PRINCETON WAS DEFEATED.

GIANTS WIN WITH A SCORE OF 9 TO 1.

THE COLLEGE MEN PLAYED WELL, HOWEVER.

The only thing which favored baseball yesterday was the warmer weather. The other atmospheric conditions certainly did not. It was muggy, showery and threatening all the afternoon, yet 1,500 spectators went to the Polo Grounds to witness the game between the Princeton College and the New-York teams. Of course the college boys were beaten—that was expected—but they were far from disgraced. Princeton has a good team, and the tiger will yell victoriously this summer on many a battlefield.

The orange and black has a remarkably clever battery in L. Young and Brown, as good as either Yale or Harvard can put into the field this year. Princeton has some good batsmen, clever fielders and throwers, and, as usual, good base-runners. One of the few weak points is at first base, and while Otto may improve as a fielder, he is lamentably weak as a batsman. There is little chance of his learning how to bat, for that good quality is generally born in a player.

Brown is an excellent catcher, thrower and batsman, and Brokaw will not be missed nearly as much as was anticipated. Dana is missed at first base. King, the clever, curly-headed football player, is an excellent man at second base, and he will play that position even better than he did third last year. A. Young will make a good shortstop, but he is not a Murphy. The outfield, as a whole, is strong. Comments on the other pitchers and catchers would be superfluous, as L. Young and Brown will do all the important work. Trainer McMasters believes that his team has little to fear from either Harvard or Yale, and there is no shrewder trainer than the old Nassau hustler.

The usual snap and energy characterized the work of the collegians throughout the game. The Giants' hits and runs did not phase them them a particle. The boys play the kind of ball which ought to win in college company. L. Young pitched for four innings and then Vannorthwick went in for three. H. Young pitched the eighth inning and made a good impression.

The general work of the Giants could not well have been improved upon. The settlement of the Richardson controversy had an electrical effect upon Bassett, who played with more vigor than he has shown before this year. Boyle's superb catching, throwing and batting elicited frequent outbursts of applause. Buckley will not be missed. Rusie and King did the pitching, and New-York has a wonderfully clever pair of pitchers.

A drizzling rain was falling as the game started, with the Giants in the field and the orange and black at the bat. King, Princeton's clever football and baseball player, struck out, but Pitcher Young was more successful and hit safely past second base. Ramsdell hit safely to right field, advancing Young to third, and the baseball yell in all its oldtime fierceness was heard for the first time this year. Ramsdell started to steal second, and as Bassett muffed Boyle's throw L. Young crossed the plate with the first run of the game. The Giants were easily disposed of, and Princeton had the lead.

But for a bungling play in the second, which gave the Giants three runs, the orange and black might have held their advantage for some time. Lyons struck out, Bassett made a hit, and Fuller was put out. With two out, Boyle hit to right field for three bases. Bassett foolishly stopped at third, and the Princetons had both players caught at that base. Otto, however, made a wild throw to the plate, and both men scored on the error. Rusie hit safely, went to second on Ramsdell's wild throw, and scored on a hit by Gore, and Princeton brought up the rear by 1 to 3.

Then Van Northwick, an ex-Ann Arbor man, went in to pitch, and Princeton's troubles began. New-York got one run in the fifth on a base on balls, a stolen base and a hit by Ewing. In the sixth inning Van Northwick went to pieces and the New-Yorks scored four runs, on hits by Lyons, Bassett and King, a two-base hit by Boyle and a base on balls, making the score 8 to 1. A two-base hit by O'Rourke and Bassett's fourth single gave New-York another run in the seventh. This ended the run-making, leaving the score as follows:

AMONG THE ATHLETES.

The Amateur Athletic Union will institute a lacrosse championship, and a circular has been issued to clubs belonging to the A. A. U. to enter teams. The arrangements will be similar to the A. A. U. baseball championship. The entrance fee is $25 for each team. The right to reject any entry is reserved. Entries, which will not be accepted without the entrance fee, close May 1, to the chairman of the committee, W. B. Curtis, P. O. Box 938, New-York City.

W. B. Curtis, New-York, A. C.; Harry McMillan, Athletic Club of the Schuylkill Navy; Thornton Earle, Manhattan A. C., compose the committee.

