CHINESE WOMEN IN PARIS MODES

Correspondence Associated Press

PAPEETE, Island of Tahiti, Nov. [illegible] The Chinese women of Papeete [illegible] with one accord discarded their national dress of pin cloth pantaloons and tunic and adopted the new European dress of the Tahitian women on the town. This includes the wearing of high heeled French shoes. The result has been the infliction of more torture which the women are enduring with the greatest fortitude. For centuries they have trod in wooden or mother earth barefoot but today they parade the streets on the beach road proud in their new acquisition. As soon as they are out of the public eye off come the shoes and they return to old dragging after the fashion of their ancestors carrying them [illegible]

WAR TIME RULES VANISHING SLOWLY

Correspondence Associated Press

LONDON, Dec. 21—England's war time food restrictions are slowly but gradually disappearing. Early in the new year the sugar ration will be raised to 12 ounces. Lard is now obtainable without coupon, all restrictions are removed from the making and selling of sweet pastries and cakes as well as the restriction on afternoon teas in restaurants and tea shops. Fancy bread is still forbidden but white bread is now supplied to hotels and private houses. Fine white flour is obtainable almost anywhere.

Stocks of food in London are increasing daily. More than 40,000 tons of wheat are under discharge at the docks, meat is arriving by the shiploads, thousands of boxes of oranges, nuts and apples are arriving and more are afloat.

Tea appears to be in greater supply than demand and people are being urged to buy. Sugar stocks in London alone total 20,000 tons in public, and 20,000 tons in private warehouses.

Why Meat Prices Vary in Different Stores

Prime steers	$18.90@20.35
Good to choice steers	17.00@19.85
Common to medium steers	10.75@16.75
Yearlings, fair to fancy	16.00@19.00
Fat cows and heifers	8.25@15.35
Canning cows and heifers	7.25@ 8.25
Bulls, plain to best	6.50@12.50
Poor to fancy calves	6.75@15.75
Western range steers	10.00@18.00

These newspaper quotations represent live cattle prices in Chicago on December 30th, 1918.

The list shows price ranges on nine general classified groups with a spread of $13.85 per cwt.—the lowest at $6.50 and the highest at $20.35.

Why this variation in price?

Because the meat from different animals varies greatly in quality and weight.

Although the **quotations** shown are in nine divisions, **Swift & Company grades cattle into 34 general classes,** and each class into a variety of weights and qualities.

As a result of these differences in cattle prices, (due to differences in weights and meat qualities), there is a range of 15 cents in Swift & Company's selling prices of beef carcasses.

These facts explain:

1—Why retail prices **vary in** different stores.

2—Why it would be **difficult to** regulate prices of cattle or beef.

3—Why it requires **experts to** judge cattle and to sell meat, so as to yield the profit of only a fraction of a cent a pound—a profit too small to affect prices.
