AFFAIRS IN BROOKLYN.

HE LEFT HIS PROPERTY TO THE GOVERNMENT.

The General Term of the Supreme Court heard arguments yesterday on the appeal from the probate of the will of William W. Merriam, who died at East Hampton, Suffolk County, in January, 1889, leaving an estate in real and personal property amounting to about $100,000, which he devised to the United States. He was a Baptist minister, a school teacher and a graduate of Williams College. He was about fifty years old. E. K. Payne drew the will, which was executed on May 18, 1873. Mr. Merriam's sister, who lived in Springfield, Mass., contested the will, but Surrogate Tuthill, of Suffolk County, admitted it to probate.

Ex-Governor Robinson, of Massachusetts, appeared for the contestants. He said that Merriam was not of sound mind. He made wills in favor of little girls, and then for some freak would change them. His lawyer had made six wills for him, and did not know whether Merriam read them or not. He had come to consider the drawing of the wills as a farce to please an irresponsible person and the will was not properly executed. Finally, the Court of Appeals had decided that it was invalid to devise real estate to the United States. United States District-Attorney Johnson insisted that the will was valid. Decision was reserved.

TROUBLE IN THE 47TH REGIMENT.

The election of First Lieutenant Warren F. H. Tupper to the captaincy of Company F, 47th Regiment, N. G. S. N. Y., on Monday night, has resulted in several of the non-commissioned officers of the company taking their discharges. The action of these men, it is said, will be followed by the resignation of a large number of the privates in the company who have served from five to ten years each. Many members of the company opposed to him, as he is alleged to have favored the reduction to the ranks of non-commissioned officers fr trifling offences. The non-commissioned officers received their discharges on Wednesday night. They were Sergeant Barlow, Sergeant Wilkinson, Sergeant Hemmings, Corporal Dixon and Corporal Leonard. It is thought that none of these men will leave the regiment, but will immediately re-enlist in some other company in the regiment.

PLANNING TO OUST FATHER YODYSZUS.

A movement is on foot among the members of St. George's Polish Catholic Church, of which Father Yodyszus is pastor, to oust him from the church. It is said that when he appears in the church next Sunday, he will be met with a shower of spoiled eggs thrown by those of the parishioners who oppose his methods of conducting the church affairs. On Wednesday a committee called upon Bishop Loughlin and suggested that the chalice and the altar-stone be removed, but the Bishop refused to sanction any movement to get possession of them that would in any manner reflect discredit on the Catholic Church. Bishop Loughlin was then asked to go to the church on Sunday next with three priests, and take formal possession of the church, and this, it is said, was not consented to.

SWEARING IN NEW GUARDSMEN.

The ceremony of enlisting the recruits of the Flatbush Military Company into Company K, 32d Regiment, was held at the Town Hall in Flatbush last night, Colonel H. C. Clark, Major A. E. Steers, Adjutant William Van-der-Clute, and Surgeon David F. Lucas and Assistant Surgeon Frederick J. Wood were present in fatigue uniform to examine and swear in the men. The town authorities of Flatbush have given permission to the men to use the Town Hall as a meeting and drill room, and they will not be called upon to go to the armory to drill excepting on occasions of inspection, battalion drills, etc. Owing to the number of recruits to be enlisted all could not be sworn in last night, and on Thursday evening next the rest will be sworn in.

GATHERED ABOUT THE TOWN.

The flags were displayed on the City Hall yesterday in honor of the forty-fourth anniversary of the capture of the City of Mexico by the United States troops.

The General Term of the Supreme Court has appointed John Winslow, Josiah T. Marean and Marshall S. Driggs the commission to take testimony and report upon the application of the Coney Island and Brooklyn Railroad Company to substitute the dangerous trolley for horses as a motive power for its cars.

Justice Bartlett, in the Supreme Court, yesterday granted decrees of absolute divorce to Mrs. Lissette Hall from Thomas Henry Hall, and to Mrs. Mary E. Haemmerle from Franz A. Haemmerle.

Thirty applicants for admission to the bar were examined and passed yesterday by a committee appointed by the General Term, consisting of L. F. Browne, David Manning and John F. Brennan.

Justice Pratt, in the Supreme Court, yesterday granted, on the application of Marx Hammerschlag, of New-York, an order to show cause why there should not be a special election of trustees for Washington Cemetery, near Parkville. Hammerschlag says he was not informed of the last election, though he owns 131 lots in the cemetery. He has not been able to find out the date of an election in three years, nor the names of the trustees.

Surrogate Abbott issued letters of administration yesterday upon the estate of William MacDonald, one of the victims of the Park Place disaster, in New-York, whose body was not found. The Surrogate was satisfied with the proofs of his death. This will enable his widow to secure the insurance on his life.

