"FAGGED-OUT" WOMEN

Will Find Help in This Letter.

Overworked, run down, "fagged out" women who feel as though they could hardly drag about, should profit by Mrs. Brill's experience.

She says: "I was in a very weak, run-down condition. Life was not worth living. I could not sleep, was very nervous, stomach bad, and was not able to work.

"I consulted with one or two physicians, without benefit. I read of Vinol helping some one in a similar condition so I began to take it, and it simply did wonders for me. I gained in weight and I am now in better health and stronger than ever. I can not find words enough to praise Vinol."—Mrs. W. H. Brill, Racine, Wis.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not we give back your money.

P. S.—For rough, scaly skin, try our Sano Salve. We guarantee it.

SUFFRAGE CAUSE LOSES IN SENATE ON CLOSE BALLOT.

Washington, March 23.—Woman suffrage advocates today lost their fight in the United States Senate for a resolution proposing an amendment to the ballot. The vote was thirty-five for the measure to thirty-four against it, a two-thirds affirmative vote being required for passage, and when it was over, suffragist leaders jubilantly pointed to the majority of one as conclusive proof that their cause had scored a triumph in defeat its opponents ever had been willing to concede.

To-day's action, following weeks of debate on the floor of the Senate during which many leaders in the suffrage movement pleaded for postponement of the final vote, marked the climax of a spirited campaign launched here the day before the inaguration of Prenident Wilson.

Immediately after the vote Senator Shafroth of Colorado sought to introduce a new resolution for a Constitutional amendment requiring each State to vote on granting suffrage to women on petition from 5 per cent of its voters. The Senate went into executive session before the Senator could get the floor, however, and the resolution will be offered later.

This resolution defeated to-day was the first introduced in the present Congress. It was presented by Senator Chamberlain of Oregon, and the Woman Suffrage Committee later authorized Senator Ashurst to report it favorably.

Though otherwise the vote virtually was nonpartisan, the Southern Senators, all Democrats, lined up almost solidly against the amendment. They contended it would complicates the negro question in the States. Of the Southerners, only Senators, Ransdell, Louisiana; Sheppard, Texas, and Lea, Tennessee, voted for the resolution.

Senator Vardaman led a movement among the friends of woman suffrage in the South to repeal the fifteenth amendment to the Constitution by which the States are prohibited from denying negroes the right to vote. With the negro question removed, he said, he favored the granting of suffrage to women. His proposal was defeated, 49 to 19, and a proposition by Senator Williams to give the ballot to white women only was defeated, 44 to 21.

AN ACRE IN FRUIT.

You may be surprised at the number of fruit plants you can place on an acre. You should not limit yourself to an acre but here is a list for that much ground:

14 plum trees set 15x15 feet.
28 peach trees set 15x15 feet.
14 Japan persimmon trees set 15x15 feet.
16 apple treees tset 26x20 feet.
16 pear trees set 26x20 feet.
20 fig bushes set 12x10 feet,
50 blackberries set 4x4 feet.
50 dewberries set 4x4 feet,
20 bunch grapes set 10x10 feet.
1,050 strawberry plants (5 rows) set 3 feet by 1 foot.

This is a total, all told, of 1,050 strawberries and 228 other plants and trees. No provision has been made for the pecans and Muscadine grapes. These should be provided for by using the pecans for shade trees, and the Muscadine grapes should have a place by themselves. This list may be changed or varied at will, omitting some and adding others to suit local conditions.—H. Hume, in Progressive Farmer.
