Options—Had another active day, and the market underwent frequent fluctuations. With a strong Liverpool cable and covering of "shorts" there was a very firm opening, and prices advanced 5@7 points. On the rise, however, the "long" side started selling and the situation became weak; and later in the session there was general unloading and considerable hammering by the "bears" owing to expected larger receipts at New-Orleans to-morrow. The result was a drop of 14@15 points, closing 7@11 points lower for the day. Sales, 166,200 bales.

FLOUR AND MEAL—FLOUR—Had a dull day, and the general market ruled heavy, with liberal offerings. About 1,500 sacks ungraded spring wheat sold at $2.75. Rye flour sold steadily. The jobbing movement presumably for Europe, accounts. The jobbing movement was confined exclusively to small lots. Sales, 20,200 bbls for export, including 1,300 bbls low extra at $3.30@$3.90; 2,400 bbls city mill, $3.25@$5.10 for the Weed Indies; 8,100 bbls Minnesota extra, $3.30@$5.30; 6,400 bbls winter wheat extra, $3.30@$5.20; 550 bbls superfine, $2.90@$3.50; 1,300 bbls fine, $2.60@$3.30. RYE FLOUR—Selling slowly at barely steady prices. Sales, 400 bbls superfine, $4.75@$5. BUCKWHEAT FLOUR—Steady at $1.70@$1.75 and fancy held higher.

CORNMEAL—Weaker. GRAIN—Weaker; quoted at 56@57c in bulk. WHEAT—Spot, and 53@55c in receipts on track. CORN—Spot, and 52@55c in receipts on track. OATMEAL—Dull; yellow Western quoted at $2.90@$3.25, and Brandywine at $3.25; sales, 475 bbls.

GRAIN—WHEAT—Higher prices prevailed during the early session to-day, and for the time being the bull element held full sway. With continued war reports growing out of the Chilian question, as published in press dispatches, and general expectations of a substantial decrease in the visible supply, the market opened 1@¾c higher, and thereafter made a further slight gain. Stronger private cables from Liverpool helped the buoyancy, and local "shorts" covered in a hurry way. May opened at $1.04, as against $1.02⅞ at the official close on Saturday last, and subsequently advanced to $1.04⅝. On the rise, however, the market was in part checked by "bears," and this, coupled with more or less selling by "bears" and "bulls," and with the seaboard clearances, served to check the upward tendency. Later in the session, when the visible figures were parted there was a rush to sell, and price suffered a sharp decline. May eventually dropped to $1.02 11-16 and March settled to $1.03⅝. Then came the President's message to Congress, on which the market quickly recovered, and final figures showed net gains of ⅜@⅝c for the day. Public cables came quiet and steady from Liverpool, while London cables a rise of 3d per qr. Paris closed 10@50c centimes lower on flour. English country markets were quoted 6d@5d per qr lower. Imports of grain for the week were 60,000 qrs to the United Kingdom and 62,000 qrs. to the Continent. The visible supply decreased 2,720,000 bush. Exports of flour for the week were equivalent to 2,740,000 bush last week. Local stocks in store decreased 2,211,970 bush. Arrival at interior points were 316,800 bush spring, and 122,182 bush winter, against 206,070 and 25,857 bush respectively a year ago. Sales of hard wheat for future delivery, 148,975 bush; clearances, 36,675 bush wheat and 31,000 pkgs flour. Foreigners evinced little interest in options, and the speculation generally was of a local professional character, less than 3,000,000 bush changing hands. Spot trading was very slow, with prices somewhat unsettled, closing steady as a general rule. Shippers were not active. Sales, 1,000,000 bush, including No. 2 red afloat at 90c; 50,000 bush, including No. 2 red afloat at 90¼c over May; No. 2 red f. o. b. afloat, ⅜c over May; No. 2 Northern spring on private terms, quoted at 3c@5c over May; No. 1 Northern spring at 2c over May, and under May; No. 1 Northern spring at 1c under May; Miller bought ungraded red within the range of 90@91c; 24,000 bush. Sales, 2,035,000 bush future, 80,000 bush spot, including No. 2 Northern spring at 90¼@90¾c; No. 1 Northern spring at $1.04⅜@1.06⅛; ungraded winter red at 95¼c@$1.08⅛; No. 2 red afloat, $1.01⅛@1.03⅛; do f. o. b., store, $1.03⅛@$1.05; do in store quoted at $1.02⅝@$1.02⅞. RYE—Dull, heavy and again lower. Quoted at 94@96c for the whole range; c. i. f. and 1 cent stock for distant delivery offered at 94c. BARLEY—Unchanged and quiet. Two-rowed State quoted at 63@66c; six-rowed do, 70@75c; No. 2 Milwaukee, 74@72c. CANADA PEAS—Nominal; quoted at 75c afloat. CORN—Opened steady with wheat, and May delivery advanced ⅛c, with some little covering of "shorts." Before noon, however, the market began to weaken, and the close showed a decline of ¼@⅜c. Local realizing and estimated larger receipts at Chicago for to-morrow had a depressing effect, added to which was an increase in the stocks in store. The subsequent break in wheat was another "bear" factor. The visible supply decrease had no influence whatever. Cables were stronger. On the spot there was a decline of ¼@⅜c, and trading was dull, only 48,000 bush taken for export. Clearances, 220,235 bush. Sales, 1,970,000 bush future, 73,000 bush spot, including ungraded mixed and white at 37½@55c; No 3 mixed, 46@46½c; steamer mixed, 47½@48c elevator, 48½c afloat; No 2 mixed, 48¾@48⅞c elevator, 49¼@50c afloat; steamer yellow, 48¾@48⅞c; yellow, 48¾c; No 2 January, 47½@48c, closing at 48⅛c; do February, 48¼@48⅜c, closing at 48⅞c; do March, 48⅝@48¾c, closing at 48⅞c; do April, 48⅞c, closing at 49⅛c; do May, 48¼@48⅜c, closing at 48⅝c; do June, closing at 48⅝c; do July, closing at 48⅝c. OATS—Developed decided weakness on a heavy pressure to sell, prompted by an increase of nearly 300,000 bush in stocks in store, and an augmentation of 135,818 bush in the visible supply. Options declined ⅜@1⅛c, and liquidation of "longs" was quite general. Spot lots broke ⅜@1c, and trading was more active. Clearances, 1,075 bush. Sales, 515,000 bush future, 208,000 bush spot, including No 2 mixed, at 34½c; No 3 white, 36@37½c elevator; No 2 mixed, 34¾@35½c elevator, 35¼@36½c afloat; No 2 white, 38@38½c elevator; clipped No 2 white, 38¼@38½c elevator; No 1 white, 39½c elevator; No 2 Chicago, 35⅞@36½c; ungraded mixed Western, 34@36½c; No 3 white, 39@42c. QUOTATIONS OF BEEVES.

