MONDAY, Jan. 24—P. M.

Rumors of impending European wars, and the seeming confirmation of the rumors by the disturbed conditions of all the European financial markets, were the principal factor at the New-York Exchange to-day. That together with considerable sales made for European account, which may be "long" or "short" sales, proved too great a burden for the limited market there was; and the home "bears" late in the day added to the natural depression of the early hours by a series of raids on values which were kept up till the close. Our late low figures will be reflected by lower quotations for Americans in to-morrow's London market, and that reflection probably will be used further to depress home values for the purpose of making purchasing easy. It is unusual after a dulness of a month, which followed a liquidation of some wild speculations, to witness such a depression as occurred to-day, at a time when every industry of the country is not only on the march, but making rapid progress toward free employment. But the confidence in security values had been weakened, investments checked and speculation halted, by the deplorable views concerning the effect of the Interstate Commerce bill expressed by some prominent railway officials. Yet we do not learn of any change in plans for proposed extensions of railways even in the sections where it is argued the bill will prove the most disastrous. On the contrary, notwithstanding the views expressed, all the Western railways continue the extensions begun and almost every day project additional ones; and the officials who have the present properties as good as ruined by the bill, exhibit no lack of confidence in being able to sell the issues of bonds on the new roads. The whole market was weak together; good, bad and indifferent stocks shared alike. The notable exceptions for maintaining comparative strength were Columbus, Hocking Valley and Toledo, and Oregon Transcontinental. The sales amounted to 497,234 shares, and the closing was weak, close to the lowest figures. Our general list sufficiently explains the movements.

Government bonds were quiet and firm with the bids for the 4s ⅜ per cent, and the 4½s, ⅛ per cent higher. Annexed are the closing quotations:

In State bonds the feature was the large dealings in Virginia 6s deferred ($450,000) at 15 @ 14½. Tennessee settlement 3s were easy at 78¾. Arkansas 7s, Pine Bluffs, sold at 22, and Missouri 6s, 1887, at 100¾. Of city bank stocks Metropolitan sold 5¼ @ 5¼ and Fourth National (13) at 143. United States (60) at 200, and Commerce (6) at 175.

The market for railway bonds partially sympathized with the weakness of the share market and especially so for issues partly held abroad. Erie second consols with moderate sales declined 2¼ per cent to 96 @ 96⅛. It is openly asserted that London already has received the Erie's report for the month of December and its exhibit is unfavorable; we do not believe either part of the statement. Missouri, Kansas and Texas general 6s declined 2 per cent to 97 and Texas and Pacific issues ruled weak—the incomes of 1 per cent at 61¼, and firsts Rio Grande declined from 72⅝ to 70⅝ @ 71½. Rome, Watertown and Ogdensburg 5s were only ¼ lower at 103, and a fair amount of West Shore 4s were absorbed at 103¼ @ 103. Canada Southern 5s were steady at 106 and seconds were off only ½ at 94½. Pennsylvania 4s sold at 105. New-York, Chicago and St. Louis first receipts were off ¾ at 95½. East Tennessee, Virginia and Georgia gold 5s were strong at 99 @ 98⅞. Columbus, Hocking Valley and Toledo 5s opened up ½ at 86¼ and closed at 85. New-York City and Northern general 6s were down 1⅜ at 66⅝. Ohio Southern incomes sold at 41¾ @ 40. Wabash general 6s were off 1 per cent at 49. Denver and Rio Grande 4s declined 2¼ to 76¾. Oregon Short Line 6s were steady at about 107. Oregon Improvement 6s were off ⅞ at 92½, and Fort Worth and Denver firsts were down 2 per cent to 88¼.

Of unlisted securities dealt in at the Stock Exchange Cotton Seed Oil certificates sold (1,800) at 63 @ 62¾. Chicago and Indiana Coal Railway (100) at 46, Railway and Ohio firsts preferred at 24½ @ 24 and second preferred at 10¾. Lake Erie and Western preferred (1,000) at 62 @ 59, Kingston and Pembroke (2,800) at 39½ @ 37¾. Mexican National preferred (100) at 32, St. Louis, Fort Scott and Wichita (200) at 10 @ 9, St. Louis, Arkansas and Texas (100) at 24 and firsts $9,000) at 100 and seconds ($100,000) at 55⅞ @ 54¾. Mexican National firsts ($92,000) at 40¼ @ 39½, and Phenix Mining (1,700) at $13 25 @ $12 50.

Money ruled easy at 4 per cent, at which rate it closed. The Sub-Treasury was debtor at the Clearing House $695,048.

The Sub-Treasury lost on balance $143,797, made up by a coin loss of $220,318, less a currency gain of $76,521. The days' operations covered: Receipts, $1,377,878; payments, $1,521,675; currency balance, $18,574,824; coin balance, $146,927,000.

The Clearing House statement to-day was as follows: Exchanges, $136,750,775; balances, $5,462,269.

The United States Treasury at Washington received $425,000 National bank notes for redemption.

The customs receipts were $485,455, and the internal revenue receipts $599,987.

The foreign exchanges were more active and firm on a general as well as a security demand. Rates were advanced about 1 cent for sterling. The following are the quotations for business: Bankers' bills, $4 83¾ and $4 87½ for long and short sterling respectively; 5.23 and 5.19¾ for francs; 94½ and 95½ for reichmarks; 39⅞ and 40¼ for guilders.

All of the European financial markets were disturbed by renewed rumors of preparation for war by Germany and France. In London British consols were weak and declined; for money ¼ per cent to 100 7-16 and for account 5-16 to 100½. Money was easier at 3 per cent for discount of bankers' bills in the open market. The Bank of England gained £327,000 bullion on balance. Foreign as well as home securities were affected, and American railways while dull steadily declined to the close and closed weak. At Paris French 3 per cents declined from 81.02½ to 80.20, and sight exchange declined to 25.35 francs to the £.
