Options—It was a "bear" day in this market, and liquidation was quite general, leading to a fairly active business. During the early session there was a break of fully 13@15 points, and final figures were within 1@3 points of the bottom. Liverpool came decidedly weaker and stocks there showed an increase, which started the market on the downward turn. Then came the liberal port receipts, on which there was renewed selling. Local covering brought about a slight reaction toward the close. Sales, 117,000 bales.

COFFEE—The spot market for Rio displayed more firmness to-day, but trading continued slow. No 7 quoted at 13¾c. Sales, 500 bags No 7, 18⅝c. Stock to arrive in fair demand. Sales, 5,500 bags No 7, 17¾c; 1,000 bags No 8, 12¼c, and 750 bags No 5 Santos, 15⅝c. Mild growths heavy and dull. Sales, 1,100 bags Maracaibo at 19⅝c for good Cucuto. In the speculative line there was decidedly more activity, and a higher range of prices, with firmness noed at the close. Covering of shorts was quite brisk (partly for account of the embarrassed firm of Field, Lindley & Co.), and there was some little outside buying. All the cables were stronger, which added to the buoyancy. November declined 15 points, while other months rose fully 35@50 points. Havre closed 1½ frs. better on December, while others showed gains of 3@4½ frs. Hamburg ¾@2¼ pfgs. up. London also hardened. Official quotations at 2:45 p. m.: December, 8.62c; 3d; January, 59s; February, 59s; March, 58s 6d; April, 58s 6d; May, 58s 9d. FOREIGN DRIED FRUIT—There is considerable doing in these goods, and raisins seem to attract more than usual attention. Liberal sales of Sultana raisins were reported at from 7¾c to 9c, largely ordinary grades. Best lots range from 12@14c, and plain Valencia raisins are quoted at 5¾@6c, with layers at 6¾@7c. French prunes quoted at 8¼@8½c. Currants easier at 3¾c. Citron, 29c. and Persian dates, 4¾@4¾c. Nuts in active demand, with sales of Tarragona almonds at 14¾c, and Naples walnuts at 11¼@11½c; Brazil nuts quoted at 4¾@5c; Sicily filberts, 10¼@10½c.

FLOUR AND MEAL—FLOUR—Owing to the fluctuations in wheat this market ruled somewhat unsettled, closing, however, with a fair degree of steadiness. There was very moderate buying on home trade account, and the export demand showed some falling off, with cables as a rule rather lower. Sales, 20,100 bbls (5,700 bbls for export), including 1,000 bbls Low Extra, $3 65@$4 25; 2,400 bbls City Mill, $5 25 for West Indies; 7,900 bbls Minnesota Extra, $3 60@$5 00; special lots, $5 65; 6,950 bbls Winter Wheat Extra, $3 65@$5 30; 900 bbls Superfine, $3 25@$3 90; 1,200 bbls Fine, $2 90@$3 65. Market closed steady. SOUTHERN FLOUR—Rather quiet but steadily held. Sales, 1,000 bbls, including shipping grades, $3 65@$4 25; Trade and Family Extras, $4 30@$5; Patents, $4 60@$5 25. RYE FLOUR—Firm but trading slow. Sales, 475 bbls superfine, $5 25@$5 40; fancy, $5 50@$5 60. BUCKWHEAT FLOUR—Selling at $2 10@$2 15; fancy at $2 20. BUCKWHEAT GRAIN—Quoted at 64c in boatloads for State and 60@62c in carlots. CORNMEAL—Steady. Yellow Western quoted at $3 15@$3 65 and Brandywine at $3 70. Sales, 600 bbls.

