TO BE IN CITY HALL PARK.

THAT POINT IS SETTLED, ANYHOW.

WHEN THE MUNICIPAL BUILDING IS FINISHED THERE WILL NOT BE MUCH PARK LEFT.

The new City Hall is to be built in City Hall Park, but nobody knows how many stories high it will be. Its front must be not less than 200 feet from the New-York Postoffice Building, its rear must be at least 50 feet from the County Courthouse, and its east and west elevations must stand on lines at least the same distance from Park Row and Broadway respectively. Within the space described the new municipal building is to rise. Its height is to be left to the architects, who are to provide the space necessary for the departments to be accommodated. The area required is not yet definitely known, so whether the structure is to be six or sixteen stories high is yet uncertain. There is a beautiful vagueness on this point in the report as adopted.

The advisory committee of architects, R. M. Hunt, Napoleon Le Brun and W. R. Ware, met Mayor Gilroy, Controller Myers, Surrogate Fitzgerald and County Clerk Purroy, of the Municipal Building Commission's sub-committee on plans, at the Mayor's office yesterday. Two hours were spent in private session, during which the report of the architects was discussed. A part only was adopted. The rest, which related to the space needed for each separate department, was laid over for another meeting, to be held later in the week. The majority of those who took part in the conference seemed to think that 120 feet was about the proper height for the building proper, and that six stories would answer the requirements for space, but the architects were left practically untrammelled. They are instructed to get up plans and specifications for a building about 350 feet long and 230 feet wide, and make it as high as the area of floor space wanted will require. They may decide to bring the exterior lines of the new building within the dimensions expressed: Front, 200 feet from the Federal Building; rear, 50 feet from the County Courthouse; the lateral elevations 50 feet from the curb-stones of Park Row and Broadway. No estimate of the cost was given out. Former estimates gave the approximate cost as $4,000,000 to $5,000,000. The disposition to be made of the present City Hall building has not so far been indicated. It is understood that Bryant Park is favored by a majority of the commission as the site for the building.

Minute directions were recommended by the advisory architects for the guidance of those ambitious to furnish competitive designs. The drawings must be sent to the Controller's office, in the Stewart Building, at 5 p. m. on July 1 next.

TO TEST THE QUESTION IN THE COURTS.

William H. Webb, the well-known ship-builder, who with O. B. Potter and Nathan S. Ely carried to a successful issue the suit to prevent the removal of the Forty-second-st. reservoir ten years ago, regrets exceedingly that the state of his health prevents him from taking an active part against the project to remove the City Hall and put an immense and unnecessary structure in its place. Mr. Webb writes from Augusta, Ga., where he is now staying under his physician's advice, that he cannot return to New-York until the month of April. In the mean time he is ready to be one of a public-spirited party of five or six citizens who will become plaintiffs in a suit against the Mayor and the new Municipal Building Commission to test the necessity for such procedure in the courts, and will gladly pay his share of the attendant expense. Mr. Webb's present address is the Hotel Bonitir, Augusta, Ga.

JUSTICE VOORHIS WANTS AN EXPLANATION.

Captain Price, of the Second precinct, appeared in Jefferson Market Court yesterday in answer to the request of Justice Voorhis to explain why he had not arraigned Florence F. Donovan recently before that magistrate, rather than before Justice Koch.

Captain Price told Justice Voorhis that he knew nothing whatever about Donovan until after 6 o'clock last Thursday night, when he received word that Donovan had surrendered himself. He had been told to take charge of the prisoner.

The explanation made by Captain Price was satisfactory to Justice Voorhis. The magistrate, however, is still anxious to hear what Justice Koch has to say.

WHERE IS FERNANDINA'S CITY CLERK?

