SOLDIERS AT WORK.

PREPARING FOR USEFULNESS.

INSPECTIONS PRIOR TO GOING TO CAMP—TROPHIES WON BY MARKSMANSHIP.

The various companies of the 8th Regiment are being thoroughly inspected, and a new fatigue blouse will be given each man. Companies F and H will assemble at the armory to-morrow evening for inspection in State service uniform, fatigue caps, knapsack, with overcoat rolled and blouse inside, haversack and canteens. Companies D and E were inspected last week. Colonel Scott intends that nothing shall be lacking when the regiment goes to camp.

Captain Daniel Appleton, Lieutenants Frank Pawling and Wallace F. Peck, First Sergeant M. B. Stelle, Quartermaster Sergeant E. W. Burnette, and Sergeants James D. Ford, Theodore Babcock, jr., R. A. Powers and F. L. Van Benschoten are among the members of Company F, 7th Regiment, who attended every drill during the last season.

The veterans of the 8th Regiment will unite with the active members in laying the cornerstone of the new armory on a day not far distant. The committee appointed to make arrangements for forming an association of the veterans will not report before next fall.

Company B, 7th Regiment, has an unexcelled record for marksmanship. Besides the score of 249 at 200 yards in the Abeel match, and the best record in the same match, the company has the best record in the "Team of Five" match, 320. There are now in the company room seven bronze trophies and two banners, all won by its members.

SOME HOPE OF AN ARMORY.

There is some prospect that the long neglected 9th Regiment will receive some attention at the hands of the Armory Board, and at no distant day be placed in a new armory. No regiment in the National Guard deserves it more or is more badly housed. Colonel Seward has addressed a long letter to the Mayor, urging by a succession of weighty arguments the matter upon his attention, and Mayor Hewitt has replied, promising to lay the letter before the next meeting of the Armory Board.

Captain J. A. H. Dressel, of Company F, 71st Regiment, will take a leave of absence on July 7. After a brief sojourn in the country he will return in time to command his company on the trip to Richmond and Bull Run.

Among those who have recently joined Company I, 7th Regiment, are John R. Blake, Ira A. Kip, John I. Perkins, William F. Wall and John Hall Watson, jr. The following have earned places on the company teams during the last season: Corporals J. W. Cleveland, E. C. Dennison and Charles E. Warren, and Privates W. A. Dennison, Guy Du Val, A. Hebbard jr., H. V. Keep, R. L. Major, C. F. Muller, L. W. McLeod, C. W. Smith, jr., and I. K. Taylor.

The officers of the Richmond Grays and Commissioner Thomas Brennan have been elected honorary members of Company H, 71st Regiment. The company will meet every Tuesday evening prior to the visit to Virginia to prepare for the trip.

Sergeant Charles Copeland and Corporal C. Shea, of Company C, 71st Regiment, having passed the examining board, have received their warrants.

To-morrow, at 7 a. m., Companies C, F, H, I and K, of the 69th Regiment, will assemble at the armory, and will proceed to Long Island City, taking a special train there at 8 o'clock for Creedmoor. The other companies of the regiment had a successful day's shooting last week.

OFFICERS OF AN ATHLETIC CLUB.

The Association of Athletes of the 7th Regiment has organized by electing the following officers: President, Gerald Schuyler; first vice-president, Harry L. Bloomfield; second vice-president, Robert Mazet; corresponding secretary, Austin E. Pressinger; recording secretary, Charles P. Bostwick; treasurer, Charles L. Jacquelin.

There has been a marked improvement in the 8th Regiment since the question of giving it a new armory was decided in favor of the command, and an excellent spirit manifests itself in the preparations to make a good showing at the State Camp. It is expected that 400 men will go to the camp. The recruits are being rapidly instructed in their duties, and after the week in camp, beginning July 28, will be pretty fair soldiers.

The 11th Regiment will go to the State Camp next Saturday. Colonel Stewart has issued orders directing the men to assemble on that day at the armory at 9 a. m., in State service uniform, with white helmets and white gloves. After a careful inspection the regiment will be marched to the boat and will be in camp by 3 p. m. The company officers have been hard at work for some time preparing their commands for this tour of duty.

