Boston, June 17.—The Brooklyns kindly presented this morning's game to the Bostons when, in the fifth inning, they allowed four men to reach first on errors, which, with a sacrifice and a poor throw by Daly, gave three runs. After that the home team began to bat Lovett, and won easily. The score:

RAIN POSTPONES THE LOCAL GAME.

The rainstorm yesterday caused the first postponement of a championship game in New-York this year. The New-York and Philadelphia teams were to play their first game in this city, and in spite of the weather a large crowd went to the Polo Grounds. The rain, however, left the grounds in such a muddy condition that no attempt was made to play. The Giants did not grumble, for they have done a great deal of hard work lately, and they deserved a day off. The rest will do Buckley good, who is the club's only available catcher at present.

THE RECORDS.

The Boston team captured second place in the League race yesterday, Chicago dropping back to third position. The Bridegrooms dropped back to fifth. The League and Association records to date are as follows:

GAMES ON THE DIAMOND FIELD.

Cleveland, June 17.—Something like 3,000 people welcomed the Clevelands home again and greeted Anson for the first time this year. The Chicagos could not hit Viau until the ninth inning, when they made three of their seven hits. Virtue and McKean made some phenomenal stops in the infield. The score:

Cleveland	0	1	0	0	1	0	0	0	2	—4
Chicago	1	0	0	0	0	0	0	0	1	—2

Basehits—Cleveland 11, Chicago 7. Errors—Cleveland 1, Chicago 1. Pitchers—Viau and Hutchison. Umpire—Lynch.

Boston, June 17.—The Athletics won from the Bostons this morning by excellent fielding. They made fourteen hits, and the Bostons could do nothing with Weyhing until the ninth inning, when they batted him pretty hard, securing four runs. Attendance, 1,500. The score:

Boston (A. A.)	3	1	3	0	0	0	0	0	4	—11
Athletics	1	0	4	4	0	0	3	1	0	—13

Basehits—Boston 9, Athletics 14. Errors—Boston 1, Athletics 7. Pitchers—O'Brien and Weyhing. Umpire—Ferguson.

The Athletics won easily this afternoon, batting Buffinton and Daley all over the field. The Bostons put Daley in the box in the third inning and Corcoran came in and made a home run, sending in three other men on bases. Ferguson's decisions were against Boston, and the crowd hissed him all through the game. Then he tried to even up and it was worse than ever. Game was called in the eighth inning. Attendance, 2,800. The score:

Boston (A. A.)	0	0	1	0	0	1	0	0	0—	2
Athletic	1	0	6	0	0	0	0	2	—10	

Basehits—Boston 5, Athletic 8. Errors—Boston 8, Athletic 1. Pitchers—Buffinton, Sanders and Daley. Umpire—Ferguson.

Baltimore, June 17.—The game to-day between Washington and Baltimore was of the typical old-fashioned variety, when heavy batting was in order and the runs numerous. Both sides slugged the ball throughout the game, and, though the home team took the lead in the first inning by fourteen runs and added several more, Baltimore came very near beating the Senators in the end. Attendance, 1,200. The score:

Washington	14	0	1	0	0	1	4	0	0—	20
Baltimore	5	0	0	2	6	0	5	1	0—	19

Basehits—Washington 18, Baltimore 16. Errors—Washington 1, Baltimore 7. Pitchers—Carsey, Van Haltren and Cunningham. Umpire—Kerins.

Louisville, June 17.—The game to-day was a pitchers' battle, and it proved exciting. Two bases on balls, a bunt and Conner's single broke the ciphers for Columbus and sent in two runs. With two out Shinnick made a hit in the ninth, brought in a run, and reached third. Dolan made a balk and Umpire Davis called Shinnick in, tying the score. A base on balls, a hit and an error in the tenth inning gave Columbus the game. The score:

Louisville	0	0	0	0	0	0	0	2	0—	2
Columbus	0	0	0	0	0	0	2	0	1—	3

Basehits—Louisville 5, Columbus 10. Errors—Louisville 6, Columbus 3. Pitchers—Dolan and Fitzgerald. Umpire—Davis.

