FRIDAY, Aug. 6—P. M.

The stock market to-day was so active that the recorded transactions amounted to 265,148 shares, against 210,148 shares yesterday. But the fluctuations and the final changes of to-day generally are measured by smaller fractions of 1 per cent than were those of yesterday. Of to-day's total more than one-half (133,800 shares) was done in the first hour, and it was during that hour that prices generally ruled at the highest of the day; the second hour recorded 40,700 shares and the last hour 31,500 shares. The London market came buoyant before our opening and that was an aid to the stimulation under which our market seemed to open. So with a great noise our opening figures generally were from ½ to ½ per cent higher than last evening's closing prices. Omaha common stock was a special feature in the day's speculation; it opened up ¼ at 48⅞ and before 10:30 o'clock sold at 49¾, which was the highest price of the day; it closed at 49¼. St. Paul fluctuated only ¼ per cent all day and closed ¼ per cent higher than last evening—sales, 13,000 shares. Northwestern—sales, 11,500 shares—fluctuated ½ per cent and closed ⅜ higher than yesterday. Delaware, Lackawanna and Western fluctuated ½ per cent and closed at its best price. The coal companies are adhering to their new prices with more than usual tenacity, but the result is they are doing but a hand-to-mouth business; the firmness of prices and the prediction of an unusually small output for September, however, are arguments at the Stock Exchange for higher prices for the stocks. Lake Shore, Erie and Central and Hudson were dull but they record final advances of from ¼ for Central and Hudson to ¾ for Erie. All of the reports of the meeting of officials at Chicago were of entire harmony, but nothing was done and Commissioner Blanchard is reported as saying after the meeting adjourned: "The twenty-five cent rate will not, I think, be reduced." Union Pacific was active part of the day and rose from 57⅞ to 59 and closed at 58½, but Pacific Mail after an early advance to 59 closed unchanged at 58⅝. Texas and Pacific was moderately active and showed a final gain of ⅜. The "wild cats" generally attracted more than usual attention and to them partly is due the general appearance of buoyancy which the market had. At the close business was dull and prices were steady.

Government bonds were quiet and steady at unchanged quotations as follows:

	Bid.	Ask.		Bid.	Ask.
U. S. 4½s 1891, reg.	110⅞	110⅞	U. S. cur 6s 1895	124	.....

State bonds were dull: Louisiana consol 4s were up ¼ at 80¼, and Virginia 6s deferred receipts were easy at 12¼. Of city bank stocks, Broadway sold 32½ at 285.

The feature of the railway bond market was the large dealings in the issues of the Southwestern bankrupt companies. Texas and Pacific incomes rose 1¾ to 51¼ and closed at 54, and Rio Grande Division with sales of over $700,000 rose from 66¾ to 70¼ and ended easy at 69. New-Orleans Pacific firsts were active with an advance from 77¾ to 78½⅞. Atlantic and Pacific incomes were active, but only steady at 25. 24¾. Wabash 7s rose 2¼ to 84¾, and general 6s were up 1 at 92¾. Illinois Central issues were active and rose from 98¾ to 100, but closed easy at 99½. Rome, Watertown and Ogdensburg consol 5s were easier at 101⅝. Chesapeake and Ohio series B adjustments reflected the general opinion of the new scheme of adjustment to firm prices; Bs were up to 80 and the incomes rose 1 per cent to 34. The investment absorption of the West Shore guaranteed 4s is on the increase; to-day nearly $300,000 were taken at 103⅝ to 104¾. New-York, Chicago and St. Louis first 6s receipts were off ⅞ at 97½. Ohio Southern incomes rose 3 per cent to 38. East Tennessee, Virginia and Georgia consols were up 1 per cent at 101, and a large business was done in the incomes at 27¾ @ 28. Indiana, Bloomington and Western incomes were off ½ at 30.

Money continues to gain in firmness and to-day's range for call loans was 2½@4 per cent with a closing at 3 per cent.

The business at the Sub-Treasury for the week ending to-night includes receipts of $8,229,078 and payments of $8,478,256, leaving the general balance of $214,146,362, against $214,395,516 July 30, showing at apparent loss of $249,178. But deducting from the payments $1,124,000 and from the receipts $200,000 for certain items of transfers which only affect the sub-Treasury's account with the General Treasury, its true gain as affecting the banks is $874,822. The day's operations covered: Receipts, $857,131; payments, $1,107,223; currency balance, $22,927,305; coin, $4,021,218,964.

The Clearing House statement to-day was as follows: Exchanges, $55,067,149; balances, $4,457,214.

The United States Treasury at Washington received $294,000 National bank notes for retirement.

The customs receipts were $528,074, and the internal revenue receipts $351,936.

The foreign exchanges were dull and rates were reduced. Now they are within about 1½ cent of the possible specie importing point. We revise quotations for business as follows: Bankers' bills, $4 84 and $4 85¼ for long and short sterling respectively, 5.21⅞ and 5.18⅞ for francs, 95⅛ and 95⅜ for reichmarks, 40⅛ and 40⅜ for guilders.

In London British consols were firmer with recoveries of 1-16 and ⅛ per cent respectively to 101 3-16 for money and 101 5-16 for account. The increased difference marks the firmer tone of the money market. United States bonds were steady. American railways opened quiet and steady, but later, responsive to New-York orders, made good advances and closed at about the best figures: Central and Hudson ⅞ up from last evening, Lake Shore 1¼, Erie seconds 1⅝, Union Pacific 1¼, St. Paul ¾, and Missouri, Kansas and Texas ¾ per cent. The Bank of England lost £116,000 bullion on balance. At Paris, French 3 per cents after an advance to 82.50 declined to 82.50, and eight exchange on London was firmer at 25.23½ francs to the £.
