Platform and Resolusions of the Silver Party of Nevada.

PLATFORM AND RESOLUTIONS.

The Silver Party of Nevada in convention assembled at Carson City, on the 4th day of September, 1894, declare that platforms should assert cardinal principles of political faith concerning questions of political interest and present moment without equivocation or evasion. W[illegible] this history has demonstrated that these principles are [illegible] and equitable and their observance necessary to secure the welfare and individual happiness for which this Government was established.

SILVER.

We deny the right or authority of the Government of the United States to pass any law restricting or abridging the privilege of any citizen to the free coinage of silver into standard money at the legal ratio of 16 to 1, independent of any other nation, and we demand the repeal of all laws denying or abridging that right.

We assert that any law denying or abridging the right of free coinage of gold and silver into standard money at the legal ratio of 16 to 1, independent of all other nations, is a denial of the sovereignty of the people of the United States as a nation and independent state, and law in restraint and abridgement of production and commerce.

We assert that from 1861 to 1894 inclusive, a period of 34 years last passed, the Democratic party and the Republican party have made and administered the laws of this nation; that that period has been characterized as of uninterrupted bountiful harvests and bountiful productions from all our great natural resources and that our people have made unparalleled advances in skill, in every branch of manufacture and artisanship; that the period has been one of general health and notwithstanding the civil war, a period of unparalleled prosperity from 1861 to 1873. In 1873 the Republican party passed laws in restraint of the coinage of money denying mintage to silver, the money we need in the pocket of every citizen, and till of every store. The decadence of silver has been steady gradual and unrelenting as the grip of the gold standard of money has closed around our industries and labor and the price of every production of labor, by forest, field, mine and manufactur[illegible], have fallen parallel with the decadence of silver, which today is worth less than 50 per cent of its standard coinage value at the legal ratio of 16 to 1.

Three millions of our people are without the comforts and decencies of life, every industry in our nation is restrained, pinched and dwarfed by the demonetization of silver to the great injury of every laborer, producer and tradesman in the nation.

The volumonef money in circulation should be speedily increased and always be fully adequate for the requirements of business. That all money should be a legal tender for debts both public and private. That no money should exist except such as issued directly by the National Government and nothing should be money but gold, silver and Government paper.

We favor the redemption of Government bonds and the prohibition of any further issue thereof in a time of peace.

We demand the abolition of National banks.

We demand the collection of the indebtedness of the Pacific railway companies to the United States as it matures without any extension of time or change of terms and conditions.

A public office is a public trust. No person or party should be trusted who has once violated this trust. Every citizen should contribute to the support of the Government in proportion to his means and in accordance with the necessity of good government, but no Government should augment this burden or enlarge its necessities by unnecessary needless interest bearing debts making its less expenditures, or by failing to promptly collect what is justly due it, whether it be a loan, a tax or a tariff.

No grant should be made of public property for any other than a public purpose, and it is the duty of the Government to secure to the people the enjoyment of the benefit which was the consideration of the grant, or declare it forfeited.

We demand Government ownership of telegraph lines and Government subsidized railroads.

LABOR.

We demand that no law shall be enacted restraining or abridging the developments of our natural resources and we guarantee to the people freedom of pursuit and the inalienable right to enjoy the full value of all property that their labor produced. We hold it as one of the truisms of human existence and modern progress that enterprise, that capital and labor should go hand in hand in [illegible] the general advancement, [illegible] and good of this commonwealth. Therefore we [illegible] that capital and labor [illegible] stand on an equal footing [illegible] the law, and that the [illegible] should always receive a [illegible] remuneration for a fair day's [illegible] that both capital and labor [illegible] the legal and unquestionable right to organize for mutual benefit and self protection.

We believe that a State Board of Labor [illegible] should be created and made elective by those to whom all questions [illegible] between capital and labor [illegible] be referred and that [illegible] concerned be compelled to [illegible] and that the [illegible] Board of Labor [illegible] final and binding [illegible]

PAY ON DEMAND.

OBEDIENCE TO THE LAW [illegible] BY ALL.

We denounce the [illegible] Peonage of the [illegible] by the President, [illegible] Bullion Purchase [illegible] Geary Act, provision [illegible] when its constitutionality affirmed by the [illegible] and has neglected [illegible] to enforce the Anti [illegible] State [illegible] wealthy offenders [illegible]

ELECTIONS.

