THE SEQUEL TO SATURDAY'S RAID.

Monday, July 30—p. m.

The semi-annual statement of the Norfolk and Western Railroad Company, printed below, shows a surplus over all charges of $348,464—a gain on the six months of 1887 of over 100 per cent. The surplus of the last six months is equal to 1.58 per cent on the company's preferred stock. In the last six months of 1887 the company's surplus amounted to $459,726. Without allowing for any increase for the last six months of this year, the surplus for 1887 will be $808,190 or 3.65 per cent on the preferred stock. But in the three weeks of July, the gross earnings have shown an increase of $58,712 or over 25 per cent.

The sequel to Saturday's raid on stock values was not long delayed. To-day's market opened at higher than Saturday's figures, but immediately following the opening there was renewed pressure to sell phantoms, and in a half-hour or so prices were marked to and below Saturday's figures. Then came a period of dulness, which lasted nearly an hour. By mid-day, however, it was discovered that the raid had frightened no one else into selling, and with the first attempt to make any purchases the real strength of the market was developed and a recovery in prices began and continued to the close leaving figures well up toward the highest of the late advance. The market was somewhat stimulated by confirmatory cable dispatches of the shortage of the English and French wheat crops, but that was only additional to conditions which have been recognized for more than four weeks. So much has been said about a reaction being due that it is interesting to note how the market has reacted several times. The movements of St. Paul since June 12 are a fair sample of the whole market. On June 12 St. Paul sold at 61; its principal fluctuations since then have been as follows: June 14, 63 1-8; June 15, 61 7-8; June 16, 64; June 17, 62 7-8; June 18, 63 7-8; June 20, 62 1-2; June 23, 65 1-4; June 26, 62 3-4; July 7, 66 5-8; July 9, 65 1-2; July 18, 71 1-2; July 20, 69; July 25, 72 1-2; July 26, 71 1-4; July 27, 73 1-4; July 30, 71 1-2 and 73 1-4. Between June 9 at 65 1-2 and June 18 at 71 1-2 there were numerous fluctuations of 1-2a3-4 per cent. All the advances of 7a12 per cent, which are so much talked about to scare people away from the market, have been made the same as that for St. Paul. To-day's loan market reflected Saturday's raid of Chicago and Northwestern stock by a new demand to borrow some 3,500 shares of the stock. It was sold down to 110 1-8 Saturday and to 110 3-4 this morning; it closed at 112 1-2. Other stocks also were in better borrowing demand. The announcement that the United and Commercial cables had signed agreements to advance cable rates to 25 cents a word on September 1 had little or no effect on the price of Western Union stock; it rose only 3-4 per cent from its lowest price. There are well-informed people who are confident that negotiations are pending for the transfer of ownership of a large block of Western Union stock. The market closed strong.

THE DAY IN THE BOND MARKET.

Bonds were offered to the Treasury to-day to the amount of $292,000; 4s at 127 1-4a127 1-2 and 4 1-2s at 107.40a107 1-2. The Secretary accepted $60,000 4 1-2s at 107.40a107 43. In the local market Governments were dull with the quotations as follows:

	Bid	Ask.		Bid.	Ask
U.S. 4½s, 1891, reg.	107⅞	107⅞	U.S. cur. 6s 1896	123	....

U.S. cur. 6s 1895	120	....	Dist. Col. 3-65s	119	....

The business in State bonds was covered by sales of Missouri 6s, 1888, at 100 5-8. Of city bank stocks, American sold (25) at 172 1-2 and Commerce (25) at 168.

The general bond market was quiet with little change in prices. Erie second 6s sold at 98 1-8. New-York, Chicago and St. Louis 4s were firm at 92 1-2. Philadelphia and Reading 4s sold at 88 5-8a88 3-4. Green Bay, Western and St. Paul incomes were firm at 41. Missouri, Kansas and Texas general 6s were easier at 67 and the 5s at 62. Fort Worth and Denver firsts were steady at about 87 7-8. Midland of New-Jersey firsts sold up to 114. Richmond and West Point 6s were active at about 97. Reference is made to our full report of bond sales.

In unlisted securities dealt in at the Stock Exchange, Cotton Seed Oil certificates were more active, and recovered to 39 3-8. Chicago Gas sold (400) at 34 1-2a35, New-York Mutual Telegraph (20) at 97 1-2, Western Union ($12,000) at 96 7-8 and 3-4, and Mount Desert Land (900) at $2 12 1-2 a$2 25.

The local money market developed no change; it was easy at 1a1 1-2 per cent.

The Clearing House statement to-day was as follows: Exchanges, $56,814,464; payments, $3,831,824.

The Sub-Treasury to-day was debtor at the Clearing House $4,095,632. Its net gain on balance on Saturday and to-day was $227,957, made up by gains of $123,194 currency and $104,763 coin. The two days' operations covered: Receipts, $4,021,360; payments, $3,793,403; resulting in a general balance of $194,124,241, consisting of $174,253,577 coin and $19,870,664 currency.

REPORTS FROM WASHINGTON.

The United States Treasurer at Washington received to-day $230,000 National bank notes for redemption.

The customs receipts were $804,769 and the internal revenue receipts were $674,654.

To-day's Washington Treasury statement of cash on hand and deposits in bank compares with the figures of the last previous statement as follows:

Net cash bal'nces	$339,992,347	$339,432,807	Dec. $559,540

The foreign exchanges open weak and rates were reduced without stimulating the demand. We revise quotations for business as follows: Bankers' bills, $4 85 1-2 and $4 87 1-2 for long and short sterling respectively; 5.21 1-4 and 5.18 3-4 for francs; 95 3-8 and 95 3-4 for reichmarks; 40 1-4 and 40 1-2 for guilders.

In London, British consols declined 1-8 to 99 9-16 for both money and account. In the open market money for discount of bankers' bills was firmer at 1 7-8 per cent. The Bank of England gained £36,000 bullion on balance. Bar silver rose to 42 3-16d. per ounce English standard. American railways opened lower and declined, but not to the equivalents of Saturday's home prices, later partially recovered and closed firm. At Paris, French 3 per cents declined to 83.87 1-2.

Outstanding holders of all classes of stock and bonds affected by the plan of reorganization of the Chesapeake and Ohio Railway Company are given final notice to deposit their securities with Drexel, Morgan & Co. on or before August 1, 1888, if they wish to participate in the benefits thereof.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

The speculation in crude oil opened yesterday at Saturday's closing prices, and during the early tradings steadily rose, until at noon an advance of 1 1-8 cents was recorded. This proved to be the highest figure of the day, and from then until the close of the market prices declined, the closing figures being only 1-8 higher than the opening price. The advance was on reports that a new well had been opened in Greene County, Penn., which gave promise of yielding from 100 to 200 barrels per day. Subsequent advices failed to corroborate such a report, and on statements that it was grossly exaggerated, prices were raided. Dispatches from the field reported Fergus and Morganzer No. 4 wells as not yet yielding any oil, although sand had been reached. The market opened and closed steady for 80 1-8 cents. The total dealings at both
