MEN WITH GOOD RECORDS.

PRAISES FOR NATIONAL GUARDSMEN.

COMING TOURS OF CAMP DUTY—INSTRUCTING OFFICERS AND MEN.

Captain James Thorne Harper, of Company I, 7th Regiment expresses great satisfaction with the work accomplished by his command during the past season. Its record at Creedmoor is one to be justly proud of. The company ranked third among the companies of the regiment in the number of marksmen, having qualified ninety-two enlisted men against seventy-one, as its previous best record. For the first time in its history, at the regimental inspection last fall this company had 100 per cent of its membership inspected. In armory rifle practice, eighty-eight men have qualified for the "armory button," seventeen more than its previous best record. In attendance at drills the average of enlisted men present was five more than last season, and forty enlisted men have been present at every drill as against thirty-five last year. The commandant says that while he does not think that the company has yet attained the highest excellence as a military organization, he regards with satisfaction and encouragement the steady advance made each year. With 103 men on the rolls, three waiting to be "taken up from dropped," two desiring to re-enlist, and seven recruits awaiting enlistment, together with perfect harmony and enthusiasm in the ranks, this company has every reason to feel encouraged for the future.

Company D, 9th Regiment, First Lieutenant J. D. Walton commanding, will have its annual picnic at Lion Park on Friday, May 25, beginning at 4 p. m. Sergeant George N. Butler is chairman of the Committee of Arrangements.

Orders have been issued by Colonel Emmons Clark, directing that the 7th Regiment practise at Creedmoor by divisions, as follows: Companies A and C, Monday, May 21; Companies B and K, Tuesday, May 22; Companies G and H, Wednesday, May 23; Companies D and F, Thursday, May 24, and Companies E and I, Friday, May 25. Among the prizes to be competed for is the O'Donohue trophy.

Company A, 71st Regiment, Captain Kennedy, will give its closing drill and reception at the armory next Friday evening. The company is in excellent drill and discipline, and is getting many recruits.

The 9th Regiment, Colonel William Seward, jr., is ordered to Creedmoor for first general practise on June 8. The veterans' trophy for having gained the largest number of recruits last year, will be presented to Company A this week.

The average attendance of enlisted men for the drill season, recently closed, of Company I, 7th Regiment, was ninety-one. The following officers and enlisted men compose the company's roll of honor:

Company A, 9th Regiment, will entertain Company A, 1st Regiment of Virginia, Captain C. Gray Rossieux, during the visit of the latter command to this city to take part in the Decoration Day parade. The visitors will arrive on Sunday, May 27.

The 71st Regiment will attend divine service in a body at St. George's Church, in sixteenth-st, this evening. The Rev. Dr. Rainsford, chaplain of the regiment, will preach on this occasion. The men will be in uniform and will be commanded by the Lieutenant Colonel.

Theoretical instruction is imparted to the commissioned officers of the 11th Regiment by Colonel Albert Stewart every Friday evening. Especial attention is paid to the duties of the coming encampment. Company drills will continue until the departure for the State camp.

The first of the new uniformed flank companies of the veterans of the 7th Regiment, armed with rifles and sixty strong, had a drill last Tuesday evening at the armory of the Old Guards, which was placed at their disposal for the purpose.

Arrangements are in progress for a series of lectures on military topics; to be delivered before the 22d Regiment by officers of the regular army. The men are much pleased with Captain Leo's plans for a new armory.

A PROSPEROUS SEASON AT LAKEWOOD.

Lakewood, N. J., May 12.—Although the winter season here closes June 1 the Laurel House and other hotels are still crowded with guests. This has been the most prosperous season ever known in the history of Lakewood. There will be a number of extensive improvements made here before the opening of next season, which it is expected will make it more popular than ever.

The hotel guests and cottagers turned out in force at the musicale given by the pupils of "The Oaks," the girls' boarding-school. The most noticeable features of the programme were the vocal solos "Eclogue" and "Du Bist Mein All," by Miss Alice W. Kimball; the original violin solo by Professor Mollenhauer; "The Bedouin Love Song," by Samuel S. Beard; the instrumental solos by Miss Grace Hutchinson and Miss Anna Schultze, and the piano due by Miss Grace Field Lindley and Miss R. W. Farrington.

Wilson de Meza, the artist, has his full-length picture of a young woman well known in society circles in New-York nearly completed.

D. G. Croly, who has been at the Sanitarium several weeks because of ill-health, is greatly improved.

Benjamin F. Lee, the clerk of the New-Jersey State Supreme Court, was here this week.

Mrs. W. H. Walters and Miss Walters, of St. Louis, are new-comers.

Ex-City Controller Laidlaw, of New-York, is at the Laurel House with Mrs. and Miss Laidlaw.