Syracuse, June 17.—The Syracuse team defeated the Eastern Association leaders to-day after a superbly played game. The score:

Syracuse	0	1	0	0	0	0	0	0	1—	2
Buffalo	0	0	0	0	0	0	1	0	0—	1

Basehits—Syracuse 10, Buffalo 5. Errors—Syracuse 2, Buffalo 1. Batteries—Ferson and Myers, and Goodall, German and Murphy.

YALE DEFEATED BY BROWN.

Providence, Jan. 17 (Special).—Brown defeated Yale at baseball to-day before a large crowd. For Brown Woodcock's pitching at critical points and Tenny's strong batting were the features; for Yale, Murphy at short and McClary at first carried off the honors. This game finishes Brown's season, which has been one of unexampled success. The score:

Brown	0	0	0	2	0	1	2	0	x—	5
Yale	0	0	3	0	1	0	0	0	0—	4

Basehits—Brown 10, Yale 10. Errors—Brown 6, Yale 2. Earned runs—Brown 2, Yale 1. Three-base hits—Tenny (Brown) 2, Calhoun (Yale) 1. Two-base hit—Woodcock (Brown). Stolen bases—Brown 2. First base on balls—Brown 2, Yale 2. Hit by pitched ball—Brown 2. Passed ball—Tenny (Brown). Wild pitch—Bowers (Yale). Struck out—Brown 3, Yale 3. Time—2 hours. Umpire—Brady.

PLAYERS MADE INELIGIBLE.

Washington, June 17.—The following was issued this afternoon:

The National Board of Professional Baseball Clubs has decided that Meekin and Raymond, who "jumped" their contracts with Western Association clubs, are forever ineligible to play with or against any National Agreement club. This order, or any other that may hereafter be made for the same cause, will never be modified or revoked during the existence of the present board, whose term of office will not expire for five years.

SIX UNCONSCIOUS IN THEIR CELLS.

AN EXPLOSION BURNS TWO MEN AND FILLS A POLICE STATION WITH GAS.

Two men were injured and half a dozen prisoners were made unconscious as the result of a gas explosion in front of the police station at Yonkers early yesterday morning. Daniel Cunningham, a contractor, is engaged in making a sewer at Main and Dock sts. On Tuesday, owing to the heat, the workmen stopped excavating and resumed work at night. At the time of the explosion Cunningham and Thomas Meany, a laborer, were at the top of the excavation, and Michael Quinlan and Jeremiah Malone at the bottom hoisting up dirt and stones. A large bowlder was tied on a rope and Meany was hoisting it up. When near the top it became detached from the rope and fell back into the excavation. The stone struck a six-inch gas pipe and shattered it. The men in the pit had a lighted lantern with them. The escaping gas was ignited by the light and a terrific explosion took place. The blaze shot up into the air twenty feet. Quinlan and Malone, who were at the bottom of the pit, were surrounded by the flames. Their clothes were soon on fire and they were loudly calling for help.

Roundsman Quinn, who was sitting on the window sill of the police station, was knocked down but not hurt by the force of the explosion. He ran to the two suffering and frantic men and helped them out of the flaming pit. Both men were severely burned about the face, hands and body. They were removed to St. Joseph's Hospital for treatment. Had it not been for the arrival of Quinn the two men would probably have been roasted alive. Cunningham and Meany were blown ten feet away by the force of the explosion. These two men were not injured, though greatly frightened and somewhat dazed. Meany was blamed for the accident. He was intoxicated while at work. Yesterday morning he was arrested and Judge Thayer fined him $10 for intoxication, which was afterward remitted. As soon as the men were taken out of the excavation the flames in the sewer were extinguished by filling up the excavation with earth. The force of the explosion put out all the burning gaslets in the police station.