There is promise of a glorious outing for the men of Company D, 7th Regiment, next Saturday, when the eighty-third anniversary of the formation of the company will be celebrated. An excursion will be made on a steamboat specially chartered for the occasion up the Sound to Dorlon's Point. The committee which has charge of the affair has made lavish and luxurious provision for the entertainment and refreshment of all who accompany the expedition.

COMMITTED SUICIDE AT A FUNERAL.

Knoxville, Tenn., June 23 (Special).—While S. H. Hall, of Trundles Cross Roads, Sevier County, was going to bury one of his children yesterday afternoon, his twenty-year-old son left the funeral procession, walked a few feet away and blew his brains out with a pistol without a word of warning.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

There was a batch of bearish field news yesterday from the Fergus Washington pool. The new Davis well was early reported to be yielding 150 barrels an hour, and a later dispatch placed the flow at 100 barrels an hour. Another well (the Fergus No. 11), about 300 feet east of the Davis well, started at the rate of 100 barrels an hour, and later the yield was as much as 65 barrels. These two wells are east of the earlier Fergus developments, and confirm the eastward extension of that pool promised by the strike at the Fergus Homestead well about a week ago. On the other hand, an item of encouragement was the fact that on Friday night the Oil City lodge of the associated producers voted to shut down their production entirely. Similar action is expected from the Bradford and other lodges which form the Producers' Protective Association.

The news of the big increase in output at the Washington field yesterday failed to open up a certificate "gusher." Trading was on a small scale, and possessed little significance, but naturally a selling movement was caused by the field news and prices dropped to 72 1-4 cents, or close to the lowest figure of the week made previously. A rally followed, but it was of insignificant dimensions, and last prices were at about the lowest of the day. The market ended steady at the decline.

The range of prices and the total dealings were as follows:

	Stock Exchange.	Consolidated.
Opening	72 7-8	72 7-8
Highest	73	73
Lowest	72 5-8	72 1-4
Final	72 3-4	72 1-2
Sales, barrels	186,000	543,000

Refined oil was steady and unchanged at 7 1-8 cents per gallon, Abel test, at New-York, Philadelphia and Baltimore.

CHANGES IN THE TREASURY STATEMENT.

Saturday, June 23—p. m.

The Sub-Treasury to-day was debtor at the Clearing House $799,881. The business of the Sub-Treasury for the week ended Friday night includes receipts of $16,676,814 and payments of $14,890,122, leaving the general balance at $169,030,792, against $167,250,098 June 15, showing an apparent gain of $1,780,694; but deducting from the payments $1,008,000 and from the receipts $4000,00 for items which only affect the Sub-Treasury's account with the General Treasury, its gain as affecting the banks is $2,478,694. This result includes receipts of $506,427 for gold taken from the Assay Office and of large deposits payable in Philadelphia on account of the Philadelphia and Reading loan, and payments of $3,349,376 for purchased bonds.

As shown above, by the operations of the Sub-Treasury in the week ended last night, which includes gold exports, transfers to Philadelphia on account of the Reading loan and payments for purchased bonds, the banks lost $2,478,694 cash. Our estimate of a week ago left the banks $1,000,000 more cash than the amount reported in the statement of that date. To-day's statement of averages reports a loss of $419,800 cash. This indicates net receipts from the interior, other than by Sub-Treasury operations, of perhaps $1,500,000, and that the total amount stated in the statement approximates very nearly to the actual amount of cash held at the close of business yesterday. An expansion of $2,303,100 in loans increases the deposit line $1,898,000, so that the surplus reserve is reduced $894,300 to $27,569,400, against $3,345,900 at date of 1887 and $14,354,275 at date of 1886.

The following compares the totals of statements of June 16 and June 23:

	June 16.	June 23.	Differences.
Loans	$371,504,400	$373,807,500	Inc. $2,303,100
Specie	91,404,000	91,009,600	Dec. 294,400
Legal-tenders	38,220,400	38,195,000	Dec. 25,400
Deposits	404,642,800	406,540,900	Inc. 1,898,000
Circulation	7,478,900	7,513,500	Inc. 34,600

The following shows the relation between the total reserve and the total deposits at the respective dates:

Specie	$91,404,000	$91,009,600	Dec. $394,400
Legal-tenders	38,220,400	38,195,000	Dec. 25,400
Total reserve	$129,624,400	$129,204,600	Dec. $419,800
Reserve required ag'st deposits	101,160,700	101,635,200	Inc. 474,500
Surplus	$28,463,700	$27,569,400	Dec. $894,300

The Clearing House statement to-day was as follows: Exchanges, $83,972,822; balances $6,191,686. For the week: Exchanges, $536,280,748; balances, $33,159,369.