The John Mitchels and the Irish-Americans will tussle with each other to-day in a game of Gaelic football. The scene of battle will be Wallace's Ridgewood Park. Hostilities will begin promptly at 3 p. m.

The Brooklyn Canoe Club has arranged the following programme for the coming season: May 14, sailing race for B. C. C. challenge cup; May 21, war canoe race, one mile, straightaway, crews of fifteen men each; May 28 to June 4, Delaware River cruise; June 14, tandem paddling, 1, decked canoes, double blades; 2, open canoes, single blades; June 25, sailing regatta, 1, juniors, one and one-half miles; 2, seniors, three miles; 3, canoe yawls, three miles; July 2, annual cruise and race for Pagan cruising trophy; July 9, ladies' day at clubhouse; July 16, handicap sailing race for special prize, presented by Joseph Rudd, jr.; swimming race, one-fourth of a mile; July 30, combined race, three miles, usual conditions; September 3, visiting cruise to Passaic River clubs; September 10, single paddling.

The St. George Athletic Club will hold its fourth annual games on May 28. As it seems probable that the rule regarding prizes will be changed at the meeting of the A. A. U. on April 30, the games committee have made arrangements to give gold 14-carat hunting-case watches as first prizes; other prizes will be announced later. Should the rule remain unchanged, hand-some gold, silver and bronze medals will be given. The contests will be as follows and are open to all amateurs: 75-yard run, handicap; 300-yard run, handicap; 600-yard run, handicap; 880-yard run, novice; one-mile run, handicap; one-mile walk, handicap; running broad jump, handicap; 220-yard hurdle, handicap.

Hudson; captain, Edward J. Muller, consul to L. A. W.; lieutenants, F. G. Baker and W. E. Blossfield, and color-bearer, A. Ciani.

PRIZES AT A CROSS-COUNTRY HANDICAP RUN.

The Columbia Athletic Club held its first annual cross-country handicap run yesterday afternoon over the well-known Fort George course. One hundred and thirty-three athletes entered their race, including several of the fastest runners in the country. The course was laid over a rough piece of country, the distance being about five miles. Handsome prizes were offered by the club to the winners, as follows: A gold hunting-case watch to first, a gold open-face watch to second, a silver watch to third, a nickel stop-watch to fourth, a silver medal to fifth, a gold medal to the man covering the course in the fastest actual time, and a silver medal to the first novice to finish. A silver cup was also offered to the club having the first six men to finish.

The officials of the run were Mortimer Bishop, Fresh Air Club, referee; G. Y. Gilbert, N. Y. A. C.; L. Morris, C. A. C.; J. Gray, Star A. C.; P. Burns, Star A. C.; E. C. Carter, N. Y. A. C.; T. Storey, P. H. and L. Friedhelm, Stuyvesant A. C., judges, and Mortimer Bishop, F. A. C., timer. There were nearly 100 starters and the limit men received 5 minutes and 45 seconds handicap from William D. Day, who was the scratch man. The first men in finished in the following order: P. Wollenschlager, C. A. C. (5 minutes), first, time 29 minutes and 25 seconds; A. Dunlap, X. A. C. (4 minutes 15 seconds), second, time 29 minutes and 51 seconds; T. J. O'Donnell, X. A. C. (3 minutes), third, time 29 minutes and 26 seconds; L. Liebgold, C. A. C. (4 minutes 25 seconds), fourth, time 30 minutes and 5 seconds, and T. T. Dufrane, P. A. C. (4 minutes 30 seconds), fifth, time 30 minutes and 31 seconds. J. P. Lloyd, N. Y. A. C. (2 minutes 45 seconds), who finished seventh, won the novice prize, and William D. Day, Iroquois A. C. (scratch), won the fast time prize, his actual time being 26 minutes and 18 seconds. He finished twenty-sixth. The team cup was awarded to the Columbia Athletic Club, six of whose runners finished as follows: First, fourth, ninth, eleventh, seventeenth and twenty-first.

It is said of the stakes that they are all well filled."

HE WAS TOO DEVOTED TO THE WIDOW.