During the early morning the escaping gas had filled the police station. At 4 o'clock the doorman made his rounds, and one of the prisoners complained to him that the gas made him sick. At 9 o'clock Roundsman Woodruff, who was the only officer at the station, went to the cells to send the prisoners over to court. On the stone floor of the cells were stretched the forms of six prisoners unconscious from the gas which had filled their cells. Woodruff himself was almost overcome by it. He quickly picked up George Sheridan, one of the prisoners, and hurried with him up stairs. He laid Sheridan on the floor and summoned City Marshal McGrath, who was approaching the station with Patrick O'Neil, a prisoner whom he had arrested. A dozen citizens also responded to the summons of Officer Woodruff, and they soon removed the unconscious men to the Manor Hall Square, where they were laid on the grass in the open air. Police Surgeon Swift was sent for, and after working over the men for nearly an hour, succeeded in reviving them. The victims were: John Lyons, Thomas Meany, George Sheridan, George Moran, James McQuade and John Crook. After the men had revived they were taken back to court. During the excitement of removing the prisoners from the gas-filled cells, City Marshal McGrath's prisoner, O'Brien, who was held for larceny, made his escape and is still at large.

HE SAID HE WAS MR. SLOANE'S VALET.

A young man who described himself as Oscar Peterson, twenty years old, of No. 140 East Twenty-sixth-st., was arraigned in Jefferson Market Court yesterday charged with forgery. Peterson entered the furnishing store of Michaelis & Roman, No. 14 West Twenty-third-st., and presented an order for six plain flannel shirts and six pairs of black silk hose. The order bore the signature of John J. Sloane, and the young man said he was Mr. Sloane's valet and would select the articles the order called for. While Peterson was busy selecting the shirts, Mr. Roman sent one of the salesmen with the order to Mr. Sloane's place of business in Broadway. Mr. Sloane pronounced the signature a forgery and said that Peterson was not his valet.

Peterson was arrested and was held for trial at Jefferson Market Court. In his possession was found an order for toilet articles on Hazard & Hazard, the druggists at the Fifth Avenue Hotel. This order also bore Mr. Sloane's signature. Peterson said the orders were given to him by a stranger.

A BOY RECEIVED 2,500 VOLTS WITHOUT HARM.

Albany, N. Y., June 17.—A remarkable electric display occurred in front of No. 140 South Pearl-st. last night. A boy named McDonald caught hold of the iron hoisting-bar of the awning and tried to raise himself up in order to look in the window. There is an electric light in front, and the iron frame of the awning connected with it. In an instant flashes of electricity and sparks flew out of the boy's feet with detonations like a pack of powder crackers. He was completely charged with the fluid, and could not let go his hold. A bystander caught hold of him and pulled him away, but in doing so received a shock himself and was knocked into the street. The boy was dazed and stunned, but was soon restored and walked to his home, apparently uninjured. The voltage which passed through him was about 2,500.

READY TO FIGHT HOSTILE APACHES.

St. Louis, June 17.—A dispatch from Santa Fe, N. M., says that for some time past numerous strolling bands of Apache Indians have been seen along the border of Arizona and New-Mexico in the vicinity of the Black Range, where the bloodthirsty old chief Victoria and his band made their headquarters in 1881. The stragglers have been acting ugly and threatening settlers. A militia company has been organized, and at the first indication from the Indians that they mean trouble another war will be begun which will drive them out of the Territory or result in their extermination.

THE BRIDGEPORT MUDDLE IN THE COURTS.

Bridgeport, Conn., June 17.—A hearing on the two actions brought against Chief of Police Rylands will be had before Judge Thayer in the Superior Court room tomorrow afternoon at 4:30. An effort was made to have the case argued this morning, but Judge Thayer was unable to hear it to-day. Captain Pinkerman is acting chief, under the direction of Mayor Marigold, and will continue until the court has settled the matter. Everything is quiet about Police Headquarters, and now that the case has been brought to the court, no further public demonstrations are looked for.

KILLED ON THE TRACK AT TRENTON JUNCTION.

Trenton, June 17.—James B. Greene, one of the oldest and wealthiest farmers in this part of the State, was driving across the track at Trenton Junction this morning when the Washington express train on the Bound Brook Railroad struck his wagon and instantly killed Mr. Greene.

FINED FOR INTERFERING AT AN ELECTION.

Trenton, June 17.—John Nolan, of Jersey City, was fined $50 and costs in the United States Court to-day. Nolan was arrested for interfering with one of the registry board in Jersey City at last fall's election. He pleaded guilty this morning.

GENERAL MARKET REPORT.

