GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS.

The sales of wheat futures on the Produce Exchange yesterday amounted to 2,125,000 bushels and the business was largely the result of "switching" March contracts to May and July and May contracts to July. Early prices indicated a decline of ⅜ cent in sympathy with easier cables and with selling on local and Western account. The foreign element then turned buyers and a reaction set in, though the market finally closed at a loss of ¼ cent for the day. March options sold at 77⅞@77⅞c; May at 80⅛@⅜c and July at 81⅛@81⅝ cents. Spot wheat ruled fairly active on export account, holders having shaded their views to the limits of shippers, who took 96,000 bushels.

Corn was dull in the speculative line, the sales amounting to only 600,000 bushels. Opening prices indicated a decline of ⅛@¼ cent in sympathy with wheat and the West and after a reaction of ¼@½ cent the market closed dull and firm. Spot corn ruled firm with a fair demand for export.

Oats continued neglected in the market for futures, the sales in this direction amounting to only 145,000 bushels, while final quotations indicated an advance of ⅛ cent for the day. Spot lots were firm and closed ⅛@¼ cent higher on a fairly active market.

The final quotations were as follows:

Wheat—February, 77½; March, 77¾; May, 80⅛; July, 81⅝ cents.

Corn—February, 52¾; March, 52¾; April, 51¾; May, 50⅞; July, 51 cents.

Oats—February, 37⅞; March, 37⅞; May, 37⅞ cents.

Lard—March, $12.95; May, $12.95; July, $12.10.

The receipts of grain and flour reported yesterday at New-York, Philadelphia, Baltimore and Boston were as follows: Wheat, 39,751 bushels; corn, 149,936 bushels; oats, 90,149 bushels; total grain, 289,856 bushels; flour, 44,371 packages. At Chicago, Milwaukee and St. Louis the arrivals were: Wheat, 254,550 bushels; corn, 399,095 bushels; oats, 320,662 bushels; total grain, 975,247 bushels; flour, 23,777 barrels.

THE TRADE IN CHICAGO.

Chicago, Feb. 24 (Special).—Wheat for May did not sell under 76⅞c, nor above 77⅛c; it closed at 77 cents. The best prices were made on the news that Hatch has been defeated again in an effort to bring his bill up in Congress. The much-talked-of bull interest bought May wheat under 77 cents; it sold at 77¼ cents. The bull programme seems to be to prevent any advance until there is something to help an advance along, or until an advance is absolutely necessary. The bull crowd expects to get some help by the defeat of the Hatch bill. It expects to get more help from the government report March 10 on firm reserves. It expects to get more help from crop scares through March. To-day's receipts were 292 cars in the estimate for Saturday, 105. The Northwest had 313 cars, against 702 same day last year. Corn was steadied by covering by shorts. May sold between 43⅝@43¾c, and closed at 43⅝c. Cables showed a little advance. Receipts here were 422 cars, the estimate for Saturday, 295. Oats, recently the best seller, was today the best buyer. Cash was weak, made so by the railroad blockade between here and New-England, which prevents business. Oats were steady in sympathy with corn. May sold between 32⅝@32⅞c and closed at 32⅞c. Provisions were very weak, particularly for left-end futures. May pork, which closed Thursday at $19.07, sold at $18.22, and closed at $18.25; May lard, which closed at $12.82½, and closed at $12.50; May ribs, which closed Thursday at $12.80 sold at $12.50 and closed at $12.60; September lard showed still more decline. Ribs for May sold from $10.10 to $9.92 and closed at $9.92. Buyers started the decline. Stop orders completed it. The concern Schwartz-Dupee sold 25,000 barrels of pork. The prospect of a railroad strike is hurting prices. The Wall-street situation was not without its effect. Flax was weak. May sold from $1.20½ to $1.20, to-day at the bottom.
