Sick Headache.

Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, O., writes "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time."