GRAIN—WHEAT—Local transactions absorbed a considerable portion of the speculative dealings to-day, and the fluctuations in prices did not reach 1c. Less than 2,800,000 bush changed hands, and the temper was alternately weak and strong. During the early session the "bears" were in control and the market broke ½@⅝c, with some little liquidation of "longs." Then came a general rally and the closed showed net gains of ¼@⅜c, as compared with the final on Wednesday. Aside from the assignment of Field, Lindley, Mieckers & Co., which had but little effect, the developments of the day were not especially interesting. December opened at $1 05 and gradually advanced to $1 05 13-16, from which it settled back to $1 05½, leaving off at $1 05¾. May started at $1 10, and then rose to $1 10 15-16. After several changes it finally closed at $1 10¾. Early public cables were disappointing. London showing some decline, and there was more or less selling on anticipated large receipt at interior points, which had a depressing influence for awhile. The weakness, however, soon wore away and foreigners became buyers to a moderate extent. Larger clearances and cold weather in the West and Northwest added to the firmness late in the day, besides which, closing Liverpool advices noted an advance of ½d. Early sellers turned buyers and hence the rise. French accounts were tame, and on flour prices showed a decline of 10 centimes. In addition to the option sales reported below, there were 470,000 bush sold in settlement, on a public "call," held at 1:30 p. m., as a result of the failure above noted. The Cincinnati "Price Current" reported favorably on the growing winter wheat. Arrivals at interior points were 1,345,437 bush; spring and 190,120 bush winter, against 666,152 and 37,266 bush respectively a year ago. Seaboard receipts, 1,105,392 bush; clearances, 678,540 bush wheat and 36,000 bbls flour. The spot market advanced about ½c, and trading was more active. Shippers took about 216,000 bush, including No 1 Northern spring at 3c over December afloat; No 2 red, f o b, special December, at $1 05¾@$1 07½, and ungraded red, part at $1 02¾, and 3¾c under December. Millers bought 64,000 bush, mainly winter red, within the range. In addition to the above, there were 120,000 bush Northern spring and off-grade winter red bought by receivers, private terms. Sales, 2,720,000 bush future, 260,000 bush spot and special, including No. 1 Northern spring at $1 08@$1 08⅞; ungraded winter red at 93c@$1 10¼; No. 2 red, at $1 06@$1 07 afloat; do. f. o. b., $1 07¼@$1 07½; do. in store, quoted $1 05¾; No. 2 Northern spring, nominal; $1 03¾@$1 04½. No. 2 November, closing at $1 05½; No. 2 December, $1 05@$1 05 13-16, closing at $1 05¾; No. 2 January, $1 06⅞@$1 07½, closing at $1 07½; No. 2 February, $1 08⅝@$1 09⅛, closing at $1 09; No. 2 March, $1 10@$1 10¾, closing at $1 10¾; No. 2 April, $1 10⅞@$1 11, closing at $1 11; No. 2 May, $1 10@$1 10 15-16, closing at $1 10¾; No 2 June, $1 08 15-16@$1 09¼, closing at $1 09¼. RYE—Rule very firm with light offerings. Quoted at 95c@98c f o b afloat. Sales, 30,000 bush Western at $1 07 delivered. BARLEY—Quiet and steady; No. 2 Milwaukee quoted at 73c. CANADA PEAS—Quoted 77@78c. CORN—Western "bull" manipulation again furnished the chief feature in this cereal, and as a consequence the market tended higher. At Chicago November delivery sold up to 80c, and then broke to 79c, closing at 79¾@79⅞c. In the local market November ranged from 73@77c, closing at the latter, which showed a net rise of 3c from the final on Wednesday. Only two loads were sold, however, and the speculation, taken altogether, was utterly devoid of animation. Less than 500,000 bush changed hands. December responded with a rise of 1c; January and February gained ½@⅝c, closing at ¼@⅜c below the top. May delivery showed but little change. Receipts were larger than had been expected, and cables came weaker, but they had but little influence. "The Cincinnati Price Current's" report was rather bullish, and this helped the upward tendency. It was said that the embarrassed firm alone noted was "short" about 500,000 bush November, but this was subsequently denied. The spot market gained 1@2c, but trading was slow, owing to the extreme views of holders. Shippers bought 4 loads. Clearances, 1,345 bush. Sales, 490,000 bush future, 52,000 bush spot, including Ungraded Mixed and White at 58@75c; No. 3 Mixed at 63½@64c elevator; Steamer Mixed, 70c elevator; Steamer Yellow, 70c elevator; Steamer White, 70c elevator; No 2 mixed, 73@77c elevator, 78c afloat nominal; No. 2 White, 70c elevator; No. 2 November, 75@77c, closing at 77c; do December, 69¾@70¾c, closing at 69¾c; do January, 53½@54¼c, closing at 53¾c; do February, 54¼@54½c, closing at 54¼c; do May, 52¾@52⅞c, closing at 52¾c.....OATS—Had another slow day, and trading in options was purely local, only 60,000 bush being dealt in. With the decided strength in corn, however, the "bulls" succeeded in advancing prices ¼@⅜c, and final figures were firm. On the spot the market broke ¼@½c, with freer offerings and dull trade. Clearances, 88,540 bush. Sales, 60,000 bush future, 57,000 bush spot, including No. 3 mixed at 39c elevator; No. 3 white, 39½c elevator; No. 2 mixed, 39½@40 elevator, 40½@41c delivered; No. 2 white, 40@40½c elevator; No. 1 white, 42c elevator; No. 2 Chicago, 40½@40¾c; ungraded mixed Western, 38@41c; white do, 40@45c; No. 2 November, closing at 39¾c; do December, 39¼@39½c, closing at 39¼c; do January, 38⅞@39c, closing at 39c; do May, closing at 39¼c; No. 2 white November, closing at 40c; do December, 40c, closing at 40c; do January, closing at 39½c.....FEED—Quoted: 40 lb, 85@90c; spring and winter, 60 lb, 80@80c; 80 lb, 80@85c; 100 lb, $1@$1 10; sharps, $1 20@$1 25; rye feed, 8@9c; cottonseed meal, $1 20@$1 22½; hominy choice, $1 10.

HAY AND STRAW—Inquiry for hay continues fair and the market has a steady support. Supplies are liberal. Straw barely steady with a slow demand. HAY—Carcy, 80@95c; choice to fancy, 75@80c; good to choice, 70@75c; shipping, 60c; clover and mixed, 60@70c.....STRAW—Long rye, 65@70c; short rye, 45@50c; oat, 35@40c; wheat, 25@40c.

