New is the Time

To repair the injuries made upon the physical strength by the heatest force which has closed with September. The vitality that has been oozing through the pores in the form of perspiration, for the last three months, requires to be repaired, as a preparative to the cold season which makes such disastrous havoc with relaxed and untoned systems. The reserve of vigor with which the strongest man commences the Summer campaign is drained out of him at its close, and unless by some means he acquires a new stock of vital energy wherewith to encounter the shock of a colder season he may droop and wither like the falling leaves whose life juice is so exhausted. If it is thus with the strong, how much more pertinent is the condition of the weak and ailing. Their reason must suggest to them, more forcibly than these printed words, the necessity for INVIGORATION, and the world having decided, after an experience of almost a quarter of a century, that HOSTETTER'S STOMACH BITTERS embrace such restorative properties as are not possessed by any other tonic and alterative preparation in existence. The importance of exerting to that great RENOVATOR AND REGULATOR OF THE HUMAN MACHINE, at this critical season is as obvious as the light of day. Let all who desire to escape an attack of chills and fever, bilious remittent fever, dysentery, diarrhœa, dyspepsia, rheumatism, hypochondria, or any other of the diseases of which the Fall season is the prolific parent, have recourse promptly to this celebrated preventive and restorative.

Death of the Wife of the "Wickedest Man."

From the New York Tribune, Sept. 21.

Mrs. Mary Allen, wife of John Allen, known as "the Wickedest Man in New York," died of dropsy, at her home in Roosevelt street, on Saturday last. Her health had been declining for some time, owing to her habits of dissipation. The property where her family resided is valued at about $60,000, and is the fruit of John's nineteen years of labor in the dance-house business in Water street. The funeral took place at the residence yesterday at 2½ p. m.

A goodly number of people were present, for most of Mrs. Allen's old dance-house friends had come to take the last farewell of their old companion. Only five or six men were to be seen; all the rest were girls or women. Three Catholic priests had been in attendance up to the time of her death. The Rev. J. C. Arnold, formerly Superintendent of the Howard Mission, and an old friend of the Allen family was present. A large proportion of the mourners did not appear to manifest much grief for the loss of an old friend. Some of the men and women wore strange oaths while others talked and laughed as they had done so often on other occasions. The Wickedest Man took things coolly, and just before the corpse was removed he went out and got a drink. Many of the women walked up to the coffin, gazed a moment, then bent over and kissed the face of the dead three times. Little Chester, a boy of about eight years, seemed deeply affected, and he could scarcely believe that he was never to see his mother again in this life. The husband kissed his dead wife for the last time, and then said: "There is the best friend I ever had, and that is all I can do for her." As the coffin was being taken down stairs he remarked, "She is going to the grave feet first." The burial took place at Calvary Cemetery.

THE PRESS review of the New York Sun, which we print to-day, offers unusual attractions to rural subscribers. Next to his own local paper, which no intelligent citizen should fail to take, a first-class metropolitan journal is an indispensable visitor in every household. The Sun fills this want admirably. It is sprightly, interesting and instructive; and its price is merely nominal. Every subscriber is entitled to a selection of valuable plants and vines free, worth at retail the cost of subscription, while canvassers can make a small fortune in pushing it. We would especially commend the full paid up $1,000 Life Insurance premium as one of the most original and valuable propositions ever put forth in this manner.

CURE OF LESION OF THE LIVER.

A gentleman after a severe sickness had lesion of the liver. Every quick movement or sudden jar gave him severe pain, often laying him up for days. Hence he was unable to follow any occupation with regularity.

In this condition he applied over the part affected an ALLCOCK'S POROUS PLASTER. At first it seemed to irritate, so it was taken off. But the marked improvement he experienced afterwards gave him courage to try again, and he therefore applied another plaster. In a few days something gave way "slipped," to use the gentleman's own words. There was some soreness for a few days after, then his health was perfectly restored. REASONS WHY THE GREAT AMERICAN TEA CO.

31 & 33 Vesey St., New York,

Can Sell Teas Cheaper than any other House in this Country.

It is because they receive their Teas direct from the best Tea districts of China and Japan, and purchase them in larger amounts than any other establishment in this country, if not in the world. By the perfection of their business arrangements the Company are enabled to distribute their Teas to their immense trade all over the country at cargo prices, with but one small profit on their sales, which is the profit to which dividends are paid on the capital invested in the business. The consumer takes advantage of the following them to the consumer. The consumer takes saved from FIVE to EIGHT profits of middlemen, with an equal number of bills of expense on as many transfers which must take place in the usual routine of trade. For the information of our customers we will enumerate the several profits that the customer has formerly had to pay by the old routine. FIRST: The American Houses in China and Japan have several profits on their sales or shipments and rents of the richest retired merchants in this country have made their immense fortunes through their Houses in China. SECOND: The Buyer is made large profits upon the Teas he exchanges used in the purchase of Tea. THIRD: The Importer makes a profit of 20 to 50 per cent. in many cases. FOURTH: On its arrival here it was sold by the cargo, and the purchaser sold it to the Speculator in quantities of 1,000 to 2,000 packages, at an average profit of about 10 to 15 per cent. FIFTH: The Speculator sold it to the Wholesale Tea Dealer in lots at a profit of 10 to 15 per cent. SIXTH: The Wholesale Tea Dealer sold it to the Wholesale Grocer in lots to suit his trade, at a profit of about 10 per cent. SEVENTH: The Wholesale Grocer sold it to the Retail dealer at a profit of 10 to 15 per cent. EIGHTH: The Retailer sold it to the customer for all the profit he could get. We propose to do away with all these various profits and brokerages, cartages, storages, cooperages and waste, with the exception of a small commission paid for purchasing to our correspondents in China and Japan, one cartage, and a small profit to ourselves, which, on our large sales will amply pay us.

