 at this figure the bidder replied that he was bidding for 1,000 shares and not for any part; the next sale was 100 at 97½, then 100 at 96, and finally 500 at 97. The feature of the last hour was the large dealings in and sharp advances made for Erie and Union Pacific stocks, so that Erie, with a final sale at 15⅝, shows a gain of 1½ per cent, and Union Pacific after 48, at 47¾ shows a gain of ⅞ per cent; in the early dealings Union Pacific declined from 47 to 46. Western Union was fairly active between 64 and 65⅝ and closed at 65⅜—a gain of ⅜. Of course there was a good deal of gossip and an exchanging of opinions of the effect of a juncture between Central and Hudson and West Shore, and there was no end of calculations and figures put forth, from interested sources, to show the benefits to be derived therefrom; rumors of other combinations also were plenty, among them a report that "the Pennsylvania and Erie railroads have made a traffic agreement for three years." But the general market did not close strong.

Government bonds were very quiet and the market was steady at the following quotations:

U. S. 4s reg. 1891	112¾	112¾	U. S. cur. 6s 1896	129¾	....
U. S. 4s coup. 1891	112¾	112¾	U. S. cur. 6s 1897	131¾	....

In State bonds Tennessee compromise issues were in good demand at 54¾ and Alabamas, class A, sold at 92. Of city bank stocks Fourth National sold (9) at 112 and Merchants' Exchange (15) at 82½.

The market for railway bonds was active only in spots, and prices generally were firm, with exceptional sharp advances. The feature of the dealings was Erie second consols; the transactions amounted to $2,600,000 and the figures ranged from 59¾ at the opening to 58⅝@62 and off ⅞ at the close, against 58⅞ last evening. West Shore first 5s opened up 1 per cent at 44¼@44½ and declined to and closed at 43½. Canada Southern first 5s rose 1 per cent to 100 and the seconds advanced from 75¼ to 78. Central of New-Jersey consols were up ⅞ at 103⅞ and the convertibles were up ¾ at 103¼. American Dock and Improvement 5s sold at 82⅝@82½. St Louis and Iron Mountain 5s were off ¼ at 73¾. East Tennessee, Virginia and Georgia consols were 1⅜ higher at 52⅜, and the incomes rose 1⅜ to 14¼; both were unusually active. New-York, Chicago and St. Louis first 6s were only steady at 83. Denver and Rio Grande firsts rose 2½ per cent to 112; the consols were steady at 62½, and Denver, Rio Grande and Western firsts were up 1 per cent at 48. Kansas Pacific consols were easier at 98. Texas and Pacific incomes were 1 per cent higher at 39½. Northern Pacific firsts were firm at 103¾, Oregon Railway and Navigation firsts at 112¾, and Oregon Transcontinental firsts at 75.

The Sub-Treasury to-day received from the banks $5,915,000 in gold coin or certificates and gave in exchange that amount of fractional silver coins or a certificate calling for it. But its to-day's statement makes no mention of any such transaction. It is hardly necessary to remind the department that when it is known that its statements fail to be exact they are not worth the issuance. By the statement the Sub-Treasury to-day gained $1,021,600 on balance, made up by a coin gain of $1,239,193, less a currency loss of $217,593. The day's operations covered: Receipts, $1,935,643; payments, $914,043; currency balance, $22,418,213; coin balance, $160,419,512.

Money worked easy at 1½ per cent at the opening to 1 per cent at the close.

The Clearing House statement to-day was as follows: Exchanges, $84,963,367; balances, $4,930,886.

The United States Treasury at Washington to-day received $515,000 National bank notes for redemption.

The customs receipts were $663,923, and the internal revenue receipts were $141,378.

The foreign exchanges were dull and rates steady at quotations for business as follows: Bankers' bills, $4 85 and $4 86½ for long and short sterling respectively; 5.21¼ and 5.19⅞ for francs; 94½ and 94⅜ for reichsmarks; 39⅞ and 40 for guilders.

In London British consols opened 1-16 lower, but recovered and closed at 99 9-16 for both money and account. United States bonds were ½ lower at 125¾ for 4s and 115⅝ for 4½s. American railways opened higher responsive to yesterday's advance in the home markets, and went still higher after receipt of our to-day's early quotations, but the market was not enthusiastic over yesterday's developments. At Paris French 3 per cents declined to 80.97½.

The Ontario Silver Mining Company has declared its 109th dividend of $75,000 for June, payable at the transfer agency, Messrs. Lounsbery & Co., Mills Building, July 31 inst. Transfers close July 25. Total dividends to date $6,575,000.