Choice to Extra	$5 20@
Good to Prime	4 65@5 00
Fair to Good	4 40@ 4 65
Common to Medium	3 50@ 4 40
Oxen and Stags	2 00@ 4 65

Extreme range of prices	

Good to prime steers sold one year ago at $4 10@$5 25, and the average was estimated at $4 40.

BEEVES—Receipts for two days, 340 carloads, or 5,620 head—265 carloads consigned direct to slaughterers, including 140 carloads for Eastmans Company, 13 carloads for export alive, and 52 carloads for the market, the latter all at Jersey City, with the exception of two carloads. The offerings included very few good and prime cattle, and a large percentage of old cows, oxen and half-fat steers; and trade was sluggish at barely steady prices. The yards were about cleared, however, with the help of the exporter, who bought a number of carloads for shipment to dressed meat points.

Very common to prime Native steers sold at $3 50@$5 20 per 100 ℔; one carload, rather choice, do at $5 20; a two-car lots of Texans and common halfweeds at $3 35; stags and old oxen at $2@$4 65; bulls at $2 15@$2 60; dry cows at $1 60@$3 50.

City dressed beef partakes of the general dullness which characterizes the trade in all dressed meats. Quotations are 6@9c, with the bulk of the sales at 6½@8½c.

Cable advices from London and Liverpool quote refrigerated beef steady at 9½@10½c per ℔, and American sters selling at 11@12½c, estimated dead weight.

No shipments of live stock or fresh meat from this port to-day. The Tauric, in addition to the 700 cattle shipped by M. Goldsmith, also took 3,200 quarters of beef for Eastmans Company. The same firm will also send out to-morrow (Tuesday) 2,680 quarters of beef in the Wyoming.

Freights and insurance are unchanged.

The expert cow salesman in the employ of D. McPherson & Co., at Jersey City, can find customers any day in the week, and to-day, in addition to trading off 4 carloads of dry cows, Edward Fox sold one fresh cow (calf included) for $40. He never misses an opportunity to make a trade, whether it takes "two seconds" or two hours.
