MONDAY, Nov. 30—P. M.

Adverse influence still continued to hold sway over the speculation at the Stock Exchange to-day. But it was reflected more in an indisposition to enter upon new ventures than in its effect upon prices. The markets were dull and the lack of buoyancy which was apparent to every one encouraged the further additions to "short" sales which were made and which were not closed up at the end of the day. The delay in a decision in the Central and Hudson-West-shore matter was (but should not have been) a disappointment to average operators. It is unreasonable to expect the Judge to render a decision for a number of days; the pleadings in the case are voluminous and probably the Judge has some other cases before him which take precedence. But when the decision is rendered it will be found that it has little or no effect upon the general situation. Whatever may be the decision, the compact between the trunk line railways will move steadily forward to a complete consummation of all the plans which have been formed. The reply of the Baltimore and Ohio Company that it had no interest in the New-York passenger pool, which was brought out by a notice that the pool lines had advanced fares, was magnified into a report that the Baltimore and Ohio had given notice that it withdrew from all pools, and this deviation from the truth was early circulated as a fact. London also came in with weak quotations. These several facts and rumors occasioned a weak opening of the markets at prices materially lower than Saturday's last figures. The forenoon markets were tame and inclined to weakness. After midday prices showed more steadiness, followed by some handsome advances. At about 1:30 o'clock the announcement that to-morrow the Exchange will adjourn at 1:30 p. m. out of respect to the late Vice-President of the United States brought to mind the nonsense which has been widely printed of the danger that might attend the journey of President Cleveland to attend the funeral; and from that moment the market again weakened and continued to decline till near the close. Following the large advances of the last three months, it is perhaps natural that a dull market should be unusually obedient to the whims of sentiment, particularly when would-be "bears" are anxiously watching for a weak spot. Without predicting what the outcome may be it is safe to remark that the operations of the last three days have resulted in the creation of a "short" interest of no mean proportions, and that being the fact, the market reflects an inherent strength which will quickly respond to the development of any favored features. The closing prices generally are lower than on Saturday, but they also are better than to-day's opening sales, and the market closed dull and steady.

Government bonds were dull and firm. Annexed are the closing quotations:

	Bid.	Ask.		Bid.	Ask.

State bonds were quiet and inclined to ease. Louisiana stamped 4s were ½ higher at 75½; North Carolina special taxes were off from 7½ to 7⅛@7⅜, and Virginia 6s deferred were ¼ lower at 10¾. There were no sales of city bank stocks.

Railway bonds were unusually dull and the movements of prices were irregular. Erie second consols declined from 89½ to 88¾, and closed at 88⅞. Missouri, Kansas and Texas seconds were off ¼ at 92¾, but the 5s rose from 79 to 79⅞@79¾. Rochester, Watertown and Ogdensburg incomes declined 2½ per cent to 41. Lehigh and Wilkesbarre consols were off ½ at 107½. Canadian Southern seconds were easier at 84⅞. Ohio Southern firsts were up ⅝ at 100½, but the incomes were off ½ at 41½. East Tennessee, Virginia and Georgia consols declined ½ to 65½, and the incomes sold at 22@22½@22¾, against 23½ Saturday. West Shore firsts were off ⅝ at 45¾. Baltimore and Ohio 5s were ¼ better at 107¼, and Cleveland, Columbus, Cincinnati and Indianapolis general 5s rose 1 per cent to 103. Denver and Rio Grande firsts were strong at 121, the consols steady at 87@87½ and firsts, Denver and Rio Grande Western, were off ¼ at 75¾. Texas Pacific firsts, Rio Grande division, declined ½ to 61¾. Atlantic and Pacific firsts were up ¼ at 83¾@83. Northern Pacific seconds advanced ½ to 91⅞.

The Sub-Treasury to-day gained $1,499,987 on balance, made up by the gains of $657,311 coin and $842,676 currency. To-day's operations covered: Receipts, $2,265,241; payments, $765,254, and resulted in balance of $812,191,023 currency and $172,461,871 coin.

The local money market sympathized with the feverishness of the other markets and rates for call loans ruled from 2½ to 4 per cent, and closed at 3 per cent.

The Clearing House statement was as follows: Exchanges, $144,924,963; balances, $5,331,410.

The United States Treasury at Washington received $395,000 National bank notes for redemption.

The customs receipts were $575,950 and the internal revenue receipts were $688,627.

The foreign exchanges are quiet at unchanged quotations for business as follows: Bankers' bills, $4 83 and $4 85½ for long and short sterling respectively, 5.23⅞ and 5.20¼ for francs; 94¼ and 94½ for reichmarks; 39⅞ and 40 for guilders.

In London, British consols closed unchanged at 100 13-16 for money and up ⅛ at 100 15-16 for account. United States 4½s were quoted ⅛ off at 113⅝. American railways opened lower and generally something under the equivalents of Saturday's home quotations; a later rally was followed by another decline to below the opening figures. The Bank of England lost £146,000 on balance. At Paris, French 3 per cents were down to 79.97½, and sight exchange on London was easier at 25.18½ francs to the £.
