THE IRON LEAGUE CLAIMS A VICTORY.

A LARGE PROPORTION OF THE DISCHARGED MEN RETURN TO WORK.

The struggle between the Iron League and the Knights of Labor does not appear to be so serious as it was feared it would be when the members of the League discharged all the housesmiths employed by them on Saturday afternoon. When the men were discharged they were told that the non-union men would be re-employed yesterday morning and that union men, with the exception of the most prominent members, would be re-employed also upon resigning from the union. This plan was carried out yesterday. It resulted in a lockout of about 400 men. At the works of J. B. & J. M. Cornell, at Twenty-sixth-st. and Eleventh-ave., the union men were required to sign the following statement: "I hereby resign from the Housesmiths' Union." At the works of Post & McCord, in West Fifteenth-st., only four union men applied for work. About 150 men are employed there and all but these four said that they were non-union men. At the Jackson Architectural Iron Works and other large firms which belong to the Iron League the ratio of union men turned away was small. The employers are inclined to look upon the result yesterday as a decided victory for them.

J. M. Cornell said: "Everything is moving smoothly. The fight has been forced upon us by the Housesmiths' Union and we are obliged to take this step to protect ourselves. We have no grievance against the Housesmith's Union as a union. We do not want to persecute the union, but we do want to put a stop once for all to this constant annoyance due to the petty strikes and boycotts ordered by the union. If the men employed by us to-day try to form a new union we will not discharge them or try to dissuade them from forming a union."

The locked-out housesmiths met at 10 o'clock yesterday morning in Central Hall, No. 147 West Thirty-second-st. Henry A. Hicks, of Building Constructors' District Assembly No. 253, Knights of Labor, who will have charge of the fight for the building trades represented in District Assembly No. 253, was present. With a few other delegates he had started out on a tour of inspection of the buildings in course of erection in this city in which members of the Iron League are doing work. The buildings in which J. B. & J. M. Cornell have contracts for work will be attacked first. After looking over the situation at each of these buildings Mr. Hicks will order strikes of the building trades in all buildings where he considers such a step to be expedient. Thus the number of idle men will grow slowly and may not be as great as was predicted last week, although it is not improbable that from 10,000 to 15,000 men will be thrown out of employment during the coming week. All of these idle men will not be strikers, but will be obliged to stop work on account of the cessation of activity in building trades other than those in which they are employed. Mr. Hicks will probably order strikes on a dozen or more buildings this morning in which Mr. Cornell's firm is doing work.

In Brooklyn the fight will not be carried on, judged from present indications, with any great degree of vigor. The housesmiths there were locked out from only one shop, that of Carrere & Haas.

A PROMINENT MINING ENGINEER MURDERED.

San Francisco, June 27 (Special).—News is received of the death of Andrew Fraser, a well-known mining engineer, on June 13, while on the way from the Jesus Maria mining camp to the city of Chihuahua, Mexico. Fraser went to Mexico two months ago for the Risdon Iron Works, and started for the Jesus Maria district where he expected to sell mine machinery. Word now comes that Fraser was murdered by his guide at Guerrero, a stage station half way between Chihuahua and the Jesus Maria mines. Further particulars have been promised by mail and are daily expected, but an Oakland man named McKay, who met Fraser on the way to the Jesus Maria mines, said that on the return trip from the mines Fraser, who was following a trail on a mule, was killed by his guide, who expected to secure a large sum of money, but it seems that the murdered man had little money in his possession. The officials of the Risdon Iron Works have telegraphed to the Governor of Chihuahua and to several Americans living there, calling upon them to leave nothing undone which may lead to the detection and punishment of the murderer. Fraser was well known on the Comstock Lode, as he ran a foundry there for years.

INQUIRING INTO "BUNCO" O'BRIEN'S ESCAPE.

Albany, June 27 (Special).—The Albany Grand Jury, acting under directions from Judge Chute, to-day began an inquiry into the escape of Thomas O'Brien, the "bunco man," from officers in Utica. The Judge told the jury that no matter how high the persons implicated in the escape were, they must be made to answer. To-day the Grand Jury had before it Warden Thayer and Clerk Farnsworth, of Clinton Prison, to which O'Brien was taken on February 19 for felony. The witnesses were kept in the jury-room for several hours.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

The sale of National Transit Pipe Line certificates at the Stock Exchange yesterday was a little out of the ordinary in these days of slovenly inactivity in the crude petroleum market. Sales of 15,000 barrels were recorded at 52 3-8@52 1-4 cents. At the Consolidated Stock and Petroleum Exchange the dealings in National Transit certificates amounted to 5,000 barrels at 52 7-8@53 cents, a slight rise from the closing prices of last week.

Refined oil in barrels was unchanged at 6 cents, in bulk at 3.50, and in cases at 6.80; crude in barrels at 5.90, and in bulk at 2.80.

Foreign quotations were: Antwerp, 15 3-8 francs; Bremen, 5.70 marks; London, 4 7-8@5 pence.

Oil City, Penn., June 27.—National Transit Certificates opened at 52 5-8; highest, 53; lowest, 52 5-8; closed at 52 3-4. Sales, 16,000 bbls; clearances, 4,000 bbls; shipments, 77,021 bbls; runs, 103,519 bbls.

Pittsburg, Penn., June 25.—Petroleum, 52 5-8c; National Transit Certificates opened at 52 7-8; closed at 53; highest, 52 5-8.
