THE BANK STATEMENT.

Saturday, Jan. 24—p. m.

By the operations of the New-York Sub-Treasury in the week ended last night, which included the receipt of $150,000 for payments by other Sub-Treasuries, the associated banks lost $26,717. The weekly bank statement published to-day showed an increase of $6,729,400 cash. This result was not widely different from the known movement of money, which has flowed to this centre from all sections of the country. The previous statement, moreover, was made on rising averages, and even now the actual condition of the banks is undoubtedly better than the exhibit. The statement was not thoroughly consistent, however, because the increase in the item of deposits was smaller by $1,548,000 than the other changes required. After correcting the opposite error last week the discrepancy still amounted to nearly $1,000,000. This difference is too large to be explained by the theory of averages. It is to be regretted that the associated banks do not follow a uniform system in making their weekly reports.

The following are the comparative statements of January 17 and January 24:

	Jan. 17.	Jan. 24.	Differences.
Loans....	$383,444,800	$385,557,200	Inc. $2,112,400
Specie....	85,765,100	90,102,000	Inc. 4,336,900
Legal-tenders....	32,963,100	35,295,600	Inc. 2,332,500
Deposits....	398,177,500	405,471,300	Inc. 7,293,800
Circulation....	3,558,600	3,562,600	Inc. 4,000

The following shows the relation between the total reserve and the total deposits at the respective dates:

Specie....	$85,765,100	$90,102,000	Inc. $4,336,900
Legal-tenders....	32,963,100	35,295,600	Inc. 2,332,500
Total reserve....	$118,728,200	$125,457,600	Inc. $6,729,400
Reserve required against deposits	99,544,375	101,367,825	Inc. 1,823,450
Surplus....	$19,183,825	$24,089,775	Inc. $4,905,950

The Clearing House statement is as follows: For to-day—Exchanges, $100,204,566; balances, $5,355,082. For the week—Exchanges, $621,779,419; balances, $34,352,201.

THE DAY IN THE STOCK MARKET.

The speculation in stocks was devoid of interesting features. The most active shares were the weakest, although there was no news that should not have had an opposite effect. St. Paul led the movement, but while the gross earnings for the third week in January showed a large increase the publication of them seemed to be an excuse for free selling of the stock. Chicago Gas, which was second in point of activity, advanced 1 per cent in the early dealings, only to lose the improvement in the last few minutes. The principal exceptions to the general movement were afforded by Richmond Terminal and the industrial stocks. The first-named was not specially active, but it scored a final gain of 1-4 per cent, which was more than it lost yesterday. There were no indications that the buying had any other than a speculative basis. The closing was strangely weak in all stocks, although the favorable bank statement was expected to give an impulse to the flagging interest in speculation. The last prices were generally the lowest for the day.

WHAT WAS DONE IN BONDS.

There were no transactions in Government bonds, but the market was steady at practically unchanged quotations, which at the close were as follows:

	Bid.	Ask.		Bid.	Ask.
U.S. 4½s, 1891, reg..	103	....	U.S. cur. 6s, 1895..	109	....

State bonds continued to be neglected. The sales of city bank stocks were small, but numerous. They included American Exchange (32) at 151 1-2, State (5) at 109, Manhattan (50) at 184, and Western (50) at 100 3-4.

The general bond market was excessively dull and the apparent lack of demand naturally caused some irregularity in prices. Pittsburg and Western firsts further advanced 1 1-4 per cent to 78 1-2, while Reading incomes lost more than they gained yesterday. Reference is made to our full report of bond sales.

Money on call was entirely nominal, as usual on Saturday, at about 2 per cent.

The Sub-Treasury was debtor to the Clearing House $462,834.

TREASURY STATEMENTS.

The customs receipts reported at Washington to-day were $617,779, and the internal revenue receipts were $377,998. The United States Treasury received $247,454, and for the week $2,107,803, National bank notes for redemption.

The United States Treasury now holds $140,751,950 United States bonds to secure National bank note circulation as follows:

Currency....	$6,911,000
Four per cents....	107,014,500
Four and one-half per cents....	26,826,450

Bonds deposited for circulation during the week, $379,550; bonds held to secure circulation withdrawn, $292,500. National bank circulation outstanding—currency notes, $175,816,414, gold notes, $131,627; against which the Treasury holds $19,675,030 legal money for redemption of surrendered circulation.

In London British consols were weak at declines to 97 1-16 for both money and the account. The Bank of England further lost £127,000 bullion on balance, but the rates for money in the open market were not affected. Discounts were easy at 1 3-4 per cent, and daily balances could not be loaned at 1-2 per cent. Bar silver was a shade higher at 47 9-16d. an ounce. American railway shares declined without interruption. At Paris French 3 per cents were firm at 95.55.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

There was little interest in the crude petroleum market yesterday, no transactions taking place at the Stock Exchange, and only 2,000 barrels in options being dealt in at the Consolidated Board at 75⅛@75⅞@75⅝ cents. The increasing production of the Wildwood district appears to be the only feature in the field. Refined oil was unchanged at 7.45 cents in barrels and 9.50 cents in cases. Foreign quotations were: Antwerp, 29 francs; Bremen, 6.70 marks; London, 6½ pence.
