Is The Title Good?

If you already own or are about to buy property in town or country you should obtain an abstract of the title to it. This would show what defects if any there are in the title. If you have not yet bought it may save you a loss. If you already own and there are any defects in it you will want to have these removed and if there are none it will reassure you. In any event an abstract of the title will facilitate a sale while the absence of one may prevent or delay it. We have abstracts of the title to property in town and country for sale at reasonable prices.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.