Parties getting their Teas from us may confidently rely upon getting them pure and fresh, as they come direct from the custom house stores to our warehouse.

In order to get up a club, let each person wishing to join say how many Tea or Coffee he wants, and select the kind and price from our Price List, as published in this paper or in our circulars. Write the names, kinds and amounts plainly on a list, and when the club is complete send it to us by mail, and we will put each party's goods in separate packages, and mark the name upon them, with the cost, so there need be no confusion in their distribution—each party getting exactly what he orders, and no more. The cost of transportation the members of the club can divide equitably among themselves.

The funds to pay for the goods ordered can be sent by drafts on New York, Post Office money orders, or by express, as may suit the convenience of the club. Or, if the amount ordered exceeds thirty dollars, we will, if desired, send the goods by Express to "collect on delivery."

BURNETT'S COCOAINE

For Promoting the Growth and Preserving the Beauty of

THE HUMAN HAIR.

The Inventors of COCOAINE—knowing that, when loss of hair occurs, it is generally from that part of the head where the greatest heat is necessarily generated, and that animal fats by their nature induce heat rather than alleviate it—turned their attention and pharmaceutical Science towards Vegetable Oils as the basis of a medicament to promote the growth and preserve the beauty of the hair. The Cream Cocoa, or

COCOA-NUT OIL,

presented itself most strongly as possessing many properties peculiarly adapted for the purpose. By a scientific selection of other ingredients, those which will chemically combine with the oil have been discovered, and they together have produced a topical compound, which is unquestionably pronounced to be the best that has yet appeared.

No Other Compound

possesses the peculiar properties which so exactly suit the various conditions of the human hair.

It softens the hair when harsh and dry.
It soothes the irritated scalp.
It affords the richest lustre.
It remains longest in effect.
It prevents the hair from falling off.
It promotes its healthy, vigorous growth.
It is not greasy or sticky.
It leaves no disagreeable odor.

Dandruff.

BOSTON, October 30, 1859.

MESSRS. JOSEPH BURNETT & CO.:—

Gentlemen,—My worst complaint for several years has been *Dandruff*. After brushing my hair, my coat collar would be covered with white scales.

I have used less than a bottle of your Cocoaine. The dandruff, and the irritation which caused it, have entirely disappeared, and my hair was never in better or more good condition.

Your obedient servant,
A. A. FULLER.

Baldness.

BOSTON, November 21, 1859.

MESSRS. JOSEPH BURNETT & CO., Boston:—

Gentlemen,—I have been bald seven years. After using one bottle of your Cocoaine, my bald pate is covered all over with young hair, about three-quarters of an inch long, which appears strong and healthy and determined to grow.

Very truly your obliged and obedient servant,
D. T. MERWIN.

Irritation of the Scalp.

WATERVILLE, Me., September 15, 1860.

MESSRS. JOSEPH BURNETT & CO.:—

Dear Sirs,—I have derived much benefit from the use of your Cocoaine. Twelve years ago I had the typhus fever; after my recovery I found myself troubled with an irritation of the scalp.

I purchased a bottle of the Cocoaine only for the purpose of a hair dressing, but to my surprise, it has entirely removed the irritation of so long standing. I have recommended it to several of my friends, who were afflicted in the same way, and it has wholly eradicated the disease.

JOSEPH HILL, Jr.

Loss of Hair.

BOSTON, July 19.

MESSRS. JOSEPH BURNETT & CO.:—

For many months my hair has been falling off, until I was fearful of losing it entirely. The skin upon my head became gradually more and more inflamed.

I commenced the use of your Cocoaine the last week in June. The first application allayed the itching and irritation; in three or four days the redness and tenderness disappeared, the hair ceased to fall, and I have now a thick growth of new hair.

Yours, very truly, SUSAN B. POPE.

Hair-Dressing.

The following note is from the well-known proprietor of Frank Leslie's Illustrated Newspapers and Magazines.

NEW YORK, September 22, 1869.

J. BURNETT, Esq.:—

Dear Sir,—For some time past I have been using your Cocoaine, and think it far preferable to anything I have ever used for the hair.

If my endorsement is of value, you are perfectly at liberty to use it. Respectfully yours,
FRANK LESLIE.

BANGOR, March 3, 1868.

JOSEPH BURNETT & CO.:—

Gentlemen,—Your Cocoaine is the only dressing for the hair used in my family for the last eight years. It stopped my wife's hair from coming out and increased its growth.

I am also under obligations to this same Cocoaine for saving my own hair, which was very fast coming out previous to using this valuable preparation.

J. C. MITCHELL,
Grocer, Bangor, Me.

A Remarkable Case.

EAST MIDDLEBORO', MASS., June 9, 1864.

MESSRS. BURNETT & CO.:—

My daughter has been afflicted with neuralgia in her head for three years. She has used during that time many powerful applications. These, with the intense heat caused by the pains, burned her hair so badly that in October, 1861, it all came off.

She was induced to try your Cocoaine, and the result was astonishing. She had not used half the contents of a bottle before her head was covered with a fine young hair. In four months the hair has grown several inches in length, very thick, soft, and fine, and of a darker color than formerly.

With respect,
WM. H. EDDY.

BURNETT'S COCOAINE is the BEST and CHEAPEST Hair-Dressing in the world. It promotes the GROWTH OF THE HAIR, and is entirely free from all irritating matter. The name and title thereof is entered as a Trade-Mark, to secure the public and proprietors against imposition by the introduction of spurious articles. All unauthorized use of this Trade-Mark will be promptly prosecuted.
