MISSOURI PACIFIC'S GARBLED REPORT.

Thursday, Oct. 18—p. m.

That terrible consternation, spread all over Wall Street, which yesterday was discoverable only by the minute microscope of "The Times," because of a garbled report of the Missouri Pacific Railroad's business for a year ended June 30, 1888, to-day was not discernible with the aid of the most powerful telescope. Probably that newspaper's patrons, who for their own ends crammed its ignorance, knew that the Topeka statement took no account of some $3,000,000 income "from other sources," which will convert a seeming deficit of $1,794,501 into a surplus of $1,200,000 after the payment of 5 per cent dividends. But richness only was reached when in Wall Street it was asserted that Jay Gould was making unfavorable, though truthful reports on his properties, and employing Mr. Cammack to sell his stock, because he could not sell it himself. This was a refinement of satire seldom if ever before reached. One thing may be said in favor of the "bears"—they give effect to their paid-for nonsense; they don't leave their writers in the lurch, if they can help it. So to-day they marked Missouri Pacific off 1 per cent more to 78 7-8, and then purchased what they could up to 79 3-4. So far as the effect of all this tremendous stretch of imagination and work expended on the market was concerned, it was nil. A steady opening for the general market was followed by a slight decline, and then by a steady hardening of values. Union Pacific was the special feature of the day, with sales and trading in 101,000 shares, its price rose from 63 to 65 1-4a 65 1-8. There were no new developments concerning the property to account for the rise from 61 Tuesday morning; and none is needed. It only required an appreciation of conditions long since known to start a good buying. That commenced on Tuesday and was continued up to about 64; beyond that point the "shorts," (" of which there were none") were responsible for the advance. Yet it is noticeable that after selling at 65 1-4 and reacting to 64 5-8, small purchases carried the price at the close to 65 1-8 again. Yesterday's Boston scare failed to materialize to-day, and therefore, after New-York and New-England early was depressed to 49 5-8, it rose to and closed at 50 3-4. Oregon Improvement sold up to 74 3-4 and the preferred to 105 1-2. The company has issued a circular letter, a copy of which may be obtained at the company's office, Mills Building, giving the results of four years' business. The net earnings in the time were $2,199,889 over interest and sinking fund requirements, or an average of nearly 8 per cent on the common stock. But the earnings have been applied to the payment of $1,400,000 floating debt, and the balance, with $794,100 received for an issue of preferred stock, to chargements and improvements, and a gain of $923,668 in quick assets. On July 30, 1888, its cash in bank and loans on demand amounted to $1,148,000. The general market to-day was dull and hard, with small appreciations, but Northern Pacific preferred scored an advance of 1 1-8, and Norfolk and Western preferred one of 1 5-8 per cent. The Richmond and West Points were not strong. The general situation remains unchanged except that the Union Pacific movement has added to the amount of the "shorts" in the general market.

THE DAY IN THE BOND MARKET.

The Treasury purchased $427,000 bonds—probably all 4 1-2s—at 108 1-2. The rejected offers included 4s, $81,500 at 128; $15,000 at 128 3-8, $400,000 at 128 7-8, and $100,000 at 130. The 4 per cents cannot be sold in this market only in a small way at as high as 127 1-4. The local market was dull with nominal quotations as follows:

	Bid.	Ask.		Bid.	Ask.

In State issues the business was covered by small sales of North Carolina special tax receipts at 8. Of city bank stocks, Nassau sold (50) at 157, and Western National (100) at 94.

A fairly well-distributed business was done in railway bonds, and the tone of the market was strong. Erie second 6s were up to 101 1-2. In the Philadelphia and Reading incomes, the firsts and seconds continued strong at 90 and 77 1-4 respectively, while the thirds still seemed to be weak at 65 3-4a65 7-8; the 4s were firm at 88 5-8. Oregon Short Line 6s sold up to 109 1-2. Richmond and West Point 6s rose to 99. Knoxville and Ohio firsts sold up to 101. Missouri, Kansas and Texas issues were firm with small advances. Chesapeake and Ohio certificates for currency 6s were 3-8 higher at 21 3-8. Reference is made to our full reports of bond sales.

Among the unlisted securities dealt in at the Stock Exchange, Chicago Gas to-day stepped to the front and sold (18,000) at 35 3-4a38 1-2a 38 1-4. Cotton Seed Oil certificates were less active than heretofore, and sold (6 700) at 49 1-4a 49 5-8a48 5-8a49 1-8. Georgia Pacific incomes sold ($19,000) at 27, and second 5s ($53,000) at 78, and firsts ($44,000) at 92 3-4a92 5-8. Richmond and Alleghany second receipts ($7,000) at 26, Western Union 5s ($20,000) at 96 3-4a96 1-2, Georgia Pacific (100) at 13 1-2 and Kingston and Pembroke (200) at $2 12 1-2a$2 25.

Money continued easy at 2a2 1-2 per cent.

The Clearing House statement to-day was as follows: Exchanges, $112,452,619; balances, $5,952,336.

The Sub-Treasury to-day was debtor at the Clearing House $1,395,854. Its net loss on balance was $207,911, made up by losses of $57,713 currency and $150,198 coin. The day's operations covered: Receipts, $2 420,069; payments, $2,627,980; resulting in a general balance of $178,878,829, consisting of $163,320,709 coin and $15,558,120 currency.

REPORTS FROM WASHINGTON

The United States Treasurer at Washington received to-day $189,000 National bank notes for redemption.

The customs receipts were $1,017,141, and the internal revenue receipts were $512,195.

To-day's Washington Treasury statement of cash on hand and deposits in bank compares with the figures of the last previous statement as follows:

The foreign exchanges were dull and firm at quotations for business as follows: Bankers' bills, $4 84 and $4 88 for long and short sterling respectively; 5.23 1-8 and 5.19 3-8 for francs; 95 and 95 1-2 for reichmarks; 40 1-4 and 40 for guilders.

The governors of the Bank of England at their weekly meeting to-day made no change in its rate for discount, and it remains at 5 per cent. During the week the bank gained £203,000 bullion, and the proportion of its reserves to its liabilities was raised from 34.26 to 36.02 per cent, against an advance from 41.59 to 43.87 per cent in the same week of last year, when its rate for discount was 4 per cent. The weekly statement of the Bank of France shows a loss of 13,850,000 francs gold and a gain of 4,800,000 francs silver. The weekly statement of the Imperial Bank of Germany shows a specie loss of 6,480,000 marks. At the London Stock Exchange British consols were higher, and closed at 97 7-16 and 97 1-2 respectively for money and account. Money was easy at 2 1-2 per cent between bankers, and the open market rate for discounts was 3 5-8 per cent. American railways at the opening met yesterday's decline in the home market, but closed, with recoveries, strong. At Paris French 3 per cents rose to 82.55a82.52 1-2, and sight exchange on London was easy at 25.34 1-2 francs to the £.

Treasurer S. L. Lang, of the Lehigh and Wilkesbarre Coal Company, announces that there will be paid at the company's office, No. 119 Liberty-st., on and after November 1, seventy-one drawn sterling mortgage bonds for 200 pounds each, with the matured coupon, and that on that date interest thereon will cease.
