WHAT A PASTOR SEES AND HEARS

ITEMS OF PERSONAL INTEREST TO CHURCH PEOPLE.

The fortieth anniversary of the Young Men's Christian Association will be held on Monday evening in Association Hall. President E. B. Andrews of Brown University and the Rev. Dr. Wilton Merle-Smith, of this city, will speak. Cleveland H. Dodge is the president of the association, and R. R. McBurney the general secretary. The amount of good which this agency is doing for the young men of the city cannot be overestimated, but that it reaches all who need its help not even its most ardent friends will admit.

Bishop Potter's appointments for to-morrow include a service in the chapel at Vassar College, Poughkeepsie, in the morning; one at St. Luke's, Matteawan, in the afternoon, and a third at Emmanuel Church, in Harlem, in the evening.

Next Monday morning the Baptist ministers will take up the much-discussed downtown church problem. If the Pastor were a Baptist, he would say to these good brethren: "Dear brethren, the way to reach the masses is not by convention, nor yet by committee, but by coming where the people are whom you are desirous of reaching, either yourselves or through your people, and when you have taught them that you love your churches sufficiently to put thousands of dollars and a strong force of workers into each of them, you will begin to win them to Him whose servant you are. It is easier, dear brethren, to reach the people in convention and by committee than in the manner just suggested. But if it is not possible for the several denominations now considering the matter to save the people through the churches now in the field, it would seem wise for them to hold one general convention, where these resolutions could be submitted: Resolved (1), That we cannot reach the people downtown through the churches; (2) that we will try missions and chapels, having failed to reach them with the churches, into which we placed good men whom we backed liberally; (3) that we will now turn our attention to gathering in the rich, who will furnish the money for supporting the chapels and students to take the place of the churches which have gone uptown."

Those who are interested in "The Origin of Evil" will do well to listen to the sermon of Dr. Millard in the Washington Square Methodist Episcopal Church to-morrow evening. Many of the city pastors are so busy in trying to stem the progress of evil to-day that they have little time to trace its origin, interesting as that study may be.

The dedicatory services of the Judson Memorial Baptist Church will begin to-morrow and last through the following week, with week-night services. Among the preachers will be Dr. Lyman Abbott, of Plymouth Church (Congregational); Dr. C. H. Parkhurst and Dr. John Hall (Presbyterian); Dr. W. F. Rainsford (Protestant Episcopal), and Dr. H. C. Mabie, Dr. George Dana Boardman and the pastor, Dr. Edward Judson (Baptist). On Thursday evening Bishop Potter and Superintendent Baker, of St. Luke's Hospital, are among the speakers announced for a citizens' meeting. Dr. Judson is doing a fine work in Washington Square and the church which he has erected there will do far more to advance Christianity in the world and carry on the life-work of his Father than the most costly church could possibly do.

The Christian Home for Intemperate Men, at Madison-ave. and Eighty-sixth-st., of which the Rev. D. Stuart Dodge is president and Charles A. Bunting resident manager, makes an appeal for cast-off clothing, offering to send a messenger for any package when informed by card. Last year 250 free men were cared for at the Home, fully one-third receiving clothing, some being clothed throughout. At the Home the inmates receive Christian instruction, protection and shelter.

Last fall Dr. A. H. Bradford, of Montclair, preached a sermon before the annual meeting of the American Missionary Association in Hartford, which has just been published, and can be secured from the association at the Bible House. The topic is "The Kingdom and the World." Dr. Bradford considered "the place of individual in the kingdom of God," "the place of patriotism in the kingdom of God," and "the kingdom of God is for the world."

The Rev. D. Parker Morgan, of the Church of the Heavenly Rest (Protestant Episcopal), announced to his people the other day that the entire sum of $87,000, the amount of the mortgage on the church, has been subscribed. The twenty-fifth anniversary of the organization of the parish will occur on May 18.

Dr. J. E. Price, of the St. James Methodist Episcopal Church, in Harlem, has published in a leaflet the sermon printed in The Tribune recently on "The Wrong Man Arrested; or, Shifted Responsibility." Dr. Price is making a strong fight in his neighborhood in behalf of temperance and order.

MORE LIBERAL ORDERS FOR SPRING GOODS.

The business failures reported to R. G. Dun & Co., in the last seven days numbered 200 for the United States and 42 for Canada, a total of 332, compared with 340 in the previous week and 328 in the corresponding week of 1892. The weekly review summarizes the features of the business situation as follows:

"Severe weather appears to account in part for a somewhat general shrinkage in business, in many branches checking purchases and in others output or deliveries. Yet owing to the same influence, stocks of winter goods have been extensively cleared off, and resulting orders for spring goods have been more liberal. The volume of domestic trade continues larger than last year, but exports are decidedly smaller, from New-York in three weeks of January $8,592,861 below the same weeks last year. As imports are meanwhile very heavy, for two weeks of January $3,919,120 more than last year, the prospect of further gold exports causes no surprise. There is much hesitation regarding the action of Congress on various measures, and the uncertainty about the silver purchase repeal, the prospects of the Anti-Option bill and the defeat of the pooling amendment of the Inter-State Commerce act, all influenced markets and trades to some extent. There is also a somewhat general increase in complaints about collections, although money at nearly all markets is comparatively easy, and in supply adequate for legitimate demands."

NO OBVIOUS FRAUD IN MRS. MALONEY'S CASE.

