Dr. Pierce's Favorite Prescription.

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of KNOWN COMPOSITION, a full list of all its ingredients being printed, *in plain English*, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition; chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of women's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol *and that too in large quantities*. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, postpaid, and absolutely *free* if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed *in plain English* on every bottle-wrapper, that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are *free* for the asking.

If you suffer from periodical headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription.

MEAT INSPECTION HEARING CONCLUDED

CRUMPACKER, OF INDIANA, DECLARES BEVERIDGE AMENDMENT UNCONSTITUTIONAL.

Representative Western Cattlemen Want Quick Action By Congress—Missouri Congressman Introduces Resolution Calling On President to Make Public All Information.

Washington, June 11.—The house committee on agriculture has concluded the hearings that have been held on the meat inspection proposition, and the committee has begun the preparation of amendments to the Beveridge amendment to the agricultural appropriation bill.

A number of well-known western cattlemen appeared before the committee and urged speedy action.

The great question now before the committee is who shall bear the expense of inspection—the government or the packers.

Representative Crumpacker, of Indiana, appeared before the committee, and made a legal argument against the constitutionality of federal authority for meat inspection, and supported his statements by a decision from the courts. He contended that the entire Beveridge provision, in so far as it related to inspection, was unconstitutional. Congress he maintained, had no power to compel inspection in the packing houses, and could only enforce the inspection at the time the produce was offered for interstate transportation.

Mr. Cowan, attorney for the Texas Cattle Raisers' association, took issue with the position of Representative Crumpacker that the federal government had no right to interfere with the police powers of the states by making sanitary regulations. Mr. Cowan would have the law provide that no meat shall be allowed to enter interstate commerce unless it bears the label of inspection, and this label shall not be given unless the product is put up in accordance with the secretary of agriculture.

Several members of the committee at once assented that such a provision would be good law.

Thomas E. Wilson, of the Nelson Morris Co., representing the big Chicago packing houses, was before the committee.

"How badly has this agitation hurt you?" Representative Wadsworth asked.

"The results have been disastrous," he said. "The sale of fresh and manufactured products has been more than cut in two."

Mr. Neill Before Committee.

Mr. Neill, who made the joint report with Mr. Reynolds to the president, was also before the committee, and was subjected to severe examination by several congressmen. He said he was willing to stand by the report.

Wants Secrets Laid Bare.

Washington, June 12.—Representative Fulkerson, of Missouri, has introduced a resolution, calling on the president and secretary of agriculture to make public any and all information that they may secure from "the great army of meat inspectors employed by the government," or from any other source that will tend to credit or discredit the product of any plant where meat products are prepared.

AS MARK OF KING'S ESTEEM

King Edward Among the Guests At the Dinner and Reception Given By Ambassador Reid to Mr. and Mrs. Longworth at Dorchester House.

A NOTABLE LONDON EVENT

The Company Also Included Cabinet Ministers, Political Leaders of Both Parties, Diplomats and Persons of Prominence in All Walks of English Society.

London, June 12.—Tuesday night's entertainment of the representative of any foreign government attracted the attention of the social, diplomatic and political world that did the dinner and reception given by Ambassador and Mrs. Reid at Dorchester house, Tuesday evening, for Representative and Mrs. Nicholas Longworth, and at which King Edward, by his presence and attention to President Roosevelt's daughter, marked his esteem for the United States and the chief executive. Park lane, in the vicinity of Dorchester house, drew immense crowds as the carriages of distinguished guests passed through the fashionable thoroughfare to the residence which, since Mr. Reid took it a year ago, has welcomed the most famous Englishmen and visiting Americans and foreigners.

A Distinctive Gathering.

In many respects, however, the gathering Tuesday evening was distinctive, for besides King Edward, who was attended by Lord Granard, lord in waiting, and Capt. Colford, equerry, and Mr. and Mrs. Longworth, the company included cabinet ministers, political leaders of both parties, diplomats and persons of prominence in English society.

Alice Sat Beside the King.

Dinner was served in the main hall, which contains many valued paintings for which Dorchester house is famous and which no scheme of embellishment could improve. King Edward took out Mrs. Reid, and at the king's desire Mrs. Longworth was seated on the other side of him, thus taking precedence of the duchesses. Ambassador Reid escorted the duchess of Marlborough, with the duchess of Buccleuch on his left. There was less formality than at purely English functions attended by the king, who was technically for the time on American soil.

After-Dinner Reception.

Dinner over, King Edward received the members of the embassy staff, who did not attend the dinner. They were Craig W. Wadsworth, Grant Smith, Maj. John H. Beacon and Lieutenant-Commander John H. Gibbons, accompanied by Miss Gibbons and Miss Carter.

For the musical entertainment some hundred guests were invited, among them members of the diplomatic corps. The concert was almost as notable as the dinner, the programme being provided by vocalists, Mme. Eames, Mme. Kirkby Lunn, Signor Caruso and Signor Gilbert. Each of these sang two songs, and the programme concluded with a quartette from "Rigoletto."

A Garden Supper.

What had passed might have taxed the most versatile host, but supper was to follow. This was served at separate tables under a pavilion erected over the north garden, which was overlooked from a picturesque portico, a very pretty effect being produced. King Edward presided over one of the tables, at which there were 15 guests.

DESTRUCTIVE TORNADO IN PORTIONS OF MONTANA

Anaconda, Mont., June 13.—A tornado in Chouteau county, Montana, has destroyed an immense amount of property. It is reported that Fort Assiniboine is seriously damaged. The country is a stock-growing region and the loss is difficult to estimate. The damage reported reaches $100,000.

Havre, Mont., June 13.—At two o'clock Tuesday afternoon a heavy windstorm broke here, causing considerable damage and injuring three persons. The wind was accompanied by heavy rain and hail, the hailstones being of enormous size.

Almost every window in town was broken, the Great Northern shops and roundhouse especially suffering in this respect. Engines standing around the roundhouse had their headlights broken by the hail. Eight coaches were unroofed and a string of cars was blown off a siding. The roof of the two-story building occupied by the Havre Commercial Co. was blown away and one side of the building caved in.

Victims of Dynamite.

Roanoke, Va., June 13.—Four men were killed and seven more were badly injured by the explosion of dynamite on railroad construction work west of Roanoke, Tuesday.

Crematory For Condemned Meat.

Berlin, June 13.—The municipality of Berlin has decided to build a crematory for condemned meat at a cost of $200,000.

Small Farm for Chickens.

A man who lives on a four acre farm in an adjoining town is going to sell his hens and keep a few more chickens. He has a row which raises him several dollars every year. I think he has the right idea and should he go into the business right he can make more money than many men do on 160 acre farms.