EFFECT OF HEAT AND POLITICS.

The intense heat and the interest taken in the proceedings of the Chicago Convention were opposed to an active speculation in stocks to-day. The market was firm, with small fluctuations, and closed with insignificant final changes from last evening's prices. Lake Shore, however, again was manipulated down on reports that it and the Pennsylvania Railroad had informed Chicago shippers of a reduction of 10 cents on dressed meats, and the stock closed at 90 3-8 against 90 3-4 last evening. The market generally had only one feature: it was strong in spite of dulness and efforts to depress it by wind.

Government bonds were dull and steady at quotations as follows:

	Bid	Ask		Bid	Ask
U.S. 4½s, 1891, reg.	107	107½	U.S. cur. 6s 1896	121½	122
U.S. 4½s, 1891, coup.	107	107½	U.S. cur. 6s, 1897	127	..
U.S. 4s, 1907, reg.	127	127½	U.S. cur. 6s, 1898	127	..
U.S. 4s, 1907, coup.	128	128½	U.S. cur. 6s, 1899	129½	..
U.S. cur. 6s 1895	119	....	Dist. Col. 3-65s	119	....

Railroad bonds ruled quiet and firm. Erie second 6s sold at 95. Central of New-Jersey new 5s were firm at 106a106 1-8, West Shore 4s sold exinterest at 101 7-8. Missouri, Kansas and Texas general 6s were firm at 62 1-2a62 5-8. We refer to our full detailed sales of bonds.

Of unlisted securities dealt in at the Stock Exchange, Cotton Seed Oil certificates sold (800) at 36a35 3-4, Duluth, South Shore and Atlantic preferred (100) at 26 3-4, Philadelphia and Reading new 4s ($65,000) at 89 1-4 and Mt. Desert Land (3,900) at $3 50a$3 37 1-2.

REPORTS FROM WASHINGTON.

The customs receipts reported at Washington to-day were $705,289 and the internal revenue receipts were $422,694. The United States Treasury received $641,000 National bank notes for redemption and the receipts for the week were as follows:

	1887.	1888.
New-York	$410,600	$1,232,425
Boston	75,300	201,000
Philadelphia	156,500	118,000
Chicago	127,100	186,000
Miscellaneous	547,107	602,377
Total	$1,316,607	$2,339,802

The United States Treasury now holds $178,387,650 United States bonds to secure National bank note circulation as follows:

Currency 6s	$3,181,800
Four and one-half per cents	69,586,800
Four per cents	105,582,350
Three per cents	37,500

Bonds deposited for circulation during the week, $151,000; bonds withdrawn during the week, $537,000. National bank circulation outstanding—currency notes, $253,018,432; gold notes, $202,027, against which is held the sum of $92,416,604 lawful money.

In London British consols were firm at 99 9-16 for both money and account. Bar silver was 1-16d. higher at 42 1-16d. per ounce, English standard. American railways opened and ruled strong to the close. At Paris French 3 per cents were easier at 83.05.

is the most valuable improvement in hose since 1842. Its lasting qualities are from five to eight times greater than any hose not armored. Its complete success has caused unprincipled parties to infringe the patents owned and controlled by us, and we therefore notify all such that "THE MAKING, VENDING OR USE OF ANY ARMORED WIRE-WOUND HOSE NOT OF OUR MANUFACTURE IS AN INFRINGEMENT ON ONE OR MORE OF OUR SEVERAL PATENTS, ANY VIOLATION OF WHICH WILL MEET WITH IMMEDIATE PROSECUTION. BRASS PLATES SET BETWEEN THE HOSE AND WIRE DENOTE OUR MANUFACTURE AND THE PATENTS."
