Options—There was a decidedly stronger market in this line to-day, and the speculation was more active, attended with fever buying by foreign centers. Local "shorts" also bought moderately. A rise of 3@4 points at Liverpool served as the chief "bull" factor. The opening was at 3 points advance, from which there was a steady gain, this crop running up fully 12@14 points and next crop months 6@10 points, closing steady at about the top. Sales, 49,900 bales.