The Rev. W. H. H. Butler has been appointed pastor of the Bridge Street African Methodist Episcopal Church, to fill the vacancy caused by the death of the Rev. J. S. Brown. Mr. Butler comes from Newport, L. I.

Mrs. Sarah Levy, a daughter of Aaron J. Michaels, an active Democratic politician, has left her husband, Jacob Levy, of No. 685 Fulton-st., with her four children, and has returned to her father's house, No. 473 Henry-st. The Levys have been married eighteen years, and their eldest child is sixteen years old.

William B. Aitken opposed the introduction of the trolley system before the General Term of the Supreme Court on Wednesday, and not S. M. Aitken, as incorrectly announced.

Justice Goetting yesterday sent Adam Hess, Frederick Myrtal, Luke Petterson, John Poer and Nicholas Stout to the penitentiary for six months each. The prisoners were members of a notorious gang known as the "Dump gang." They passed the night in an old shanty in the neighborhood of Flushing and Johnson aves., and lived on what they could steal and take from passing pedestrians.

A WRONG TO BE RIGHTED.

REPUBLICANS WHO WERE DISCHARGED TO BE REINSTATED IN THE DOCK DEPARTMENT.

William MacNair, the recording secretary of District Assembly No. 49, Knights of Labor, appeared before the Dock Commissioners at their meeting yesterday and in behalf of that organization demanded the reinstatement of two brothers, Joseph and Peter J. De Temple, dock builders, who had been discharged because they refused to be coerced into joining the Tammany Hall organization of the XIth Assembly District. The brothers had been working at the Harrison-st. dock, getting $3 a day, and were dropped from the rolls a month ago, together with their father; all for the same reason. The father being a veteran, the G. A. R. took up his case, and demanded and obtained his reinstatement. The sons appealed to their Knights of Labor organization. Mr. MacNair told the Commissioners in plain terms that such discrimination and bulldozing on account of political belief would not be borne in silence by the K. of L. organization.

The Commissioners began to dispute the assertion that the men were discharged because they were Republicans. "It was because there was no work for them to do," said Commissioner Cram, smoothly. "More than 150 men have been laid off on this account."

"Not so," said Mr. MacNair; "these men were threatened with discharge, and were discharged, and other men put in their places."

"Probably they were discharged because they were not competent," said Commissioner Post.

"These men have the card of their union, the Dock Builders', that they are competent. The Department has stated often that it will recognize that card as a guarantee of fitness," said Mr. MacNair.

The two brothers made statements in their own behalf. They both asserted that they were told by State Senator George F. Roesch, the Tammany Hall leader in the district, that if they refused to join the Tammany Hall organization they would be discharged. They refused to be thus bulldozed, and were discharged. Then Senator Roesch told them afterward that he had done as he said he would do with them.

"The Department is not responsible for Senator Roesch's utterances in his district," said Commissioner Cram. Then Mr. Cram confessed that he knew of his own knowledge that the brothers were good workmen. The facts were so plainly a case of political persecution that no Commissioner present would undertake to excuse it.

"I will reappoint the two men," said Commissioner Cram, finally, "the very next appointments that fall to me."

Peter J. De Temple asked the Commissioner to name the time when he would reappoint them.

"Next Thursday," said Mr. Cram. "Will that suit you?"

"All we ask is justice," said Peter J. De Temple. The brothers and Mr. MacNair then left the room.

NEWS FROM NEW-JERSEY.

JERSEY CITY.

SENTENCING A VETERAN JAIL BREAKER.

Frank Dugan, the burglar, who a year ago robbed several school-houses in Bayonne, was sent to State prison for eighteen months yesterday by Judge Lippincott, for escaping from the penitentiary. Dugan, soon after he was sent to the penitentiary, cut his way through the walls of the penitentiary with a pair of shears and escaped. He was captured three months later. Soon after he was returned, he again cut through his cell and nearly escaped. Three weeks ago he made a third attempt to secure his liberty by dropping into the Hackensack River with a heavy ball and chain fastened to his waist. He was seen by a keeper and recaptured. His term at the penitentiary expired Saturday, and yesterday he was punished for his efforts to secure freedom.

David T. Bumstead died yesterday morning at his house, No. 56 Monticello-ave., from heart failure. Mr. Bumstead was born forty-three years ago. For many years he was a contractor. He was an active member of the Jersey City Athletic Club. A widow and son survive him.

Thomas Donohue, the young man who was convicted on Wednesday of manslaughter, was yesterday sentenced by Judge Lippincott to a term of seven years at State Prison. Donohue killed Thomas Flynn with a brick on Decoration Day.

PATERSON.

REUNION OF THE 7TH REGIMENT.

