Saturday, June 25—p. m.

By the operations of the New-York Sub-Treasury in the week ended last night the associated banks gained $494,508. The known movement of money was toward this centre, and conservative estimates of the net gain were from $2,000,000 to $3,000,000. The weekly bank statement published to-day shows a loss in cash of $4,205,400. The loss in specie probably reflects some of the exports of gold last week, as well as the average of the movement this week. The gain in legal-tender notes was less than the receipts from the country would justify, but this may be a correction of last Saturday's statement, which showed a larger increase than was called for. There was a shrinkage in loans of $1,333,100, and to-day's exhibit is unusually consistent in the decrease demanded in deposits. Taken altogether, the statement is probably a fair representation of the actual condition of the banks. The result of all the changes was a loss in surplus reserve of $2,911,775, but the banks still hold in excess of legal requirements $19,872,050, against $18,411,600 in the corresponding week, a year ago, $6,643,550 in the preceding year, and $1,592,225 in 1889.

The following are the comparative statements of June 18 and June 25:

	June 18.	June 25.	Differences.
Loans	$496,564,000	$495,230,900	Dec. $1,333,100

The Clearing House statement is as follows: For to-day—Exchanges, $95,701,367; balances, $4,960,674. For the week—Exchanges, $599,780,613; balances, $41,917,559.

WHAT WAS DONE IN STOCKS.

Light trading to-day resulted in general improvements simply because the short interest sought to buy back some stocks. The one feature of the market, outside of its dullness, was the entire absence of selling pressure and the ease with which prices advanced on any inquiry. The only stock which could be called at all active was Chicago, Burlington and Quincy, which is up 1 per cent, although an almost equally good gain was made in Delaware, Lackawanna and Western on trifling dealings. To illustrate the vagaries of a trading market, St. Paul closed a shade lower. The day's news consisted of excellent crop reports and good railroad earnings. The bank statement showed a smaller loss in reserves than had popularly been expected. The market closed quiet and firm.

THE DAY IN THE BOND MARKET.

Government bonds were strong and a small lot of coupon 4s was sold within 1-4 per cent of the last asking price. The final quotations, however, were unchanged as follows:

	Bid.	Asked.		Bid.	Asked.

State bonds were neglected and there were no sales of city bank stocks.

The general bond market was quiet but prices generally were higher. Detroit, Mackinaw and Marquette land grants showed an exceptional decline of 1 1-8 per cent at 42 3-8. Western Union collateral trust 5s were in unusual demand at a rise of 3-4 per cent to 106. Louisville, New-Albany and Chicago general mortgages gained the fraction at 74 1-2. The Richmond Terminal issues were fractionally better. Reference is made to our full report of bond sales.

Rates for call loans were nominal as usual on Saturdays, at 1 1-2@2 per cent.

The Sub-Treasury was debtor to the Clearing House $615,991.

THE WEEKLY TREASURY STATEMENT.

The receipts from customs reported at Washington to-day were $518,524; from internal revenue $899,900, and from miscellaneous sources $15,535. The Treasury received $267,113 National bank notes for redemption, and the receipts on this account for the week amounted to $1,369,680. To secure National bank circulation it holds $163,052,550 in these bonds:

Currency 6s	$11,000,000
Gold 5s	129,664,700
Four and a half per cents, extended at 2 per cent	21,787,850

Bonds deposited for circulation during the week, $262,000; bonds held to secure circulation withdrawn, none. National bank circulation outstanding—currency notes, $172,531,520; gold notes, $108,692; against which the Treasury holds $26,902,656 legal money for the redemption of surrendered circulation.

In London British consols were slightly lower at 96 7-16 for money and 96 1-2 for the account. Money in the open market was a shade firmer for discounts at 1 per cent, and unchanged for balances at 1-2 per cent. Bar silver was a shade firmer at 40 1-8d. an ounce. American railway shares were dull and generally lower. At Paris the Bourse was somewhat agitated, and French 3 per cents fell 40 centimes further to 98.55, but closed at a rally to 98.72 1-2. Sight exchanges on London declined 1 1-2 centimes to 25.18 1-2 francs to the £ sterling.

The New-York Belting and Packing Company, limited, will pay coupon No. 3, on their 6 per cent mortgage debenture bonds due July 1, on and after that date at the office of the Knickerbocker Trust Company.