George Creech, who on Thursday night split the skull of John Smith with an axe on board the canalboat Oliver A. Payne in South Cove, Jersey City, was captured in this city on Friday night, and yesterday morning was arraigned before Justice White at the Yorkville Police Court. Last summer Creech assisted Mrs. William F. Mann in the management of the boat, and became greatly devoted to her. John Smith, who was engaged as watchman of boats moored at the cove, became acquainted with the widow and frequently called upon Mrs. Mann on board of her canalboat, thereby arousing the jealousy of Creech. Last Thursday night, while Smith and a man named Babcock were in the cabin with Mrs. Mann, Creech boarded the boat. On seeing them he became furious, and ordered them to leave at once. They only laughed at him. He then climbed up the stairs and the hatch was closed on him. Creech then armed himself with an axe and almost cut the hatch into splinters.

The men believing it best to go up stairs and quiet Creech raised the hatch. Babcock went up first, and Smith was close behind. As Smith's head reached the level of the deck Creech struck him with the axe, knocking him back to the bottom of the steps. Creech then jumped off the boat and escaped. Smith was taken to the City Hospital, where it was believed that he would die from the wound.

Creech told Justice White that he was willing to go to Jersey City without requisition papers. He was then given over into the custody of New-Jersey detectives.

DR. TAYLOR MAY GO TO SCOTLAND.

Advices received from London state that it is probable that the Rev. Dr. William M. Taylor, pastor of the Broadway Tabernacle in this city, will be called to the presidency of the Scotch United Presbyterian College to succeed Dr. Cairns, whose death was announced about ten days ago. Dr. Taylor was stricken with paralysis the other day, but has steadily improved and yesterday he was reported to be out of any immediate danger. His family look for a speedy recovery. The Tribune reporter who called at the house of Dr. Taylor yesterday found that he had been approached some days ago on the matter of the presidency of the Scotch college, and, in fact, the place had been informally offered to him. The matter cannot be settled definitely until the meeting of the Scottish Synod, which is held in Edinburgh in May, but if Dr. Taylor's health warrants him in so doing he will undoubtedly accept this high place in the Presbyterian Church which Dr. Cairns filled so creditably.

HOME NEWS.

NEW-YORK CITY.

Robert E. Deyo, E. B. Ives and H. S. Cram have been appointed by Mayor Grant to lay out a roadway along the ridge at Fort Washington.

The Metropolitan Museum of Art is open free to the public from 2 until 5 p. m. to-day. It is also open free Wednesdays, Thursdays, Fridays and Saturdays from 10 a. m. until 5 p. m., and on Tuesday and Saturday evenings from 8 until 10 o'clock. The admission on Mondays and Tuesdays is 25 cents.

"A Daily Reader," Norwalk, Conn.—Pad-a-roff-sky.

"Correct."—The item under the heading "Recorded Real Estate Transfers" referring to the property on the east side of Lexington ave. south of Twenty-sixth st. was made to read incorrectly by the dropping out of the decimal point between the figures.

The Tribune yesterday received through J. A. Elder, Pattersonville, N. Y., the following for the Russian Famine Fund: $14 50 from "Pattersonville Grange," and $1 "from another source."

Mayor's Marshal Engelhardt has given notice that dog-owners may renew their annual licenses at any time before May 1. It will cost only $1 to renew a dog license up to May 1. After that date $2 will be demanded. As there are about 4,000 licenses to be renewed, there will probably be a rush on the last few days of the month.

At the last meeting of the regular Republican Association of the XIth Assembly District, Appraiser Marvelle W. Cooper was chosen as an alternate delegate to the State Convention. Mr. Cooper sent word yesterday to J. C. O'Conor, president of the district association, that he could not accept the nomination, his name having been used without his knowledge.

Three hundred and fifty-eight city licenses were issued by the Mayor's Marshal last week, for which he received $1,351 25 in fees.

The final performances of the magician De Kolta are being given at the Eden Musee. An American historical gallery, containing famous personages in wax, will soon be opened. Concerts by the Hungarian band will be given this afternoon and evening.

Water Register Riley's Croton water receipts for last week ran up to $55,106 92, nearly three times the sum collected during the previous week.

ORPHANS' DAY AT THE CIRCUS.

A FREE SHOW TO THE INMATES OF CHARITABLE INSTITUTIONS.