The white diamond badge of the Second Division, 3d Army Corps, known as Hooker's Old Guard, was conspicuous in the Paterson streets yesterday, when the 7th Regiment of the New-Jersey Veteran Association held its annual reunion at the business meeting in Grand Army Hall. Henry J. Garrison, of Paterson, was elected president; Swain Reeves, of Cape May, vice-president; W. E. Loper, of Newark, recording secretary; Peter Leary, of Newark, financial secretary; J. A. Scarlett, of Newark, corresponding secretary; G. B. Adams, of Irvington, treasurer; R. Allen, of Cape May, chaplain, and Dr. H. P. Roden, of Newark, historian. In the afternoon the veterans and guests, about 300 strong, marched to Passaic Falls for dinner. Colonel J. W. Congdon welcomed the visitors to the city, and the response was by Congressman-elect E. F. McDonald, of Jersey City, who went out with this regiment as first sergeant of Company I. Other speeches were by General Frank Price, who commanded the regiment; General Joseph Dickinson, of Washington, who was adjutant-general and chief of staff of the Army of the Potomac; Father Whelan, Eugene Emley and Mayor Beveridge, of Paterson. This regiment was in over thirty battles, including Yorktown, Malvern Hill, Fredericksburg, Chancellorville and Gettysburg.

NEWARK.

A number of Indians and cowboys, under the care of "Broncho Bill," encamped on the Wright-st. grounds early in the week to give a week's entertainment. They came from Hoboken, where they had been encamped on a swamp, and several of them were shaking with fever and ague contracted there. Soon after the troupes arrived, constables placed attachments on the property in a suit by a grocer for supplies furnished in Hoboken. There were four tents and fifteen ponies, and as the latter had been hired from Hunt & Ackermaird, of Staten Island, they were removed by the owners. The constables took four saddles which belonged to the performers, and also took the tents and a wagon. Three or four women were with the show, one of whom has an infant. For two nights the party slept in the open air, and they had no food until sympathizing people supplied them with meals.

A meeting of State Factory Inspector Lawrence T. Fell and the deputy inspectors of the various districts of the State was held in the rooms of the Jeffersonian Club yesterday. All the deputies made reports showing the work done in their districts. It was shown that the factory laws are generally complied with by manufacturers. In enforcing the compulsory educational law, the inspectors are hampered by the lack of public school accommodations in various school districts. In Jersey City this evil is the worse, and if children are turned out of the factories, it is only to become demoralized with idleness and vicious street associations. It will be recommended at the next Legislature to amend the compulsory educational law to make it more effective.

John Wyckoff and George Hoffman, conductors on the Bloomfield horse car line, and Henry Smith, colored, janitor of the office of the Newark Passenger Railway Company were taken in custody yesterday on a charge of stealing tickets worth about $150, which it is alleged the conductors sold at a reduced rate. The accuser is Superintendant Akarmon, of the company. The prisoners were held in $600 bail each. Smith, the janitor, it is alleged, stole 3,000 tickets from the company's office and sold them to the conductors for 1 cent apiece. The conductors then sold them in lots to different men for 3 cents apiece. It is understood that a well-known man of means who purchased the stolen tickets will be arrested to-day.

PLAINFIELD.

Four-year-old Anna Burnett, of Washington Valley, went into her father's barnyard while the cows were being milked on Wednesday, and before any one could prevent it, a young cow, attracted by the bright red dress she wore, charged upon her, bellowing and snorting fiercely, knocked her down, trampled upon her, and gored her frightfully. Besides inflicting other wounds, the animal ripped open her cheek and tore her scalp in many places. The little girl is not expected to live.

ELIZABETH.

Charles Barhold, the secretary of the German Machinists' Union, who is charged with embezzling the union's funds, was arraigned yesterday at the Police Court, and pleaded not guilty. Justice Hetfield asked the prisoner how he could do this, after having on Wednesday pleaded not guilty to one of the charges, the others being similar. Barhold said he desired to retract the former plea and go on record as pleading not guilty to all the complaints for forgery, of which there are about forty lodged against him. Justice Hetfield put him under $1,750 bail, and being unable to furnish a bondsman he was taken to the County Jail. The court was crowded with members of the union who came to swear out complaints against the secretary. The committee of the union which is investigating Secretary Barhold's alleged peculations report that in two years he has swindled the union out of $700, and so far the amount of his alleged stealings foots up $1,250.

Lyttleton K. Buck, of No. 707 Madison-ave., was bitten between the fingers three days ago by a mosquito while riding his bicycle, and blood-poisoning followed, the hand being swollen to twice its natural size, and the pain and swelling extending to the arm. Mr. Buck is a travelling salesman for a New-York house.

Elizabeth's first flower show, under the auspices of the Horticultural Society, opened successfully last evening at the Veteran Zouaves' armory, which was crowded with prominent people. A fine collection of flowers and plants is on exhibition, among them being 1,000 asters raised by children of Elizabeth and its vicinity from the packages of seeds distributed last January by the Horticultural Society. A programme of music is given in connection with the display, which will last two days. Several handsome prizes are to be awarded for the best exhibits.

