Candidates for county offices are beginning to stir and among the names mentioned is that of Prosecuting Attorney Peter H. Huck for the Leislature. Peter is a popular young man of excellent habits and will have a large following should he decide to make the race, which he probably will.

The wording for a call of the meeting of the Democratic County Committee in last week's paper might have led to the inference that the Committee would at that time select a new Committee. No such action was ever contemplated by any member. The Convention which meets at New Offenburg on Monday, April 6th, will select a new Committee to serve for the ensuing two years.

The *Democrat* is a Republican paper but there is no known rule by which we can be compelled to support a Republican hog. The man who wants the earth for nothing need not expect our support. We give this to the boys as a fair warning. We have been in politics a long time and we are not a "sucker."—*Cape Girardeau Democrat.*

Wake up your liver but be sure you take Simmons Liver Regulator to do it with—it will do it every time, and do it so well that you'll feel wonderfully refreshed and strengthened. It is Simmons Liver Regulator that does it. There is only one Simmons Liver Regulator, and you'll know it by the red Z on the package. Take nothing else, and you'll be sure to get all the good health promised.

At the earnest request of a number of my friends in Ste. Genevieve, I have decided to re-enter the Undertaking and Embalming business with my former partner, Mr. Gus. L. Schoettler, buying out Mr. George Steigle's interest. I will personally conduct all funerals that are placed in our care, when so requested, free of cost. F. SCHEURING.

The late Col. H. M. McCarty used to tell a story that, while publishing a paper in a West Kentucky town, he announced an eclipse of the moon on a certain night. When the time arrived the town was fairly overrun with people, who had come in from their homes in the country to see the eclipse. Most of them were very mad when they found out they could have seen the eclipse just as well by staying at home, and some of them stopped their papers because the editor had not had the forethought to mention that fact and save them a trip to town. In line with Col. McCarty's story comes the statement that an Eastern Kentucky editor has lost five subscribers by announcing an eclipse that failed to materialize. Country editors cannot be too careful in dealing with meteorological matters.—*Louisville Courier Journal.*

Now is the proper time to begin a yearly subscription, which will cover the Presidential campaign, the great speeches, the November election and the outcome of all the wars and troubles abroad. It intending subscribers will heed a word of advice they will send $1 to The Twice-a-Week *Republic*. They will receive in return twice every week for a year a copy of the spiciest, newsiest and most entertaining newspaper in the country. The Twice-a-Week *Republic* will make a specialty of giving all the political news and speeches on both sides and at the same time keep up the very entertaining departments it has always contained.

A big inducement is offered to those who become so interested that only a daily metropolitan paper will meet their wants. The Daily and Sunday *Republic* has been reduced to only $6 a year or $3 for six months.

Household Hints.

Always fold a dress skirt right side out for packing, as it will not wrinkle so much.

Half a teaspoonful of sugar will nearly always revive a dying fire, and it is always a safe thing to use for this purpose.

Kerosene oil is the best of furniture polishes. It cleanses, makes a finer polish and preserves from the ravages of insects.

A tablespoonful of the best whiskey added to a cup of beef tea for an invalid is an excellent way to give a stimulent. This is especially good for anyone recovering from grip.

Fat will not burn if it has something to do, so if it has to be left idle for a few minutes put a crust of bread or a slice of raw potato into the kettle.

Yellow stains left on white cloth by sewing machine oil can be removed by rubbing the spots with a cloth wet with amonia before washing with soap.

A few drops of tincture of benzoin in a bowl of water is an admirable tonic for the face. The benzoin whitens the skin and prevents it from wrinkling.

Do not put a coat or dress away with dust in the folds or pleats. Shake the garments well and brush with a soft whisk broom, for dust is never so easily removed as at first.

Chemists say it takes more than twice as much sugar to sweeten preserves and sauces if put in when they begin to cook as it does if the sugar is added after the cooking is done.

Soap used on the hair is apt to make it brittle. If any is to be used, tar soap is the best, and after using rinse the hair in several waters in which a little powdered borax has been dissolved.

An excellent cologne may be made with half an ounce of oil of bergamot, half an ounce of oil of English lavender, half a drachm of neroli and one quart of alcohol. Shake the bottle several times a day for four or five days.