J. A. Bailey has again this year generously set aside a day for the free admission of the orphans and other inmates of the charitable institutions of the city to see the wonders of "The Greatest Show on Earth" and the spectacle of "Columbus and the Discovery of America." Tuesday afternoon, April 12, is the time set for this purpose, and it is to be hoped that all those who have the charge of orphans will avail themselves of this opportunity, which is given in response to numerous requests received during the past week. The only conditions imposed upon the superintendents of the institutions in the matter is that they, or some other properly qualified official, shall communicate with the management, in person, as soon as possible, stating the number of children they will fetch to the show and have seats assigned to them which will not interfere with those already sold to the public.

In view of the fact that many hundreds of people are turned away from the doors, unable to gain admission, and that the business is the largest ever done in Madison Square Garden, this offer of Mr. Bailey is a generous one. An idea of the enormous business done may be had from the fact that during the first week the doors were closed at 7:15 o'clock p. m. at five exhibitions, and last week at every night performance and at two matinees, all the seats having been sold. The aggregate number of visitors at each performance exceeded 7,000. A number of changes will be made in the programme for the week beginning to-morrow night, and new acts will be introduced.

A. Baldasano, the Consul-General for Spain in this city, has written a letter to Imre Kiralfy praising highly the production of the charming spectacle of Columbus, and expressing his decided opinion of the historical correctness of the handsome costumes and elaborate paraphernalia used therein.

THE COURTS.

HELD ON A CHARGE OF BIGAMY.

Judge Truax, in the Supreme Court, Chambers, yesterday reserved his decision on an application by James Taylor for his discharge. Taylor, who is also known as Frank Brown, was arrested on a charge of bigamy and was held by Police Justice Duffy to await the arrival of requisition papers from Boston. Taylor married Hattie S. Gwynne, of Boston, on December 10 last, and on November 21, it is charged, he married a Miss Coster, of this city. Taylor was represented by James McLaughlin and he made a number of technical objections to the papers on which Taylor was held. The motion was opposed by Assistant District-Attorney Washburn.

MR. HAIRE DEFENDS HIMSELF.

Robert J. Haire, the lawyer against whom charges were made before Judge Truax in the Supreme Court, Chambers, on Thursday, that he had retained $92 of money which had been given to him by Julian W. Shiffer to be paid to Shiffer's wife as alimony in a divorce suit, yesterday submitted affidavits to Judge Truax giving his side of the case. He declares that the case was put on the calendar on March 15, in spite of the fact that the lawyer who appeared against him had declared that it was not on the calendar. About the money, he declares that it was all paid to Mrs. Shiffer as soon after he received it as possible and that he has the receipts of Mrs. Shiffer to prove this assertion. Judge Truax took the case under advisement.

THE CHICAGO BOODLE INVESTIGATION ENDED.

Chicago, April 2.—The boodle investigation, which has caused such a stir among Chicago politicians, ended to-day. The final session was a stormy one. The Grand Jury voted not to rescind the indictment against Alderman Daniel O'Brien, one of the alleged boodlers, against whom the evidence is said to be flimsy. Six members of the Grand Jury favored rescinding, and voted for similar action in the cases of Aldermen Michaelson, Bowler, Gostin and Gorman, declaring that the accusations were based on mere hearsay. General Lieb, the foreman of the Grand Jury, violently assailed his dissenting associates, hinting that they, too, were corrupt. This was warmly resented, and for a time the session seemed likely to end in a rough and tumble fight.

Under the indictments only one of the ten suspected officials, Alderman William O'Brien, must necessarily go to the penitentiary if found guilty. The others, even if convicted, may escape with a fine.

FOR A STOCK EXCHANGE CLEARING-HOUSE.

The Stock Exchange special committee which was appointed to consider the expediency of establishing a clearing-house for Stock Exchange transactions made its report to the Board of Governors yesterday. The plan recommended by the committee presents the following features: There shall be daily deliveries, as at present; clearing shall be compulsory, unless otherwise agreed; clearing sheets shall be sent in to the clearing-house not later than 7 p. m. (4 p. m. on Saturdays); orders for delivery of balances shall be issued to members at 10 a. m.; the loan market shall be in the afternoon; the clearing-house shall not be intrusted with money or stocks. There will be no clearing on Saturdays.

It is expected that copies of the report will be in the hands of all members early this week. The report presents minutely all the details of the plan, and discusses at length the systems in use at Philadelphia and Boston and in Europe.