Fernandina, Fla., Feb. 20 (Special).—John A. Edwards, the City Clerk, disappeared on February 2, and since then nothing has been heard from him, although detectives have been searching all over the State, and telegrams have been sent to every city in the country where he was known to have friends. His family are almost distracted, and fears are entertained for his sister's life. The City Council have investigated his accounts and find that, apparently, there has been no attempt to defraud the city, but there seems to have been a total lack of system in keeping accounts since last June. They found in one drawer money, checks and vouchers, in great confusion, amounting to about $1,000. Mr. Edwards has been extremely ill, and it is thought that it may have affected his mind to some extent, and that he has wandered off, believing he was short in his accounts. As far as can be learned, he has money enough to cover everything. Mr. Edwards is about sixty years old, and was universally respected and esteemed in this place.

GENERAL MARKET REPORT.

COFFEE—For spot Brazil growths the market ruled dull and was very largely nominal at 17¾@17⅞c for No. 7; sales, 1,000 bags No. 7, cost and freight, at 17c. The milder growths were also dull; sales, 500 bags Maricaibo and 300 bags Bucaramanga, on private terms. The speculative movement was light, and the market closed at a decline of 15@30 points as a result of disappointing Continental cables. The official Rio dispatch quoted First ordinary (10 kilos), 14 $200; good second (10 kilos), 13 $000; exchange, 13 5-16; receipts in Rio, 17,000 bags; Rio stock, 207,000 bags; Rio market, inactive; Rio shipments by steamer to United States during week, 30,000 bags; Rio shipments to Europe during week, 2,000 bags; Rio purchases for United States during week, 25,000 bags; Rio purchases for Europe during week, 8,000 bags; freight per steamer to United States, 35c and 5 per cent primage; steamers loading at Rio for United States, 3; good average Santos, 12 $200; receipts at Santos, 12,000 bags; Santos stock, 1,102,000 bags; Santos market, dull; Santos shipments for United States (per steamer), 62,000 bags; Santos shipments for Europe, 21,000 bags; Santos purchases for United States, 24,000 bags; Santos purchases for Europe, 14,000 bags; Santos freight, per steamer to Havre, 25 francs and 10 per cent primage; steamers loading at Santos for Europe, 2. Liverpool telegrams, 1 p. m.—Receipts, 6,000 bales, of which American, 4,000 bales; sales, 8,000 bales, of which for speculation and export, 1,000 bales; American, 7,000 bales. Spot market—Firm. Middling uplands, 5d.

The port receipts were 11,875 bales, comparing with 21,741 bales for the corresponding day last year. Since Sept. 1 the receipts have been 4,155,202 bales, against 5,884,400 bales during the corresponding period a year ago. The figures appended show the week's crop movement:

The option market opened at a special decline of 6 points on near, and of 8 points on late months. The weakness was in sympathy with lower Liverpool advices. Subsequently there was a sharp advance, due largely to large buying orders from New-Orleans, and final quotations indicate a net advance of 2@4 points on near and 4@7 points on late months. Sales, 200,700 bales.

FLOUR AND MEAL—FLOUR—The general market was lifeless and heavy. The sales footed up 16,000 bbls., including 2,000 bbls spring patents at $4 20@$4 40; 600 bbls winter straights, $3 60@$3 75, 600 bbls No 1 winter, $2 40@$2 75. Quotations: City mill patent, $4 50@$4 70; clear, $4@$4 10; fine, sacks and bbls, $1 80@$1 90; superfine, bbls, $2 20@$2 30; spring, bbls, No 2, $3@$3 15; No. 1, $3 60@$3 80; winter, bbls, fine, straight, $3@$3 15; patents, $4 20@$4 75; winter, bbls, fine, $2@$2 15; extra fine, $1 90@$2 10; No. 2, $2 40@$2 60; No. 1, $2 75@$3; clear, $3 15@$3 50; straight, $3 60@$3 75; patents, $3 60@$4 20. BUCKWHEAT FLOUR—Dull; prime to choice, $2 05@$2 15. BUCKWHEAT GRAIN—Dull; State and Canada quoted at 57c on spot in store. RYE FLOUR—Selling moderately; supplies light; $3 10@$3 35. CORNMEAL—In light demand. Brandywine, $2 90; Western and Southern, $2 80@$2 90.