We denounce the purchase and sale of Elective Franchise as destructive of our liberties and treason to our Government. We demand the disfranchisement of both parties to the crime, and the punishment of the prisoner by fine and imprisonment. The franchise once sold shall be gone forever.

LOTTERIES.

The establishment of a lottery in this State would be a blot upon the people and would result in financial and moral degradation. Therefore, in the language of our constitution, "No lottery ticket shall be authorized by this State nor shall the sale of lottery tickets be allowed." We condemn in equal terms all legislators in this State who have attempted to legislate for authorize lotteries or the sale of lottery tickets.

We are unalterably opposed to the ratification of the proposed amendment to Section 1, Article II of the constitution of our State wherein it ignores all questions of amnesty to persons who after arrival at the age of eighteen years bear arms against the United States Government, for the reason that the same is un-American in spirit and contrary to the clemency they already extend to such persons forever thirty years, and we therefore recommend to the voters of the State to vote [illegible] on this proposition.

SCHOOLS.

We are justly proud of the public schools and State University of Nevada; we believe they should be fostered and protected above all other institutions, as upon them rests the perpetuity of the government and the securities of our liberties. We are in favor of such legislation as will increase the efficiency and raise the standard of the public schools and State University, that a thorough education, with [illegible] expense, is placed within the reach of every child in Nevada.

We have since its [illegible] [illegible] the constitutional [illegible] investment of school moneys in other securities than U. S. Government or Nevada state bonds, and recommend to the electors of this state that the amendment recently [illegible] which provides among other things that our school moneys may be invested in any other bonds [illegible]

[illegible]

worthy of the endorsement of every patriotic citizen of our State.

Resolved, That as large expenditures are made by the General Government in improving the harbors and rivers of the coast states and the agricultural states of the Ohio and Mississippi valleys equality and justice demands similar appropriations for public uses in the arid region, and that we call on the General Government for liberal appropriations for storing and conserving at their source the waters of the streams and rivers of the arid region. This being done the reclamation of arid lands can be conducted by the state or by private enterprise.

Resolved, That the Silver Force of Ormsby County endorses and every plank of the platform accepted by the Silver Party of Nevada in the State Convention held at Carson Sep. 4, 1894.

That it congratulates the Voters and taxpayers of Ormsby County upon the faithful and efficient manner in which the nominees of 1892 have performed the duties of their respective offices, thereby enabling the Silver Party of Ormsby to keep every pledge made to the people of the county in its party platform prior to election.

Since the accession of the party to the management of county affairs there have been no official outrages and no investigations by grand juries while the letting of fraudulent contracts in the interest of county officials has been wholly done away with.

Each department of the County Government has been honestly and economically managed, with an actual saving to the taxpayers of nearly $10,000 per annum for the past two years.

Under these circumstances the Silver Party of Ormsby feel justified in again demanding the support of the voters and taxpayers of the county at the forthcoming election.

Resolved, That this Party unquestionably indorses the action of Hon. John P. Jones in withdrawing from a party who, while professing to be the friend of Silver in its State platforms, has persistently caused its Representatives in Congress to bow to the mandates of Wall Street.

This Convention denounces as [illegible] and inconsistent the demand for his resignation by the Republican State Central Committee of Nevada, [illegible] illegal and unfair demands to the withdrawal of the Senator of the United States as one of the leading silver advocates of the [illegible] have cast aside the subterfuge of monometalism that has covered the face of the Republican party of Nevada.

[illegible] That should a vacancy in the office of the U. S. Senator from this State which is necessary to fill at the meeting of the Legislature, [illegible] of the Legislative [illegible] this convention [illegible] to the Hon. John [illegible] for the unexpired [illegible]

SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, as will be seen by the accompanying cut. The little white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact; instead of treating the nerve centers for the cause of the disorders arising therefrom they treat the part affected.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many books [illegible] subject, being since resident [illegible] first settlement, and his success is proverbial [illegible] success is entirely due to his treatment of the nervous system [illegible] understood, as the thousands of testimonials in possession of the company testifying to the merits of his remedies. Dr. Miles' Restorative Nervine is a valuable remedy for all nervous ailments such as headache, fits, spasms, sleeplessness, [illegible] nervous debility, etc. It is sold by all druggists on a guarantee, or sent direct by the Dr. Miles Med. Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid.

Restorative Nervine positively contains no opiates or dangerous drugs.
