GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS.

Liquidation in wheat was resumed with vigor yesterday, and general losses were scored throughout the entire list. The cables were responsible for most of the depression. Liverpool was decidedly lower, owing to the Russian news. London was 3d per quarter lower, and Paris dropped 30@50 centimes on flour. Crop news from France was good, and it was reported that the latter country would increase its duties on the importation of flour. In addition to all this, the foreign element sold freely, and Chicago reported more or less unloading by outsiders. Cottrell's selling in the local market was another depressing factor, added to which was a falling off in the seaboard clearances. Closing advices from Liverpool were 3@3 1-2d lower in some instances. Speculation for the day aggregated 5,500,000 bushels, May options being the main feature. January opened at $1 and then broke to 99 1-4 cents. May started at $1 01 3-4 and fell to $1 00 11-16. The spot market was 1 1-2@1 3-4 cents lower, and fifteen loads were taken for export. Millers took three loads.

Corn weakened at the outset, when prices suffered a decline of 3-8@1-2 cent, due to the heaviness in wheat and lower cables. Subsequently the market assumed a stronger tone, and there was more or less covering on the poor grading, both here and at Chicago. January finally closed 3-8 cent up. Later months recovered 1-4@3-8 cent of the early loss. The cash market closed a trifle higher, after a weak opening. Shippers took twenty loads.

Oats were heavy and closed 1-4@1-2 cent lower on spot lots, which were freely offered, while the demand was moderate. Options declined 1-4@3-8 cent, with some little liquidation.

Lard broke 3@6 points on renewed selling at the West. There was nothing done for export.

The closing quotations were:

Wheat—January, 99 5-8 cents; February, $1 00 3-8; March, $1 01 1-2; May, $1 01 1-8; June, 99 1-2 cents; July, 98 cents.

Corn—January, 51 cents; February, 50 1-2 cents; March, 50 cents; May, 49 3-4 cents.

Oats—January, 36; February, 36 1-2; May, 37 1-8 cents.

Lard—January, $6 53; February, $6 55; March, $6 66; May, $6 77.

The receipts at New-York, Baltimore, Philadelphia and Boston were: Wheat, 129,213 bushels; corn, 511,828 bushels; oats, 105,688 bushels; total grain, 745,729 bushels; flour, 55,456 packages. The receipts at Chicago, Milwaukee and St. Louis were: Wheat, 108,952 bushels; corn, 310,343 bushels; oats, 141,714 bushels; total grain, 560,989 bushels; flour, 30,591 packages.

THE TRADE IN CHICAGO.

Chicago, Jan. 15 (Special).—Wheat dropped a cent and a half to-day, and closed a cent under last night. Liverpool was chiefly responsible for the "slump." Very heavy covering by Pardridge was about the only support the market had. May sold from 90¾ to 89⅝ cents, and closed at 90 cents. Pardridge is supposed to have covered about 2,000,000 bushels of wheat. The Western receipts were light still, only 399 cars at Minneapolis, Duluth and Chicago, and seaboard clearances in wheat and flour exceeded 600,000 bushels. It is still colder in the West, but milder weather is expected. There were repetitions of the rumor of Russia's rescinding the prohibitive measure; there were also rumors of France advancing its import duties. Corn was dull, at times easier in sympathy with wheat. May sold between 51¾ and 50¾ cents, and closed at 51 cents. Receipts showed some increase. There were 193 cars to-day; the estimate for Saturday was 200 cars. The chief support to the market was the large export clearances, 463,000 bushels today, with the prospect that the week's exports will reach almost 3,000,000 bushels. Oats followed corn. May sold between 31¼ and 30¾ cents, and closed at 31⅛ cents. The receipts were 116 cars; the estimate for Saturday, 142 cars. It was a weak day in provisions, with a good deal of liquidation going on. Wright & Bloom, large holders for a considerable time, liquidated. There was rather free selling by packers. The hogs reached 37,000 head; the estimate for Saturday was 28,000 head; the figures will make 275,000 head for the week, 35,000 head over the estimate made last Saturday. The Southern demand is disappointingly small, made so presumably by the low price of cotton. At night pork showed a decline from Thursday of 15½ cents; lard and ribs of 7½ cents.
