THE BANK STATEMENT.

Saturday, Aug. 9—p. m.

By the operations of the New-York Sub-Treasury in the week ended last evening, which included the receipt of $2,835,000 for exchange on other Sub-Treasuries and $2,000,000 for gold bars taken for export from the Assay Office, and the payment of $1,479,927 for purchased bonds, the New-York banks lost $5,354,184 cash. Today's bank statement of the week's averages reports a cash loss of $9,676,200. Following our estimate of a week ago, that the banks then held $4,000,000 less cash than the average sum reported for that week, to-day's statement indicates an interior movement of cash other than through the Sub-Treasury of about $2,000,000 in favor of the banks, and that the banks at the close of business yesterday held something like $1,000,000 more cash than the average of the week. The loans were expanded $4,578,600. The decrease of $8,010,900 in the deposits is a decline that is $2,913,300 greater than the other changes call for. The statement results in a loss of $7,673,550 to the surplus reserve, and leaves it at $1,286,000, against $6,793,125 August 10, 1889; $24,106,825 August 11, 1888, and $4,733,625 August 13, 1887.

The following are the comparative statements of August 2 and August 9:

	August 2.	August 9.	Differences.

THE STOCK MARKET.

We are saved! That was the joyful cry that went up from a majority of professionals at the Stock Exchange on reading in the morning papers that the New-York Central Railroad was tied up by, as yet, an insignificant strike. Added to that came a bank statement with results almost exactly like what the well-known movements of the week had foreshadowed. But it was said to be a great surprise! Then, a reported white frost at some unknown locality in the broad Northwest, destroyed the whole spring wheat crop—that which is harvested as well as that still standing. It was a good deal of bad, not to say harrowing, news to arrive in two hours of business. "National calamities" filled the air. Any stocks with which the name of Vanderbilt is connected—New-York Central, Lake Shore, Big Four, and even Northwestern—were special objects of attack. Well, it was a discouraging sort of a market, and yet such declines as were marked were accomplished only by much labor, and brought no material following. There was no panic, nor any approach to any. Such liquidation of long accounts as there was was confined to board-room traders. The world has not yet come to an end and for some little time yet there will be chances to buy and sell at the Stock Exchange. The market closed steady at small reactions from the lowest figures.

THE BOND MARKET.

Government bonds were quiet with quotations steady as follows:

	Bid.	Ask.		Bid.	Ask.
U S 4s, 1891, reg	102⅞	....	U S cur 6s, 1896	115	....
U S 4s, 1891, cou	103¼	....	U S cur 6s, 1897	117⅞	....

State issues were entirely neglected. Of city bank stocks only Leather Manufacturers' sold (25 at 253.

The general bond market was fairly active for a Saturday, and was undisturbed by the depression in the share market. Erie second 5s were unusually active at 102a103. Philadelphia and Reading issues were easy, and Atchison 4s steady at 84 1-2a84 5-8, and the income 5s were off to 63 3-4. Reference is made to our full report of bond sales.

Money was nominal at 5a5 1-2 per cent.

The Sub-Treasury was the debtor at the Clearing House $559,431.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

The increased interest in the crude oil speculation was demonstrated by yesterday's dealings. The record of transactions reached larger figures for a Saturday half-holiday than has often been seen for a full day in many weeks. There was a tendency on the part of the light buyers to take profits on recent purchases for fear of trouble growing out of the monetary situation, and the unquiet fired by the labor troubles on the New-York Central. In spite of this temporary pressure, prices held firm, and the final fluctuations were up to the opening figures. The same scarcity of oil existed as we have noted for some days. A bullish National Transit statement was issued, but it is yet to be appreciated by speculation. The market closed firm.

The range of prices and the total dealings were as follows:

	Stock Exchange.	Consolidated.
Opening	92	92⅞
Highest	92½	93⅛
Lowest	91⅞	92⅛
Final	92	92¼
Sales, barrels	72,000	138,000

Refined oil strong and unchanged at 7.30 cents per gallon in barrels, and 9.20 cents in cases.

Foreign quotations—Antwerp, 16½d (17⅛ francs); Bremen, 6.70 marks; London, 5s 6-16 5-16 pence.

Notice to Holders of HOUSTON AND TEXAS CENTRAL RAILWAY STOCK.

The Supreme Court of the State of New-York having decided that the amount of the pro rata share to be contributed by stockholders under Article 9 of the Reorganization Agreement had not been duly fixed and determined by the Central Trust Company of New-York, the notice heretofore given in respect thereto is hereby withdrawn.

Since the publication of such notice the amount required has been somewhat increased by addition of interest on the sums involved in the calculation and has been to a slightly greater extent reduced by the application, on account of past due interest, of earnings realized by the receiver from the operation of the road and by order of the Court paid over to the purchaser.

THE TRUST COMPANY HAS MADE AN EXAMINATION OF THE WHOLE SUBJECT IN ACCORDANCE WITH THE VIEWS EXPRESSED BY THE COURT, AND HAS FIXED AND DETERMINED THE AMOUNT OF THE PRO RATA SHARE TO BE PAID BY STOCKHOLDERS OF THE HOUSTON AND TEXAS CENTRAL RAILWAY COMPANY, IN ORDER TO ENTITLE THEM TO THEIR PROPORTIONATE AMOUNT OF THE STOCK OF THE REORGANIZED COMPANY, TO BE 71 1-10 PER CENT. OF THE PAR VALUE OF THEIR RESPECTIVE HOLDINGS OF SAID EXISTING CAPITAL STOCK.

Notice is hereby given to the holders of said existing capital stock of the Houston and Texas Central Railway Company that they may, on or before September 1, 1890, provide and pay to the undersigned the amounts payable under the 9th Article of the Reorganization Agreement, dated December 20, 1887, and that the same is $71.40 for each share of their respective holdings of said existing capital stock. The same must be paid on or before September 1st, 1890, in order to entitle the holders of stock to their proportionate amount of the stock of the reorganized company under said 9th Article. The stock certificates will be stamped with date and amount of payment.
