Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by Druggists. Price, 75c. per bottle.
Take Hall's Family Pills for constipation.

BIG ANTI-TRUST SUIT

State Will Begin Suit Against Blank Book and Stationery Makers For Violating Anti-Trust Law

An anti-trust suit has been filed in the District Court at Austin by the Attorney General's Department on behalf of the State of Texas against some of the leading stationery and blank book manufacturers of Texas, charged with the violation of the anti-trust laws of Texas, and forfeiture of charers. The state alleges that these corporations formed a combination on or prior to January 1, 1912, to fix the prices of county and commercial stationery and office furniture and fixture; that in pursuance of such a combination they would get their prices from a common source and have their books annually audited by the same person to determine whether or not there has been any price cutting, and if the auditing disclosed evidence of any price cutting, the house thus guilty was to be penalized. The state asks for the statutory penalty which is a minimum of $50 per day for each corporation. The defendants are: Clarke & Courts, Galveston; The Dorsey Co., Dallas; Exline-Rehmers Co., Fort Worth; Maverick-Clarke Lithograph Co., San Antonio; Geo. D. Barnard & Co., St. Louis; Hargraves Printing and Stationery Co., Waco.

NORMAL STUDENTS RETURN

There was an extra chair car attached to the regular passenger equipment over the Amarillo branch line Tuesday, which was made necessary to carry the Canyon Normal students home. The normal closed a very successful term on Monday of this week, and the boys and girls were returning home. They were a very enthusiastic bunch and seemed glad indeed that vacation time had come. This train brought quite a number who transferred at Lubbock, and some remaining here; others were for Crosby county, some for Terry, Yoakum and adjoining counties, bearing out the Avalanche's contentions that Lubbock is the railroad center—the place where people can go in any direction, and in first-class passenger coaches. Come to Lubbock.

We can make June 1st the "BIGGEST" First Monday, if we try. Will YOU help? (46-1t)

THREE DAYS' RAINFALL

Last night's rain brought the total for four days up to a little less than three inches. This makes 4.21 inches for 17 days in May. Both rains have fallen over a period of several days, and growing crops have absorbed the moisture.

Because of the slowness of the precipitation, these two rains have been of more value to crops than twice that much as it usually falls. In fact, it is better than a torrential downpour. Farmers are smiling. Hale county is getting ready for a million-bushel wheat crop. The rain covered practically all of Texas.—Plainview Herald.

For the best meats, phone 146.—Cash Meat Market. (46-1t)

SANTA FE 6 HOURS LATE

The Santa Fe northbound was delayed Monday about six hours, as a result of a derailment which occurred two miles from D———. The tender of the engine jumped the track and ran over the cross-ties the length of four coaches before the train could be stopped. No one was injured and but little damage sustained. The long delay to the passengers was the most disagreeable feature of the occurrence.

That Alachron horse and buggy is well worth the money asked. t(46-1t)
