THE BOONVILLE
FERRY COMPANY!

HAVING completed their HORSE BOAT, which for speed and finish is superior to any Boat of the kind on the river, are prepared to cross PASSENGERS, TEAMS, STOCK, and every description of Merchandise, without delay, and at *moderate Rates.*

The Ferry at this point has been inefficient and in bad repute for causes which were unavoidable. The Steam Boat owned by the Company was sunk at the wharf and a NEW HORSE BOAT, built expressly for Ferrying purposes was sunk on her trip up, and a total loss. Owing to these disasters it was impossible to afford the public that accommodation which was needed. Now there need be no cause of complaint.

As a convenient point of transit, BOONVILLE, situated near the Geographical centre of the State, has superior advantages to any other place on the Missouri. The accommodations on both sides of the river are excellent, and good pastoring in the vicinity of each for the convenience of DROVERS.

The Company solicit the patronage of the public, promising that no exertions will be spared in order to merit its continuance.

MEXICAN MUSTANG LINIMENT.

THE reputation of this preparation is increasing daily; the circle of its influence and unbounded popularity is deepening and widening; and the cases of pain, and suffering, and anguish, relieved by its uses are multiplying and increasing beyond all precedent. It goes like an angel, "with healing on its wings."

To persons who wish, we can furnish names and residences of persons all over the country, who have been cured of Rheumatism, Sprains, Bruises, and the most loathsome Sores; as well as Tumors, Cancers, and Wens—and of horses that have been cured of Spavins, Ringbones, Splint, Fistulas and Poll-evils, and hard, bony Tumors on the feet, legs, shoulders and back. Almost every farmer throughout the country can testify to its wonderful healing powers—and none of them would be a day without it. Owners of livery stables and stage companies can save hundreds of dollars yearly by using this Liniment on their horses whenever they become galled, chafed or crippled from any of the thousand accidents to which their stock is subject.