COFFEE—Dullness is still the main feature in Rio on the spot, and the market rules barely steady on the basis of 17c for No. 7. Sales, 1,000 bags No 7, 16¾c, ex-store, to be shipped. Mild growths in light demand. In the speculative line a fairly active business was transacted, and the drift of the market was decidedly bearish. Liquidation of "longs" was quite general, and there was more or less selling for foreign account. Prices at the close showed net losses of 15 points on June, while later options broke fully 20@35 points. Full receipts at Rio and Santos, and cable advices had most to do with the heavier. Havre declined 1¾@2 frs. Hamburg opened ¼ pfg better, but closed ¼@1 pfg lower. London also weakened. Quotations, 2:45 p.m.: June, 16c bid; July, 15¾c; August, 15¼c; September, 15c bid; October, 14¾c; November, 14¼c bid. Options had another unsettled day, with frequent fluctuations, leading to a brisk business. During the early session the temper was decidedly bearish, and liquidation went on with renewed vigor. There was also considerable selling on stop orders. Initial sales showed losses of 5@8 points, after which there was a further drop of 1@2 points. Liverpool reported a decline of 4@5 points, and to this was ascribed most of the depression. The full port receipts, however, added to the weakness. Later in the day there was freer buying on a broader Liverpool closing, and the "short" side began covering. Final figures were only 1@2 points lower on near months, while late deliveries were 1 point higher. Sales, 135,000 bales.