PISCATAWAY.

Stants Randolph, a wealthy farmer of Piscataway, seventy-three years old, yesterday, with two nieces, started to visit the fair in Somerset County. While driving through Somerville, he suddenly pressed his hand to his heart, groaned and fell back dead. Mr. Randolph was a bachelor. He was a member of the Republican County Committee of Middlesex County, and was an active member of that party.

DEDICATING A SOLDIERS' MONUMENT.

The soldiers and sailors' memorial monument upon the green in front of the City Hall in Yonkers was unveiled and dedicated yesterday afternoon in the presence of a large number of people. The city was elaborately decorated with flags and bunting, and the afternoon observed as a general holiday. Previous to the exercises Grand Army posts from New-York, Brooklyn, Yonkers, Peekskill, Sing Sing, Haverstraw, New-Rochelle, Tarrytown, White Plains, Port Chester, Mount Vernon and Nyack and separate companies from Mount Vernon, Poughkeepsie and Yonkers paraded the principal streets of the city. John Pentreath was grand marshal of the day.

The exercises began at half-past 3 o'clock. Charles E. Gorton, president of the association, presided. There was singing of National anthems by a chorus of 200 led by Robert G. Jackson, and recitations by the Rev. T. P. McLoughlin and Mrs. Eleanor Georgen. The oration was delivered by Orlando B. Potter, and the dedicatory address by Charles E. Gorton. The monument was unveiled by Miss Susie Heermance, daughter of Colonel William L. Heermance. The ceremonies were ended by volley firing, taps and a salute from the United States ship anchored off Yonkers.

The monument is a handsome shaft of polished Barre, Vt., granite nine feet square at the base and forty-six feet high. Four bronze statues seven feet high stand upon pedestals upon the four sides of the manument ten feet from the ground. Beneath are the famous words of notable Americans. The top of the shaft is surmounted by a granite color-bearer eight feet high, paid for by the women of Yonkers. Work upon the monument was begun last spring, and the cornerstone laid by President Gorton on Saturday afternoon, June 25. The monument complete will cost about $13,000, of which all but a little less than $2,000 has been contributed, principally in small amounts, by the people of Yonkers.

The Yonkers Corinthian Yacht Club, in honor of the unveiling of the monument, gave a fine lantern parade, passing over the entire water front of the city, last evening. Sixty yachts, including yawls, were gayly illuminated with various-colored lanterns, which made a pretty spectacle. Fully 20,000 people witnessed it. The fleet was divided into four divisions under the command of Commodore Prime. Fireworks also added to the pretty marine view. The 4th Separate Company gave a testimonial reception to the monument committee. Many prominent military officers of the State were present.

MOUNT VERNON.—The colored Republican voters will organize a Fassett and Vrooman Campaign Club at the Dearborn Building on Monday evening. The Republican Association of Eastchester will meet on Monday evening to assist in organizing the colored campaign club. . . . The Christian Endeavor Societies of the several churches in this town will join with those of Brooklyn to-morrow afternoon for an excursion to West Point, returning by moonlight.

TARRYTOWN.—The Senate District Committee of the XIIth District has decided that the Senate Convention shall be held at the Franklin House, Tarrytown, on Wednesday, October 7, at noon.

HAT MANUFACTURERS FAIL.

ASSIGNMENT OF A BIG DANBURY FIRM—THE JAMES VICK CORPORATION IN TROUBLE.

Danbury, Conn., Sept. 17 (Special).—Nichols & Moul, the largest manufacturers of felt hats in New-England, made an assignment this afternoon to Dempsey & Booth, attorneys. The firm is one of the oldest in the hat trade, and was considered perfectly sound; and the assignment caused a sensation in the trade. The liabilities and assets will be made known on Monday.

Rochester, Sept. 17.—The Flour City Bank this morning levied on the property of the James Vick (seedsman) corporation, on a chattel mortgage for $85,000 held as collateral security. An application for a receiver will be made, and the corporation will be dissolved. The liabilities will amount to between $175,000 and $200,000, and the assets, if an advantageous sale of the valuable real estate owned by the firm is made, will be more than sufficient to cover liabilities. James Vick will continue the business on a smaller scale under his own name. The concern has been in embarrassed circumstances for years, but has managed to tide over emergencies until the present crisis.

Lyons, Kan., Sept. 17.—The Bank of Lyons, supposed to be one of the strongest financial institutions in the State, made an assignment of all its assets yesterday to W. G. Nickolas for the benefit of its creditors. The doors were closed at noon, and a notice announcing the suspension was posted. The notice closes as follows: "It is believed the assets will equal the liabilities." No statement of the condition of the bank can be procured from the bank's officers.