GRAIN—WHEAT—The option market declined 5@6c at the opening on easier cables, weakness at the West and realizing by foreigners. Still, Southwestern and wire operators were quite active. A full reaction took place when the weekly visible supply statement, showing a decrease of 778,000 bush, was published, but another decline took place on the posting of a cable from Liverpool to the "Produce Exchange Reporter," claiming that the Argentine shipments during the past fortnight had been the highest on record, aggregating 2,200,000 bush, and that the total shipments of foreign breadstuff to Europe last week amounted to 6,150,000 bush. The market closed without net change for the day on some months and at a decline of 1@2c on others. The receipts at interior points were 451,800 bush spring and 59,000 bush winter wheat. At the seaboard the arrivals were 35,462 bush, making the total since July 1 exterior and seaboard, 546,194 bush. The clearances from the Atlantic seaboard were 142,678 bush on Saturday. The spot market was firmly held, though the demand continued light. Shippers took 16,000 bush, including No 2 hard winter at 1c under May, and No 2 red winter at 1½c under May. Sales, 2,110,000 bush, including No 2 red winter at 77c elevator, 78½c afloat, 78½@80½c f. o. b.; No 1 Northern spring, 84½c; No 2 do, 83c; No 1 hard, 87½@88c; No 2 February, closing at 77⅝c; do March, 77⅛@77½c, closing at 77⅝c; do May, 79⅝@80 3-16c, closing at 80⅛c; do July, 80⅝@81 3-16c, closing at 81⅛c. CORN—There was a decline of 8@1c in futures as a result of cable advices, weakness at the West and the unexpected increase of 350,000 bush in the visible supply statement. Subsequently the market showed a slight rally, but the market closed barely net lower for the day. Spot corn was scarce and firm. Shippers took 16,000 bush, including No 2 mixed at 53½c delivered, and steamer mixed at 52½c delivered. Sales, 825,000 bush futures, 35,000 bush spot, including No 2 mixed at 52½c, elevator; 53½c delivered, No 3 mixed, 49¾@50½c; steamer do, 51¾@52½c. No 2 February, 51⅞c, closing at 51⅞c; do March, 51⅝@51¾c, closing at 51⅝c; do May, 50⅞@50⅞c, closing at 50⅞c; do July, 50⅞@51c, closing at 51c. OATS—Futures were dull and easy, but otherwise featureless. Spot oats were moderately active and steady. Sales, 40,000 bush future, 13,000 bush spot, including No 2 white, 40¼@40½c; No 3 do, 39¾@40c; No 2, 37⅞@37⅞c; No 3, 37c; No 2 Chicago, 38½c delivered; upgraded Western mixed, 37½@39½c; do white, 39@41c. Good to prime steers sold our year ago at $4 60@$4 95, the average price was estimated at $4 45.

BEEVES—Receipts for two days, 22 cars, or 3,580 head—127 cars reserved for direct slaughterers, 45 cars for export alive to Great Britain, and 40 cars for the market, making, with the few cars held over Saturday, 45 cars to be sold. The market opened firm and 10c higher, but on the receipt of Chicago advices, followed by 21,000 cattle there, the feeling weakened, and the finish was as dull with the advance lost as the first. Most fair carloads were to sell at a top bound price, 1 car of coarse Colorados sold at $4 95@$4 97½ per lb, 3 Colorado steers, 1,000 lbs, at $4 50@$5 00, 3 head choice, at $5 70, oxen and stags at $2 50@$4 70, bulls at $2 75@$4, cows at $1 75@$4 30. City dressed native beef quiet at 7½@8c for ordinary to prime. No later cable advices. No shipments of live stock, or fresh meat from this port to-day. To-morrow the Nomadic will be laden with 700 cattle and 2,052 quarters of beef, but may not sail before Wednesday.

Louis Rosenstein, of Chicago, was at the Jersey City yards to-day, having shipped 3 cars of cattle to make his trip one of business and pleasure. He looks well and hearty, and thinks it will be some years before Jersey City will knock out Chicago at the present rate of business.