FLOUR AND MEAL—FLOUR—General trade was quiet to-day, and the market showed no material change. Holders' views as to prices were quite steady, particularly on winter wheat brands. Both exporters and jobbers bought with reserve. GRAIN—WHEAT—Weather reports again governed the drift of the speculative market, but the volume of business transacted showed a decided falling off as compared with that of yesterday. Aside from some little buying for foreign account early and more or less covering of "shorts" on orders from the West, the trading was merely of a local nature, and less than 8,000,000 bush changed hands. Early messages from Chicago reported further rains in the Southwest, where the harvesting is in progress, and on this there was a stronger opening. July started at $1 00 and quickly advanced to $1 00⅛, from which there was a decline to $1 05⅞. Later in the day the West grew hardened on freer buying and the final market rallied to $1 06 9-16, closing, however, at $1 06⅛. June delivery was relatively stronger than others, closing ⅝c higher at $1 09⅝. December opened at $1 03 (as against $1 02⅞, the final of yesterday) and presently settled to $1 02⅞, after which it rallied to $1 03¼, leaving off at $1 02⅞. In addition to the moisture in the West and Southwest, the "bulls" had the aid of very private cable advices, and this, coupled with the liberal seaboard clearances, contributed to the buoyancy. Another strengthening factor was "Bradstreet's" statement, which indicated a decrease of 1,674,000 bush in stocks east of the Rockies and a diminution of 482,000 bush on the Pacific coast. According to private telegrams from Chicago the Kansas State Board of Agriculture made the yield 45,000,000 bush instead of 30,000,000 bush, as heretofore reported. Later advices from the Southwest reported fine weather in Kansas after the recent storm, and to this was ascribed most of the heaviness during the afternoon session. Receipts at the interior were quite liberal—spring, 226,145 bush and winter 29,130 bush, against 109,057 and 51,372 respectively a year ago. Seaboard arrivals, 69,887 bush, clearances 218,073 bush wheat and 25,000 pkgs flour. On the spot there was an advance of ½@¾c, with reserved offerings. The export business aggregated 64,000 bush, including two loads No. 2 Chicago spring, three loads ungraded spring, a load of New-York spring and two loads winter red in lots. Millers bought a load of No. 2 Chicago spring and two loads No. 2 red afloat. Sales, 3,672,000 bush future, 95,000 bush spot, including No. 2 Chicago spring afloat, $1 06¾@$1 07⅝; ungraded spring, $1 05½@$1 06⅝; New-York No. 2 spring, $1 06 afloat; ungraded winter red, $1 05@$1 12; No. 2 red, $1 10 afloat, $1 10½@$1 11¼ do in store quoted, $1 09½@$1 09¾; No. 1 hard spring nominal, $1 16@$1 16¼; No. 2, June, $1 09@$1 09⅝, closing at $1 09⅝; do July, $1 05⅞@$1 06 9-16, closing at $1 06⅛; do August, $1 01⅝@$1 02⅛, closing at $1 01⅝; do September, $1 00¾@$1 01½, closing at $1 01; do October, $1 01⅛@$1 01⅝, closing at $1 01⅛; do November, $1 02⅛@$1 03⅛, closing at $1 02⅞; do December, $1 02⅞@$1 03⅛, closing at $1 02⅞; do January, closing at $1 03½; do May, $1 06⅞@$1 07¼, closing at $1 06¾.....RYE—Dull and unchanged in price. Western and State quoted at 88@93c on spot, and 73@76c for do September.....BARLEY—MALT—Quiet and unchanged. Two-rowed State quoted at 90@95c; Six-rowed do, 95@97c; Canada, $1@$1 05.....CORN—Was quite buoyant pretty much all day, but shortly before the close realizing set in, and final figures were barely steady. The start was about 1c higher, and this was soon followed by a further rise of ½c, with considerable covering on the wet weather in the West and Southwest, and strong cable cues, coupled with the liberal clearances. "Bradstreet's" estimated a decrease of 768,000 bush for the week in available stocks east of the Rockies, and this, too, was used as a "bull" factor. Later in the day, however, there was more or less liquidation on better weather reports, and prospects of larger arrivals, leading to a reaction of ½c. Closing cables from Liverpool came ¾d higher on futures. The spot market closed 2@2½c early in the day, but subsequently lost about ½c on increased offerings. Shippers' purchases were limited to 24,000 bush, while the clearances aggregated 96,632 bush. Sales, 1,376,000 bush future, 58,000 bush spot, including ungraded mixed and white, 70@73½c; No 2 mixed at 71½@72½c elevator, 72½@73½c afloat; No 2 white, 73c in elevator; No 2 June, 67¾@68c, closing at 68c; do July, 64½@65⅝c, closing at 64⅞c; do August, 61⅞@62½c, closing at 62c; do September, 61@61½c, closing at 61c.....OATS—Were less active and somewhat unsettled in the speculative line. July advanced ⅞c and closed strong. Later options opened firm and quickly rose ¼c, sympathizing with corn. Subsequently there was a decline of about ¼c on liquidation both here and at the West, closing ¼c lower than the final of yesterday. "Bradstreet's" estimates a decrease of 272,000 bush for the week in available stocks east of the Rockies. On the spot the market gained ½@¾c with light offerings, thus checking trade. Clearances, 318 bush. Sales, 285,000 bush future, 102,000 bush spot, including No 3 mixed, 43c elevator; No 3 white, 45c elevator; No 2 mixed, 44@44½c elevator, 45@45½c afloat; No 2 white, 46½@47c elevator; No 1 white, 52c elevator; No 2 Chicago, 45@47½c; ungraded mixed Western, 41@46c; white do, 47@55c; No 2 June, closing at 44½c; do July, 43¾@44½c, closing at 44½c; do August, 38¼@38¾c, closing at 38¾c; do September, 36½@36¾c, closing at 36¼c; No 2 white June, closing at 40½c; do July 46@46½c, closing at 46½c.....HAY—Firm.....FEED—In fair request and firm; 40 lb, 75@85c spring and winter; 60 lb, 75@80c; 80 lb, 85@90c; 100 lb, $1 10@$1 15; sharps, $1 25@$1 30; rye feed nominal, $1; hominy chop, $1 05@$1 10.

HAY AND STRAW—Demand for hay continues fair, and as receipts still run light, receivers find no difficulty in sustaining full recent prices. Straw rules dull. HAY—Choice, 90@95c; prime, 85@90c; fair to good, 55@60c; shipping, 55c; clover, mixed, 55c.....STRAW—Long rye, 80@85c; short rye, 45@50c; oat, 35@40c; wheat, 35@40c.

HOPS—Inquiry from all sources continues slow, with marked indifference noted on the part of exporters. As to prices the feeling is weak and irregular. State, 1889, choice, 19@20c; med
