# THE MARKETS.

## WHOLESALE PRICES OF COUNTRY PRODUCE.

For the week ending January 24, 1893.

### BEANS AND PEAS.

Receipts for the week—Beans—2,096 bbls; peas, 14,850 bush. Exports—Beans, 1,256 pkgs; peas, 2,590 bbls. Imports, 2,330 bags beans. The market is in better shape on most kinds of domestic beans. Receipts are moderate and demand is improving somewhat. Our advanced quotations on marrow, medium and pea are well established by recent sales, and some especially fine lots are held higher. White kidney and turtle soup continue to sell slowly. More confidence is felt in red kidney and a little speculative buying has run the price of best goods up to $2 75 firm. California Lima moving fairly and values a shade stronger. Foreign beans quite active, fully 5,000 bags going West within a day or two. Green peas in moderate supply and firmer.

### BUTTER.

Receipts for the week, 32,314 pkgs. Exports for week, 1,289 pkgs. The strength of the market was fully tested on Wednesday and Thursday, when sellers forced the price of fancy fresh creamery to 35c, but it now looks as if the market had been strained beyond a point that can be held; indeed, there seemed to be a little loss of tone this morning, and before night sellers were offering to make concessions without attracting buyers. Supplies are coming forward pretty liberally, the weather is warmer and trade generally dull. The unsettled condition at the close makes it difficult to quote fancy creamery very reliably, but we do not consider the selling rate shade 34@34 1-2c, and medium to choice grades are offering as low as 30@33c. Western held creamery of fancy quality is scarce, and held up to 26c; most of the remaining stock is offering in range of 23@25c. Small lots of new State dairy tubs arrive and sell for 20c for fancy down to 23c for common wintry stock. Old dairy has only a light movement, but stocks are so reduced that holders are asking strong prices for desirable quality either in tubs or firkins. Imitation creamery and fresh factory are more plenty, slow and weaker.

### CHEESE.

Receipts for the week, 26,098 boxes; exports, 16,639 boxes. Exporters have kept up their interest in under-priced goods, say from 11c down to 7c, and have tried to do something in fancy stock, but found holders generally unwilling to sell except at very full prices, quite up to the best rates obtained from home trade. The movement on home account has been steady and fair, fully as good as anyone anticipated at this season of the year. All the conditions have seemed to favor a further advance, and the market looks as strong to-day at 12c as it did a week ago at 11 3-4c. Liverpool cables, 55s 6d@56s 6d.

### EGGS.

Receipts for the week, 356 bbls and 14,404 cases. The market has fallen heavily this week. Receipts have been much larger, both of fresh gathered and held eggs, and as all fears of a dearth of goods have been removed, dealers and retailers are reducing their purchases to the merest actual needs. Most of them have high priced stock on hand, and the market is in an unhealthy condition. Even the serious decline recorded has so far failed to awaken any speculative demand, and as the offerings in first hands are now far in excess of the demand, values must be considered as unsettled and largely nominal.

### FRUITS AND BERRIES—FRESH.

Apples are in moderate supply, fair demand and firm. A few fresh packed grapes meet a light demand at better prices, but the remains of previous accumulations are not all gone, and are offered very low. Cranberries steady. Medium and common grades of Florida oranges are urgently offered at weak prices; stock large and demand extremely dull. Very fancy fruit is relatively scarce and firmly held, but moves slowly.

### DRIED FRUITS.

Receipts for the week, 7,082 pkgs; exports for the week, 6,752 pkgs. Evaporated apples hold firm, but there is a quieter trade since the advance. Chops a little stronger. Cores and skins quiet. Considerable movement in sun-dried apples, especially coarse cut, and values are hardening. Southern peeled peaches in small supply and firmly held, though moving slowly. Raspberries and choice dry cherries have some call and favor the seller. Other small fruits slow. California fruits are having a fair jobbing demand at firm prices.

### HOPS.

Receipts for the week, 2,862 bales; exports, 2,500 bales; imports, 524 bales. The firmness displayed in the interior markets has reflected a strong feeling here. Business, however, has moved along rather slowly and the advance quoted has come under strong protest from the buying interests. Brewers' wants seem only moderate and exporters are buying but little stock here.

### POULTRY AND GAME.

Prices for live fowls were forced up to 15@15 1-2c immediately following our last report, but the wires were pulled hard, and so much express stock came in on Thursday and Friday that the market broke to 12 1-2@13c. Yesterday and to-day part of the decline was recovered, and the feeling at the close is firm at 14@14 1-2c. Chickens and old roosters are also doing better. Turkeys steady, with supply ample for present needs. Ducks and geese firm.

The market for dressed poultry continued very firm following our last report, and a little further advance was established on the best grades of chickens, fowls and turkeys. This week, however, trade has ruled dull, and with more liberal supplies and milder weather the tone has ruled a shade easier, the weakness being most marked on chickens and fowls.

Quail in fair supply and dull. Partridges more plenty, but prices well sustained. Grouse plenty and dull. Wild ducks unchanged. Rabbits in light supply and steady.

### POTATOES AND VEGETABLES.

Domestic potatoes are held firmly owing to high first cost; prime lots of Burbank and Hebron are now easily bought under $2 75. But the trade is largely supplied with foreign stock, which is in larger and increasing supply, and while choice lots of Scotch and English held firm, the domestic potatoes are slow sale above $2 50@$2 62 per 180 lbs. Sweet potatoes lower. Onions about steady. Norfolk kale very scarce, and though generally of poor quality, commands $1 75 per bbl. No spinach arriving. Florida beans scarce and wanted at better prices.
