While fighting with his wife in front of his home in West Sixty-fifth-st. yesterday, Miles Buddler fell and broke his leg.

IMPROVEMENT IN THE QUALITY OF MILK.

Dr. Cyrus Edson, with the milk inspectors and a squad of police, watched the ferries yesterday morning and stopped many wagons to examine the contents of milk cans. Not a single can of watered or skimmed milk was found. Dr. Edson said that he was delighted to find the city's milk supply so good.

ARCHDEACON FARRAR'S LAST LECTURE.

A cordial welcome awaits Archdeacon Farrar, who will deliver his last lecture in this country at the Academy of Music on Thursday evening. His subject is "Farewell Thoughts on America." The demand for seats has been so great that 500 seats will be placed on the stage and they will all be occupied.

ANXIOUS TO BE A WEST POINT CADET.

Twenty-four candidates applied for examination for Congressman Merriman's West Point cadet appointment in the XIth Congressional District yesterday. The examination was held in Grammar School No. 32 in West Thirty-fifth-st. Drs. J. C. Morton and E. D. Hudson, jr., conducted the medical examination, in which six candidates were disqualified.

A MEN'S CLASS IN FIRST AID TO THE INJURED.

Richard Cooper, of No. 1,209 Parkway-ave., who was arrested on Wednesday for attempting to pass a fraudulent check for $893 on the Nassau Bank of New-York, was committed for trial by Justice Naeher yesterday. It is generally understood that the Kings County Elevated Railway Company's amended application filed with Mayor Low, for permission to build a road along Fulton-st., from East New-York to Adams-st., will be granted on Tuesday. The condition imposed by the Mayor is that the company will allow the use of its tracks on Fulton-st., below Flatbush-ave., to any company which may build in Flatbush-ave. General Woodford, counsel of the company, said that they would agree to this.

In the matter of the contract between the New-York and Sea Beach Railway Company and William McDowell for services the arbitrator, William H. Booth, on the report of the expert accountant, makes out that Mr. McDowell is entitled to $49,496 19 and not $67,961 54 as claimed by him.

Postmaster McLean has given his report in reply to that of the Postal Commission to the Postmaster-General. It is a long document in which he reviews his entire administration of the Brooklyn Post Office. He charges the Commission with a perversion of facts concerning his office and with improper official conduct.

It is understood that the Hon. Samuel S. Cox, our Minister to Turkey, puts in most of his valuable time mailing marked papers from Constantinople back to the State Department at Washington. Samuel has made himself very solid with the heathen reporters of the Moslem press, and he intends that the Administration shall know how much he is esteemed in his new home on the banks of the Bosphorus. We suspect that Mr. Cox is not the only blue-pencil fiend in the diplomatic service.—[Chicago News.

Announcements.

NEW-YORK, Jan. 3, 1885.

To the Medical Director of the Columbian Institute.

DEAR DOCTOR: I have just seen a young girl, 18 years of age, who has been suffering from the effects of Rheumatism since she was five years old. She has not been able to walk since her first attack, thirteen years ago. She is a bright and intelligent girl, well developed in body and chest, but her limbs are much contracted. I earnestly recommend her to the Columbian Institute for the Cure of Chronic Diseases, as I believe it is the only place in which she can obtain all the advantages required for the efficient and successful treatment of her case. I consider this a desperate case, but I honestly believe you can cure her.