The Civil Service Reform Association's Committee on Examinations, to which was referred the correspondence between Mrs. Lowell, Miss Collins and the Supervisory Board of the New-York Municipal Civil Service relative to the appointment of Mrs. Lizzie Maloney as a police matron, has reported the result of its investigations. After a thorough compulsion of the examination papers of the different candidates for the place, the committee reports that no evidence of obvious fraud has been found in the markings, and legal proceedings to obtain an injunction against the payment of salary to Mrs. Maloney are deemed inadvisable. The committee does not, however, wish it to be understood that its conclusion implies that the protest of Mrs. Lowell and Miss Collins is ill founded, and in its long report clearly shows that injustice may have been done to the other candidates, though "obvious fraud" cannot be proved. The committee is composed of C. W. Watson, A. R. Macdonough, Seth S. Terry, Alfred B. Mason and Charles W. Stover.

STANDARD OIL COOPERS STRIKE.

About 200 coopers employed by the Standard Oil Company at Bayonne, N. J., have struck. The men are dissatisfied because the company has ordered them to work for 85 cents apiece on barrels. They were formerly paid $2 50 a day and were satisfied. Now the men say they can not earn as much as when they were paid for the day's work. The coopers are all out but have been orderly. The company has considerable available stock on hand and is not likely to be embarrassed.

ILLNESS OF BRADLEY MARTIN, JR.

A cable dispatch was received by relatives of Bradley Martin a few days ago, saying that his son, Bradley Martin, jr., was critically ill with typhoid fever and at the point of death. Another dispatch was received yesterday saying that the young man was better, though not out of danger. Several prominent physicians were sent for to go from London to Ball Mc-Cann, where the Bradley Martins are still staying. It is expected that Mr. and Mrs. Bradley Martin will come to New-York in May, and that their daughter will be married here to the Earl of Craven.

THE SHAKESPEARE CLUB'S RECEPTION.

The Shakespeare Club of New-York City held its annual reception at the Hamilton Institute, in West Eighty-second-st., last evening. The early part of the evening was devoted to music, recitations and the reading of a paper on "Hamlet," by Mrs. Charles L. Guy. A luncheon was then served. There was dancing later. Among those present were Miss Isabel Buckingham, Mr. and Mrs. Morgan J. Goldsmith, Miss Lulu Carpenter, Dr. W. R. Davenport, Mrs. Frederick G. Smedley, Mr. and Mrs. Charles Harrington, R. Dutton, Mrs. N. A. Shaw, jr., Appleton Morgan, Mrs. A. E. Fish, Mr. and Mrs. Eugene Freyer, Miss Worstell, Mr. and Mrs. C. W. Deane, Mrs. C. J. Holman, R. A. Harrison, Joel Benton and Charles Reed.

A MIND-READER'S PROPOSED TEST.

From The Indianapolis Journal. Rockford (Ill.) dispatch.

Professor Andrew F. Seymour, of this city, a mind-reader, has begun preparations for a feat he proposes to accomplish next summer. He will on June 21 throw himself into a state of insensibility and will be buried. The grave is to be watched by a committee day and night while a crop of barley is sowed, ripened and harvested over it. Mr. Seymour will then be disinterred and will return to life. His feat, it is claimed, has been performed by the fakirs of India under conditions that prevented imposition, and Mr. Seymour says he has such control over his mind and nervous system that he is confident he can perform the act.

THE PETROLEUM MARKET.

NEWS FROM THE FIELD AND RANGE OF PRICES.

The output of the McDonald field continues to decline. The daily production has fallen to 15,500 barrels. Speculation in crude certificates yesterday, however, was neglected at both New-York Exchanges. Oil City quotations were 55¼ cents.

Refined petroleum was unchanged at 5.30 cents per gallon in barrels, 2.80 cents in bulk and 6.15 cents in cases. Foreign quotations were: Antwerp, 12⅞ francs; Bremen, 4.45 marks; London, 4s 2½d.

RECOLLECTIONS.

What a blessed thing is memory! How it brings up the pleasures of the past, and hides its unpleasantness! You recall your childhood days, do you not, and wish they would return? You remember the pleasant associations, while the unpleasant ones are forgotten. Perhaps a year ago a pale, sad face. It showed marks of pain, lines of care. It seemed to be looking into the hereafter, the unknown future. And then you recalled how it brightened, how it recovered its rosy hue, how it became a picture of happiness and joy. Do you remember these things? Many people do, and gladly tell how the health returned, how happiness came back, how the world seemed bright. They tell how they were once weak, nerveless, perhaps in pain, certainly unhappy. They tell of sleepless nights, restless days, untouched food, unstrung nerves. And then they tell how they became happy, healthy and strong once more. You have heard it often in the past, have you not? You have heard people describe how they were cured and kept in health? You certainly can remember what it is that has so helped people in America. If not, listen to what Mrs. Annie Jenness Miller, who is known universally as the great dress reformer, says: "Six years ago, when suffering from mental care and overwork, I received the most pronounced benefit from the use of that great medicine, Warner's Safe Cure." Ah, now you remember. Now you recall how many people you have heard say this same thing. Now you recollect how much you have heard of this great Cure. Now you are ready to admit that memory is usually pleasing, that the highest pleasure comes from perfect health, and that this great remedy has done more to produce and prolong health than any other discovery ever known in the entire history of the whole world.