The register of the Laurel House shows the names of the following new guests:

Daniel H. Martin, F. S. Witherbee, Dr. and Mrs. A. L. Loomis, Mr. and Mrs. E. A. Nichols, Miss Nicholas, Mrs. T. F. Jeremiah, Miss Emily Jeremiah, Charles G. Curtis, Miss Daniels, W. L. Skidmore, Mr. and Mrs. Henry Miller, Charles D. Chapman, Mrs. R. R. Cogdon and L. C. Ledvard, all of New-York; Mr. and Mrs. William G. Talmman, of Brooklyn; Mrs. Marshall Hill, Mrs. L. J. THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

There was a disposition on the part of the scattered traders in crude certificates yesterday morning to cover shorts, and their demand easily carried prices from 86 7-8@86 3-4 cents to 87 5-8 cents. Otherwise there was no decided feature to the speculation or to the news, the Fergus wells yielding about the same amount as on Friday in spite of a torpedoing of No. 8 which stimulated its output. The Cameron well continued to disappoint the bears by showing little oil. After the early spurt caused by the covering of shorts, the crude market fell into dulness and gradually dropped off to 86 1-2 cents under the occasional pounding of traders. The only significance to the speculation was the absence of oil for sale even when quotations dropped. At the end, an order to buy 5,000 barrels at 86 3-4 cents could not be executed, although the bear scalpers were making offers at that figure when they thought no real buyers were about. The last sale is recorded at 86 3-4 cents. The market closed firm with 86 7-8 cents asked.

The range of prices and the total dealings were as follows:

	Stock Exchange.	Consolidated.
Opening	86⅞	86¾
Highest	87⅞	87⅞
Lowest	86¾	86½
Final	86⅞	86⅞
Sales, barrels	212,000	446,000

Refined oil is firm with a stiffening tendency. The quotations now are 7 1-2 cents per gallon, Abel test, for current business.

A REQUISITION SERVED ON McQUAID.

Thomas McQuaid, who has been a prisoner at Police Headquarters for several days, consented yesterday to go home to Webster, Mass., to answer to a charge of participation in the murder of Lillie Hoyle, at that place. A requisition was obtained from Governor Hill, and McQuaid was taken to the District-Attorney's office, where he signed a paper acknowledging that he was the person mentioned in the complaint. He was taken away in the custody of a police officer from Boston, with whom he will return to Webster.

BUT BE SURE YOU GET BENSON'S.

I use Benson's Plasters in preference to all others. It has never failed to give relief whenever applied, and at times almost instantaneous is relief afforded. I have used them in all my athletic engagements and on others under my charge in training. John Hughes travelled 508 miles in six days under my care, and Benson's Plasters were used on him daily, and to them in a great measure is due his success.—William K. Harding (Police Gazette Office). For Lumbago and Sciatica and deep-seated pains in the hips, I find no remedy at all to Benson's Plasters. It strikes deep and its results are permanent.—Fanny Hillman Thalia Theatre.

Headquarters for several days, consented yesterday to go home to Webster, Mass., to answer to a charge of participation in the murder of Lillie Hoyle, at that place. A requisition was obtained from Governor Hill, and McQuaid was taken to the District-Attorney's office, where he signed a paper acknowledging that he was the person mentioned in the complaint. He was taken away in the custody of a police officer from Boston, with whom he will return to Webster.

CHANGES IN THE BANK STATEMENT.

Saturday, May 12—p. m.

By the operations of the Sub-Treasury in the week ended Friday evening the banks lost $1,043,532 cash. To-day's weekly bank statement of averages reports a gain of $5,186,300. This indicates that our estimate of a week ago—that the banks then held $3,000,000 more cash than the amount given in the statement of that date—was too small by nearly $1,000,000 for the actual cash then held. Yet after making this revised estimate, the gain reported to-day reflects larger receipts from the interior during the last week than the estimates of all the experts. Probably to-day's statement of the average cash for the week nearly approximates the actual held at the close of business last evening. There was a contraction in loans (voluntary, of course,) of $1,143,600, which makes the increase—$4,638,800—in deposits about $600,000 greater than the other changes call for. The statement results in a gain to the "surplus" reserve of $4,026,825, leaving it at $22,196,900, against $4,161,450 at date of 1887.

The following compares the totals of statements of May 5 and May 12:

	May 5.	May 12.	Differences.
Loans	$365,018,900	$364,072,000	Dec. $1,143,600
Specie	80,703,300	84,188,100	Inc. $3,484,800
Legal tenders	33,345,000	35,046,500	Inc. 1,701,500
Deposits	383,312,000	388,151,700	Inc. 4,838,300
Circulation	7,303,900	7,300,500	Dec. 3,000

The following shows the relation between the total reserve and the total deposits at the respective dates:

Specie	$80,703,300	$84,188,100	Inc. $3,484,800
Legal tenders	33,345,900	35,046,500	Inc. 1,701,500
Total reserve	$114,048,300	$119,234,600	Inc. $5,186,300
Reserve required against deposits	95,878,225	97,037,700	Inc. 1,159,475
Surplus	$18,170,075	$22,196,900	Inc. $4,026,825

The Clearing House statement to-day was as follows: Exchanges, $105,768,414; balances, $5,222,045. For the week: Exchanges, $630,016,369; balances, $31,351,070.

The stock market in the two hours of to-day's business was dull with a firm undertone. The business amounted only to 67,515 shares. A steady and quiet opening was followed by some depression, and that was succeeded by nearly full recovery and a closing at near the best figures. The market was flooded with Chicago dispatches regarding the condition of the wheat crop. They had "the Mississippi River frozen over at St. Paul" and for the cry of "gold exports," now rendered useless by the natural conditions of the monetary situation supplemented by the large Treasury purchases of United States bonds, the loud cry of "No wheat in the country" was substituted. The ingenuity in starting unfavorable reports never before equalled that now shown. And yet no long stocks are by it brought to market; on the
