GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS.

Insignificant fluctuations and insignificant transactions were the only features of the grain markets on Saturday. A fair milling demand was felt in cash wheat, but there was no inquiry from exporters. In the options stagnation was so nearly approached that the record of trading was less than 500,000 bushels. Prices closed without tone of importance, off 1-8 for December at $1 04 1-2, up 1-8 for January at $1 05 5-8, and unchanged for February at $1 07 1-8, March at $1 08 5-8, and May at $1 11 1-4. Receipts of corn were lighter and spot lots were held 3-8@5-8 cent higher, shippers taking 72,000 bushels. The options, while quiet, were strong, with the near-by months the most acutely affected. December closed up 3-4 at 47 3-8, January up 1-2 at 47 1-8, February up 3-8 at 47 1-8, and May up 1-4 cent at 46 3-4 cents. Oats ruled firm, and for some of the options a trifling gain was scored, last prices being as follows: December, 31 1-4; January, 32 1-4; February, 33; May, 34 5-8 cents. There were sales of 500 tierces of spot lard, but the options were weaker, closing at losses of 15@20 points, at $8 45 for December, $8 32 for the next three options, and down 8 for April at $8 36, and 7 for May and June at $8 38.

The receipts of grain and flour at New-York, Philadelphia and Boston were as follows: Wheat, 52,322 bushels; corn, 171,360 bushels; oats, 102,297 bushels; total grain, 325,979 bushels; flour, 37,466 packages. At Chicago, Milwaukee and St. Louis the arrivals were: Wheat, 73,495 bushels; corn, 399,057 bushels; oats, 207,180 bushels; total grain, 679,732 bushels; flour, 15,563 barrels.

Country Property For Sale

AN UNUSUAL REAL ESTATE OPPORTUNITY.—The removal of the Shaker family from upper Shaker Village, South Poland, Maine, throws upon the market one of the most desirable estates in New-England, and one which for sightliness, pure air and water cannot be surpassed.—Boston Journal.
THE PROPERTY known as the upper SHAKER VILLAGE, at SOUTH POLAND, MAINE, is offered for sale, situated 1 mile from and in full view of the celebrated POLAND SPRING HOUSE. There are 150 acres of cultivated land, 150 acres of heavy wood and timber, mostly all hard woods, and 200 acres of wood and pasture lands, all in one body, comprising in all some 500 acres—one mile square. The buildings consist of a large, modern, 3-story granite house, lately completed at a cost of something like $25,000, 4 large frame houses, 4 very large barns, shops, tool-houses, ice-house, &c.; all buildings in an extra fine condition; large orchards of finely grafted fruits.
The village is located on one of the most sightly, pleasant and healthy elevations in the State, being over 1,000 feet above sea level, commanding a lovely panorama from the mountains all around to the sea, and for a summer resort no more desirable locality can be found in the State; but what we consider a very important factor in its great value is a never-failing SPRING of PURE WATER near the building, which issues from a LEDGE, same as the POLAND SPRINGS, and a thorough analysis shows the water to be substantially the same as the famous POLAND MINERAL WATER. The price of this property will be made low and will be sold on very easy terms.
As late as 1876 the property of Hiram Ricker & Sons consisted of a farm worth perhaps $10,000 or $12,000, and the spring and the old mansion house, in which about 25 boarders could be accommodated. The sale of the water from the spring in 1879 gave a profit of some $1,250; in 1876 it had perhaps reached a net income of $2,000. In 1888, just ten years later, the arm had been much improved; hotel proper is erected at a cost of $200,000, sufficient to accommodate 500 boarders, but not near large enough to accommodate the crowds which would be glad to come. The sale of the water has so increased as to give a net income on the water alone of at least $25,000, so that in ten years it will be seen that the income from the spring has increased more than tenfold, and the income from the boarders more than twenty-fold. Ten years ago the property could have been sold for $50,000, while today it could not be bought for $700,000; and bear in mind that no capital has been added except what has earned.
The Shaker Hill property at South Poland offered for sale is in every respect more valuable than the Ricker property was ten years ago, and the SHAKER SPRING WATER is proving to be better than the famous Poland Spring. The farm is larger, and the land being so elevated, the views in every direction are unsurpassed, and the amount of land suitable for hotel and cottage sites is almost unlimited. The buildings on the Shaker estate are far more valuable and costly than were those on the Ricker estate ten years ago, and can be readily utilized to advantage.
In short, with capital and skill, this Shaker property can easily be made to exceed the value of the Ricker property as existing to-day, and the opportunity for a profitable and permanent investment can hardly be excelled. Another very important consideration in favor of this locality as a summer resort is that the season commences nearly a month earlier and continues a month later than on the sea coast or at the mountains.
I have statistics and a full analysis of the virtues of the two waters of the POLAND SPRING and the SHAKER CRYSTAL SPRING. I will furnish full particulars at a personal interview or by letter.
