REVIEW OF THE WEEK—The week ending Saturday proved a most disastrous one to cattle shippers to this market, and their losses run into the tens of thousands of dollars. What at first sight appeared to be a healthy boom in prices, based on an actual short supply of corn-fed cattle, induced feeders to rush into the market a lot of green, grass-fed stockers and trash entirely unfit for beef, and which ought to have been kept back for several months. Instead of a healthy gradual advance which might have been maintained until autumn, prices shot up to such a phenomenal figure as to check consumption and exportation, and the inevitable result was a sudden collapse with results as stated. The decline up to the close of Friday's market as compared with the preceding Friday was fully 60c on best grades and from 75c to $1 on Common stock and trash.

The beef market did not drop in a ratio corresponding to the decline in live cattle, but was bad enough for the selling interest.

European markets were unchanged, with refrigerated beef selling at scant ½@1-2c. and American live cattle at 11 1-2@12 1-2c, estimated dressed weight.

Live Calves ruled firm and a small fraction higher for Good Veals on Wednesday, but Buttermilks fell off 1-4@1-2c, and declined still further on Thursday and Friday, with Veals also lower, and all grades continuing dull to the close.

Sheep and Lambs were in rather liberal supply, but Good Sheep were firm, and all grades improved a little, while Lambs, which were 1-4c higher on Thursday, fell off on Saturday, closing weak.

There was no change in the Hog market, and the few sales reported were at the range of $5 75@$6.

BEEVES—Receipts yesterday and to-day, 170 carloads of 2,996 head—45 cars direct to East Side slaughterers, 36 cars at 60th-st., of which 27 cars were for Mr. Eastman and 9 cars for J. Stern, and 89 cars at Jersey City, all for the market. Trade was slow all the morning, but fairly steady for all grades, and the feeling at the close appeared to be a trifle firmer on Good to Choice Beeves. The yards were not quite cleared. Among the sales were a number of cars of Medium to Fair "Stillers" at $5 10@$5 40, with 42 head Prime, sold at $5 75. Texans ranged from $4 to $4 50; Good Corn-fed Colorados sold at $5 55; Poor Natives at $4 20@$4 40, and Decent to Prime at $4 50@$5 85, while 12 Choice Lancasters brought $6, which was the top figure paid to-day. Bulls, Stags and Oxen sold at $2 60@$4.
