NEW YORK'S
Gas-Lit Life Illustrated.

The above is the title of a series of sketches of the shady side of life and character in the Great Metropolis, now being fully Illustrated from authentic sketches in the **National Police Gazette** of New York, which are realistic and faithful portraitures from real life. The illustrations are by the best artistic talent attainable, and the discriptions are from the pen of the most gifted journalist and brilliant writer in America, who it is conceded, has rivalled that master hand at word painting—Charles Dickens. It is sufficient to say that "New York's Gaslit Life" will present the most sticking, vivid and truthful pictures of the under-current of life in New York City that have ever been presented to the public. The National Police Gazette of New York, is for sale by all newsdealers, price 10 cent per copy, or it can be ordered direct from the publisher.

Subscription price, $4.00 per year. The National Police Gazette, of New York, has no connection with any other publication of its class, who for gain, as far as possible copy its titlie and appearance. CAUTION.—The public are cautioned against buying weak imitations of the National Police Gazette. In all cases see that the paper is dated from New York and has the publishers name printed on each copy.

Remittances should be made by post office order, draft on New York, or by registered letter, to RICHARD K. FOX Publisher, Cor. Spruce and William Sts. New York City.

THE WHITE IS KING

THE EASIEST SELLING; THE BEST SATISFYING

SEWING MACHINE

Its Introduction and World reputation was the death blow to high-priced machines.

☞ *THERE ARE NO SECOND-HAND WHITE MACHINES IN THE MARKET.*

This is a very important matter, as it is a well-known and undisputed fact that many of the so-called first class machines which are offered so now a-days are those that have been repossessed (that is, taken back from customers after use,) and rebuilt and put upon the market as new.

The White is the peer of any sewing machine now upon the market.

It is much larger than the family machines of the Singer, Howe, and Weed make.

It costs more to manufacture than either of the aforesaid machines.

Its construction is simple, positive and durable.

Its workmanship is unsurpassed.

Do not buy any other before trying
