NOTICE

TO THE INHABITANTS OF NEW MEXICO.

The Surveyor General of New Mexico, by act of Congress approved on the 22d July, 1854, is required to make a full report on all such claims as originated before the cession of the Territory to the United States by the treaty of Guadalupe Hidalgo, of 1848, detailing the various grades of title, with his decision thereon, as to the validity or invalidity of each of the same, under the laws, usages, and customs of the country before its cession to the United States. And he is also required to make a report, as regard to all Public Lands in the Territory, showing the extent and locality of each; stating the number of inhabitants in the said Public respectively, and the nature of their titles to the land. Such report to be made according to the form which may be prescribed by the Secretary of the Interior; which report shall be laid before Congress for such action thereon as may be deemed just and proper, with a view to confirm bona fide grants and give full effect to the treaty of 1848, between the United States and Mexico.

Claimants, in every case, will be required to file a written notice, setting forth the name of "present claimant," name of "original claimant," nature of claim, whether inchoate or perfect, its date, from what authority the original title was derived, with a reference to the evidence of the power and authority under which the granting officer may have acted; quantity claimed, locality, notice and extent of conflicting claims, if any, with a reference to the documentary evidence and testimony relied upon to establish the claim, and to show transfer of right from the "original grantee" to "present claimant."

Every claimant will also be required to furnish an authenticated plat of survey, if a survey has been executed, or other evidence, showing the precise locality and extent of the exact claim.

To enable the Surveyor General to execute the duty thus imposed upon him by law, he has to request all those interested who claimed land in New Mexico before the cession of 1848, to produce the evidences of such claims at his office, at Santa Fe, as soon as possible.

ALEX. P. WILBAR
Surveyor General New Mexico.
