Take Warning!

THE V. & T. R. R. COMPANY ARE anxious to take due precaution against accidents and loss of life resulting from running of their trains; and they take this method of warning Parents and Guardians against the dangers attending the too common practice of Children playing about their Cars and locomotives. Those having in charge the business of the Company find it impossible to PERSUADE boys, who frequent the termini and stopping places of the road from climbing upon the cars and engines, and they will feel themselves obliged to resort to more decided measures if these annoyances are continued. Recent accidents, which are wholly ascribable to the carelessness of persons jumping on and off the cars when in motion, should be warning enough to themselves.

Superintendent.
