THE BANK STATEMENT.

Saturday, January 28—p. m.

By the operations of the New-York Sub-Treasury in the week ended last night the associated banks gained $479,942. The weekly bank statement published to-day showed an average gain in cash of $2,817,700. Although the receipts of currency from the country were somewhat smaller in volume, they were more than sufficient to counteract the exports of gold. The shipments by to-day's steamers, of course, do not appear in the statement, but those made a week ago count for the full amount, while those made on Tuesday were too small to exert much effect. The expansion of loans by $8,105,800 was due largely to the activity in the Stock Exchange markets. The increase in deposits was smaller by over $2,000,000 than the other changes demanded, although there was an unusually large discrepancy in the same direction a week ago. The statement was hardly on rising averages, and the actual condition of the banks was probably somewhat poorer than the showing. The result of all the changes was a gain in the surplus reserve of $613,700, and the banks now hold in excess of legal requirements $23,143,300, against $36,020,900 in the corresponding week a year ago, and $23,943,125 in the preceding year.

The following are the comparative statements of January 21 and January 28:

	Jan. 21.	Jan. 28.	Differences.
Loans	$447,074,100	$455,179,900 Inc.	$8,105,800
Specie	84,627,700	85,280,100 Inc.	652,400
Legal-tenders	57,892,800	60,058,100 Inc.	2,165,300
Deposits	479,963,600	488,779,600 Inc.	8,816,000
Circulation	5,646,900	5,586,300 Dec.	60,600

The following shows the relations between the total reserve and the total deposits at the respective dates:

Specie	$84,627,700	$85,280,100 Inc.	$652,400
Legal-tenders	57,892,800	60,058,100 Inc.	2,165,300
Total reserve	$142,520,500	$145,338,200 Inc.	$2,817,700
Reserve required against deposits	119,990,900	122,191,900 Inc.	2,201,000
Surplus	$22,529,600	$23,143,300 Inc.	$613,700

The Clearing House statement was as follows: For to-day—Exchanges, $145,178,245; balances, $5,913,606. For last week—Exchanges, $859,217,128; balances, $37,036,031.

WHAT WAS DONE IN STOCKS.

The transactions even in Sugar Refining and Distilling and Cattle Feeding were surpassed by those in a new favorite from the ranks of the industrial shares. The common stock of the American Tobacco Company was forced into prominence, and in the first half hour the dealings in it amounted to over 75,000 shares, and in the two hours of business there were nearly 120,000 shares. The fluctuations were not large, and, although the stock closed at its highest point, its final gain was only 1-2 per cent. For the recent movement in Sugar Refining there was, at least, the excuse of an excessive short interest, and its defeat has been accomplished by the exercise of rare and masterful skill. It cannot be urged that the Tobacco stocks have been subjected to bearish attacks, and the extraordinary activity in the common to-day suggested an amateurish manipulation. It is highly probable that the purchases and sales dovetailed together with remarkable ease. Reducing Tobacco to full shares, Sugar Refining maintained the leadership. On continued buying for the short account the stock rose 4 per cent to the highest point ever reached, but it reacted with even greater celerity, and its first and last prices were the same. The late movement was explained in part by the return, in one lot, of 25,000 shares of borrowed stock. In spite of the active covering in the last two days, it may reasonably be doubted if the short interest has been expelled from the stock and a part of the selling toward the close was undoubtedly for the same account. In the loan crowd the stock still commanded a premium of 1-16@1-8 per cent. The third stock in point of activity was Distilling and Cattle Feeding, which wavered with a seeming uncertainty within a range of less than 2 per cent, but although it ended with a slight rally its final loss was only 5-8 per cent. The transactions in the three stocks named amounted to over 260,000 shares out of a total business of a little over 318,000 shares. The general market naturally was dull, while the movement of prices was irregular. Final variations were commonly small declines, but exceptions were not infrequent, and, as a rule, stocks which have an international market recorded small gains.

The business in Government bonds was limited to $1,000 registered 4s at 114 1-4. There was no change in quotations, which remained as follows:

	Bid.	Asked.		Bid.	Asked.
U.S. 4½s 1891 coupon	112	112¼	U.S. cur. 6s 1895	105	....
U.S. 4s 1907 reg.	113¾	114½	U.S. cur. 6s 1896	107½	....
U.S. 4s 1907 coup.	113¾	114½	U.S. cur. 6s 1897	110	....
Dis. Col. 3-65s 1894	113¾	....	U.S. cur. 6s 1898	112½	....
			U.S. cur. 6s 1899	115	....

Among State issues a small sale of Tennessee settlement 6s was made at 102 1-4. City bank stocks were wholly neglected.

The general bond market was quiet but firm, although small concessions were permitted in a few issues which have recently advanced. Atchison 4s closed 1-4 per cent higher at 82 1-2. Chicago and Northern Pacific firsts were comparatively active at 76 3-4@76 7-8. Philadelphia and Reading general 4s were in sharp demand up to 85, and at 84 7-8 closed with a gain of 1-2 per cent. Chicago and East Illinois general 5s were steady around 102. On the other hand, Chicago and Erie incomes yielded 1-2 per cent to 43 1-2 and St. Louis and Southwestern firsts 3-8 per cent to 66 1-2. Reference is made to our full report of bond sales.

Rates for call money at the Stock Exchange were nominal, as usual on Saturday, but a few loans were made at 2 per cent.

The Sub-Treasury was debtor to the Clearing House $705,237.

THE WEEKLY TREASURY STATEMENT.

The receipts from customs reported at Washington to-day were $742,716; from internal revenue $504,232, and from miscellaneous sources $31,892. The Treasury received $451,339 National bank notes for redemption, and the receipts on this account for the week amounted to $2,685,773. To secure National bank note circulation it holds $169,036,800 in these bonds:

Currency 6s	$11,808,000
Four per cents	134,978,150
Four and a half per cents, exten'd at 2 per cent	22,160,350

Bonds deposited for circulation during the week, $353,000; bonds held to secure circulation withdrawn, $72,500; National bank circulation outstanding—currency notes, $174,142,081; gold notes, $102,632; against which the Treasury holds $22,867,632 legal-tender money for the redemption of surrendered circulation.

In London British consols remained firm, but unchanged, at 98 5-16 for money and 98 3-8 for the account. The Bank of England gained £13,000 bullion on balance. In the open market money was a shade dearer at 1 1-8@1 1-4 per cent for discounts, and easy at 1-2 per cent for daily balances. Bar silver was dull, but 1-8 lower, at 38 7-16d. an ounce. American railway shares were inactive and drooping, but the final declines were so small that they were deprived of meaning. At Paris French