HOPS—All outside accounts continue of an encouraging nature, and the local market has a very healthy look, though prices show no radical change. Some little demand noted from shippers and a moderate trade with brewers. State, 1891, choice, 20@21c; medium, 17@19c; common to good, 14@16c; 1890, choice, 16c; medium, 13@15c; old, 4@6c; Pacific Coast, 1891, choice, 20@21c; fair to prime, 15@19c; 1890, 12@16c, common to choice.

HIDES—The market is steady, but rather quiet, as naturally to be expected after a season of moderate activity. Sales have been effected of River Plate stocks at 13½c, which price represents the market for straight goods. City slaughter have sold at 6¾c.

LEATHER—Boot and shoe manufacturers are using moderate stocks of hemlock sole leather, but are opposed to handling large lines or anticipate the future. Prices are well maintained all along the line, yet no changes are reported.

METALS—The past few days have been remarkably free from important events in the iron and steel trade. No transactions whatever were mentioned in steel rails, but it is said that standard sections at the mill are held at $30 by the combination. Rather light sales are taking place in pig iron at about former rates on good brands, any changes, when made, being in buyers' favor. Northern pig iron quoted as follows: No. 1 Foundry, at $17@$18; and No. 2 X, at $15 50@$16 50, and $3 15 for grey forge. Southern grades range from $16@$18 at furnace, and Bessemer pig is quoted at $15@$15 50 at the mill; Scotch pig quiet at $20 for Eglington and $22 50 for Coltness.....COPPER—Values on lake are still somewhat nominal, it being evident that supplies more than exceed the current demand. Spot lots quoted at about 11⅛@11⅛c. Ordinary brands, nominally at 10¾c. No sales took place on the Metal Exchange.....TIN—The market was quoted steady, but was dull. On the Metal Exchange there were sales of 10 tons last half December, at 20.05c.....LEAD—Dull, $4 30.....SPELTER—Western quoted at 4.75@4.80c, easy.

MOLASSES—Had a light inquiry. Porto Rico quoted at 25@35c; New-Orleans, new crop, 33@38c.

NAVAL STORES—SPIRITS TURPENTINE—Suffered a decline of 5c, and trading continued dull. Quoted at 34½@35c.....ROSIN—Unchanged in price and quiet. Strained, $1 35; good strained, $1 40@$1 42½; E, $1 55; F, $1 65@$1 67½; G, $1 75; H, $1 85; I, $2 05; K, $2 20; M, $2 50; N, $3 25; W G, $3 65; W W, $4 10.

OILS—Cottonseed rules at steady prices. Sales, 150 bbls prime new crude, 25c, and 300 bbls off-grade yellow, 27½@28c. Others in light request. Cottonseed, crude, prime, 24½@25c; summer yellow, prime, 29½@30c; Cocoanut, Ceylon, 6c; do Cochin, 7c; linseed, raw, city, American seed, 37c; do Calcutta, 56c; do out-of-town, 35@36c; lard, prime, 53@54c; Cocoanut, Ceylon, 5⅞@6c; do Cochin, 6⅞@7½c; linseed raw city, American seed, 37c; do boiled, 40c; do Calcutta, 56c; do out-of-town, 33@36c; lard, prime, 53@54c; tallow, city, prime, 4¾c; Menhaden, crude, 30c; do light pressed, 30@37c; do bleached winter, 38c; do extra bleached winter, 38@40c; Sperm, crude, 70c; do natural spring, 66@68c; do bleached spring, 71@72c; do natural winter, 73@75c; do bleached winter, 78@80c; whale, crude, Southern, 45c; do do Northern, 50c; do natural spring, 55c; do bleached spring, 57@58c; do natural winter, 50c; do bleached winter, 58@59c; do extra bleached winter, 60c; red saponified, per lb, 5@5½c; red elaine, 36@40c; bank, 33c; straits, 34c; olive, Italian, 64@68c; Palm, 6c.

OCEAN FREIGHTS—Quietness has settled on the steam freight market quite severely, so far as grain is concerned. Of course rates via regular lines are nominal, the last engagements to Liverpool being at 5d. Agents are booking considerable bacon to above port at 35s, which indicates an advance on fast boats. About 400 head of cattle were booked on the steamer Michigan, sailing for London on December 5, at 40s.....PETROLEUM CHARTERS—Bark Mabel Taylor, hence to Hong Kong, 50,000 cases refined, 24c; German ship Otto (prior), hence to Marseilles, 8,000 bbls crude, 28 6d; Norwegian bark Florella (to arrive), to Cork for orders, 6,000 bbls refined or crude, 3s, if direct port, 3d less.....MISCELLANEOUS CHARTERS—British steamer Enfield, hence to London, general cargo; British bark Luarca, hence to Port Natal, general cargo; British steamer Rowdil, Galveston to Liverpool, cotton, 47s 6d; British steamer Joseph John, thence to do or Continent, 47s 6d; bark J.
