all day at 6 per cent with exceptional small loans at 7 per cent. At 2:30 o'clock the business of the day seemed to have been done, and lenders generally had entered under the impression that there was no further demand. But after that hour one of the conspicuous firms representing the short interest in stocks suddenly appeared as a borrower of $400,000 and energetically bid 5, 6 and 7 per cent, and was just on the point of bidding 8 per cent, when one of the shylocks of the Street met the bid at 7 per cent. After that there were loans of small amounts at 6 per cent and 5 per cent, with an abundant supply at the close down to 3 per cent.

The Clearing House statement to-day was as follows: Exchanges, $138,890,712; balances, $5,392,160.

The Sub-Treasury to-day was debtor to the Clearing House $849,551. Its net loss on balance was $2,619,811, made up by losses of $47,912 currency and $2,571,899 coin. But it is probable that the day's loss is due more to transactions between the Sub-Treasury and the Washington general Treasury than to any change affecting the local money market. The day's operations covered: Receipts, $2,141,905; payments, $4,766,716; resulting in a general balance of $181,896,184, consisting of $172,447,774 coin and $8,748,410 currency.

The foreign exchanges were quiet, and only steady at quotations for actual business as follows: Bankers' bills at $4 80 1-2 and $4 84 7-8 for long and short sterling respectively; French francs at 5.28 1-8 and 5.20 5-8; reichmarks at 94 1-4 and 95 1-4, and guilders at 40 and 40 1-8.

The governors of the Bank of England at their weekly meeting to-day made no change in its minimum rate for discount, and it remains at 5 per cent. During the week the bank lost 210,000 pounds sterling bullion, and the proportion of its reserve to its liabilities was reduced from 41.41 to 40.94 per cent, against an advance from 38.40 to 39.93 per cent in the same week of last year, when its rate for discount was 5 per cent. The weekly statement of the Bank of France shows a loss of 2,150,000 francs gold and a loss of 8,475,000 francs silver. At the London Stock Exchange British consols were easier at 97 and 97 1-8 respectively for money and account. In the open market money ruled at 3 1-4 for bankers' balances. Bar silver was firm at 44d. per ounce. American railways were neglected, and yet firm. At Paris French 3 per cents, after selling down to 87.65, recovered to 87.77 1-2.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

A decline in the activity of trading at the Consolidated Exchange was coincident yesterday with a slight gain in the dealings at the Stock Exchange. Prices were disposed to droop all day, but the extreme loss from the best figure was only 1 cent, and there was no significant selling. The report of the opening of a new well at Shannopin could not be held responsible for the heaviness, for its flow was placed at only 400 barrels a day—an insignificant factor in the current of production. The report of the failure of a small bank in Pittsburg was used as "talk" by some of the room traders, but it was not seriously regarded as having any important bearing on the position of oil. The halt in the speculation is natural after the recent animation around $1 10@$1 12, and it will probably encourage new ventures for the short account without interrupting the slow absorption of certificates by investors. The market closed at the lowest points, but not weak at the figures.

The range of prices and the total dealings were as follows:

	Stock Exchange.	Consolidated.
Opening	$1 09 3-4	$7 10
Highest	1 09 7-8	1 10 1-8
Lowest	1 09	1 09 1-8
Final	1 09	1 09 1-8
Sales, barrels	171,000	275,000

Refined oil was unchanged at 7.45 cents per gallon at all ports.

GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS.

The wheat markets yesterday ruled bullish in tone. Cash lots were a shade better and exporters were freer buyers, taking 72,000 bushels, while 40,000 bushels were bought for milling purposes. Only 1,600,000 bushels changed hands in the option line, but the renewed export inquiry, together with steady cables and a little foreign buying, helped prices up. The fluctuations were small, December opening at 84 5-8@84 3-4 and May at 90 1-8 cents, yielding 1-8 cent on realizing sales. Then a recovery followed to 84 15-16 and 90 5-16 cents and the market closed firm at net gains of 1-8@1-4 cent. On the curb December sold at 84 3-4@84 7-8 and May at 90 1-8 cents.

Corn on the spot was 1-4 cent higher and active. Shippers took 184,000 bushels for export. The cable advices were stronger, but the speculation lagged and for the late months a loss of 1-8 cent was recorded.

Oats were improved all around. There were no export purchases, but freight room was taken for 20,000 bushels. The options were animated, the dealings amounting to 900,000 bushels, and prices gained net 1-4 cent.

Lard for November delivery was weak but the later months were a trifle higher.

The final quotations were as follows:

Wheat—November, 84 1-2; December, 84 7-8; January, 86; May, 90 1-8; June, 89 7-8 cents.

Corn—November, 42; December, 42 1-4; January, 41 7-8; May, 41 7-8 cents.

Oats—November, 28 1-2; December, 28 1-4; January, 28 1-4; February, 28 1-4; May, 28 5-8 cents.

Lard—November, $6 50; December, $6 39; January, $6 39; February, $6 41; March, $6 45.

The receipts of grain and flour reported yesterday at New-York, Philadelphia, Baltimore and Boston were as follows: Wheat, 60,365 bushels; corn, 106,362 bushels; oats, 62,497 bushels; total grain, 229,224 bushels; flour, 71,730 packages. At Chicago, Milwaukee and St. Louis the arrivals were: Wheat, 172,663 bushels; corn, 412,577 bushels; oats, 142,454 bushels; total grain, 727,694 bushels; flour, 29,750 barrels.
